INTRODUCTION

The U.S. Department of Labor has funded two organizations, Westat and MDRC, to conduct a survey of people who applied for training through the [NAME OF PROGRAM] program at [NAME OF GRANTEE]. The survey covers several topics, including education and training, employment, earnings, barriers to employment, use of services, and overall well-being. Most of the questions we ask refer to a specific date. This is the date you applied to the [NAME OF PROGRAM] program. You may remember that you applied to the [NAME OF PROGRAM] program about one year and a half ago. You may have received a letter recently which explained the study to you.

The survey is short and should take around 30 minutes to complete. If you complete the survey before [DATE] we will send you a Visa gift card worth \$50. After [DATE], we will send you a \$40 Visa gift card if you complete the survey. The card can be used anywhere that a credit or debit card can be used.

Your opinions and experiences are extremely important, even if you were not selected to be in the program. Individual responses will be kept private. Responses to this data collection will be used only for the purposes of the study. The reports prepared from this survey will summarize findings across all study participants and individual responses will not be available to anyone outside the study team, except as required by law.

If you have any questions, please contact Westat at 1-855-210-4396 or TechHireSWFI@westat.com.

Frequency Asked Questions and Answers

What is the [TechHire/SWFI] Study?

The [TechHire/SWFI] study is a study to learn how and whether [TechHire/SWFI] helps people get the training and skills needed for well-paying jobs. The study will compare the experiences of people who receive the training and support services with those who do not. This will help us learn more about how to make these kinds of services more effective. The U.S. Department of Labor is paying for the study. The study is run by Westat and MDRC. You can learn more about Westat by visiting our website at www.westat.com.

What is my role in the study?

By participating in the study, you will provide important information that will help create better programs for other people like you. The study offers you the opportunity to share your experiences and opinions in two surveys over a two-year period. In each survey, we will ask questions about your job experiences, education and training activities, use of community services, and some questions about your household. All your personal information will be kept private and we will never use names in a public report.

Do I get anything for completing the survey?

You will receive a debit card worth \$50 or \$40 as a thank you for completing the survey.

What if I'm not participating in the program right now (or have never participated)?

Even if you aren't participating in the program now (or never did), you are still a very important part of the study. We want to know how you're doing so we can learn how to support better programs for people like you.

Will my answers be kept private?

Yes. All of the information we collect in the survey will be kept private to the extent permitted by federal law and will be used for research purposes only. Your answers will be combined with those of others and your name will never be used in reporting the results of the study. Your answers to questions will not affect your eligibility for any public program.

How do I contact you?

Our toll-free phone number is 1-855-210-4396 .There is no cost for calling this number. You can also send us an e-mail at TechHireSWFI@westat.com.
