

Cascades Job Corps College and Career Academy Research Study
Baseline Information Form

Dear Participant,

Welcome! This form gathers information about you and your family. Your answers to these questions will not affect your chances of getting into the Cascades Job Corps College and Career Academy. The information will be used for research purposes only and will be kept private to the extent allowed by law.

Thank you very much for helping us with this important study.

Notes for OMB Review: Text in italics is instructions for participants. Yellow text boxes indicate sources for questions. Study participants will not see these yellow boxes. They will be visible only to instrument reviewers.

The main item sources are:

- The Baseline Information Form for the National Guard Youth Challenge Job Challenge Evaluation, conducted by Mathematica Policy Research for the Department of Labor (DOL) (OMB No. 1291-0008).
- The Baseline Information Form for the Ready to Work (RTW) Evaluation, conducted by Abt Associates for DOL (OMB No. 1205-0507).
- The Baseline Survey for the National Evaluation of Youth Corps, developed by Abt Associates for CNCS (OMB No. 3045-0119).

- New questions are identified as such.

An asterisk () denotes the set of questions that we anticipate will be auto-filled into the Participant Data System from data collected in the Job Corps Management Information System (MIS). For that reason, the burden estimate in Statement A assumes that participants will not fill out these 12 questions as part of the Baseline Information Form.*
