Women in Apprenticeship and Nontraditional Occupations (WANTO) Technical
Assistance (TA) Grant Program Justification

Supplemental Supporting Statement A: Justification

The U.S. Department of Labor, Women's Bureau (WB), and Employment and Training Administration (ETA) will announce the availability of approximately \$1.5 million in grant funds (pursuant to a reprogramming) authorized by the Women in Apprenticeship and Nontraditional Occupations (WANTO) Act of 1992, Pub. L. 102-530, 29 U.S.C. 2501 et seq. The DOL plans to disburse Fiscal Year (FY) 2019 WANTO grant funds to up to six (6) community-based organization (CBO) grantees within the range of \$250,000 to \$500,000 for a 1-year grant period to provide technical assistance to employers and labor unions to encourage employment of women in apprenticeable occupations and nontraditional occupations, as defined in this solicitation.

Assurances of confidentiality:

These grant solicitations do not offer applicants assurances of confidentiality.

Burden:

Based on past experience, the DOL expects to receive approximately 45 applications. The ETA estimates public reporting burden for the information collection to average 20 hours per response

for reviewing instructions, searching existing data sources, gathering and maintaining needed data, and completing and reviewing the collection of information.

45 applications x 20 hours = 900 hours.

The DOL has increased the October 2013 average hourly earnings in the professional and business services industry of \$30.38 by 40 percent (total \$42.53) to monetize this burden. See *The Employment Situation—December 2013*, DOL, Bureau of Labor Statistics, http://www.bls.gov/news.release/archives/empst_01102014.pdf at 35.

900 hours x \$42.53 = \$38,277.

The DOL associates no other burden costs with this information collection. In addition to the application, each grantee will be required to submit quarterly financial, performance, and narrative reports to the WB. Those information collection requirements will be cleared under a separate control number.

Total burden: 45 respondents, 45 responses, 900 hours, \$0 other cost burden.
