

SUPPORTING STATEMENT
Internal Revenue Service
(Form 8582-CR)
OMB# 1545-1034

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Section 469 limits passive activity credits that a taxpayer may use to offset tax. Passive activity credits are allowed only to the extent of the tax attributable to net passive income plus the tax attributable to the \$25,000 allowance for rental real estate reduced by any amount allowable under the passive activity loss rules, and 10% of any remaining passive activity credits if the activity was acquired before 10/23/86. Form 8582-CR is used to figure the passive activity credit allowed and the actual credits to be reported on the tax return.

2. USE OF DATA

The IRS uses Form 8582-CR to verify the credit allowed under the passive activity rules.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

Electronic filing of Form 8582-CR is currently available.

4. EFFORTS TO IDENTIFY DUPLICATION

The information obtained through this collection is unique and is not already available for use or adaptation from another source.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

The collection of information requirement will not have a significant economic impact on a substantial number of small entities because the information collection is applicable to individuals, estates and trusts per IRC section 469.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

Consequences of less frequent collection on federal programs or policy activities could consist of a decrease in the amount of taxes collected by the Service, inaccurate and untimely filing of tax returns, and an increase in tax violations.

7. SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(d)(2)

There are no special circumstances requiring data collection to be inconsistent with guidelines in 5 CFR 1320.5(d)(2).

8. **CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS**

In response to the **Federal Register** notice (84 FR 6197), dated February 26, 2019, we received no comments during the comment period regarding Form 8582-CR.

9. **EXPLANATION OF DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS**

No payment or gift has been provided to any respondents.

10. **ASSURANCE OF CONFIDENTIALITY OF RESPONSES**

Generally, tax returns and tax return information are confidential as required by 26 USC 6103.

11. **JUSTIFICATION OF SENSITIVE QUESTIONS**

A privacy impact assessment (PIA) has been conducted for information collected under this request as part of the “Individual Master File (IMF)” system and a Privacy Act System of Records notice (SORN) has been issued for this system under IRS 24.030-CADE Individual Master File and IRS 34.037 IRS Audit Trail and Security Records System. The Internal Revenue Service PIAs can be found at <http://www.irs.gov/uac/Privacy-Impact-Assessments-PIA>

Title 26 USC 6109 requires inclusion of identifying numbers in returns, statements, or other documents for securing proper identification of persons required to make such returns, statements, or documents and is the authority for social security numbers (SSNs) in IRS systems.

12. **ESTIMATED BURDEN OF INFORMATION COLLECTION**

Form 8582-CR is used by 300,000 respondents to figure the passive activity credit allowed and the actual credits to be reported on the tax return. To complete the Form 8582-CR the 300,000 respondents will complete the Parts or worksheets applicable to their tax situation. The table below should be read as;

- Part 1 Passive Activity Credits – Approximately 300,000 respondents of the total 300,000 respondents will complete Part 1 of Form 8582-CR and it will take them 2 hours and 57 minutes to complete for total annual burden hours of 885,000 associated with Part 1 of Form 8582-CR.
- Part 2 Special Allowance for rental real estate Activities with Active participation - Approximately 150,000 respondents of the total 300,000 respondents will complete Part 2 of Form 8582-CR and it will take them 1 hour and 30 minutes to

complete for total annual burden hours of 226,500 associated with Part 2 of Form 8582-CR.

- Etc.

The 300,000 respondents on average take 7 hours and 54 minutes to complete Form 8582-CR for a total of 2,370,600 total annual burden hours.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

To ensure more accuracy and consistency across its information collections, IRS is currently in the process of revising the methodology it uses to estimate burden and costs. Once this methodology is complete, IRS will update this information collection to reflect a more precise estimate of burden and costs.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

The primary cost to the government consists of the cost of printing the form. We estimate

that the cost of printing the form is \$21,506.

The Federal government cost estimate is based on a model that considers the following three cost factors for each information product: aggregate labor costs for development, including annualized start up expenses, operating and maintenance expenses, and distribution of the product that collects the information.

The government computes cost using a multi-step process. First, the government creates a weighted factor for the level of effort to create each information collection product based on variables such as; complexity, number of pages, type of product and frequency of revision. Second, the total costs associated with developing the product such as labor cost, and operating expenses associated with the downstream impact such as support functions, are added together to obtain the aggregated total cost. Then, the aggregated total cost and factor are multiplied together to obtain the aggregated cost per product. Lastly, the aggregated cost per product is added to the cost of shipping and printing each product to IRS offices, National Distribution Center, libraries and other outlets. The result is the Government cost estimate per product.

The government cost estimate for this collection is summarized in the table below.

Product	Aggregate Cost per Product (factor applied)	Printing and Distribution	Government Cost Estimate per Product
Form 8582-CR	14,216		14,216
Form Instructions 8582-CR	7,290		7,290
Grand Total	21,506		21,506
Table costs are based on 2018 actuals obtained from IRS Chief Financial Office and Media and Publications			
* New product costs will be included in the next collection update.			

15. REASONS FOR CHANGE IN BURDEN

There is no change in the paperwork burden previously approved by OMB. We are making this submission to renew the OMB approval.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

There are no plans for tabulation, statistical analysis and publication.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

IRS believes that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulation sunsets as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT

There are no exceptions to the certification statement.

Note: The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
