SUPPLEMENTARY INFORMATION:

Comments

The information collection notice was previously published in the **Federal Register** on November 27, 2018, at 83 FR 60890, allowing for a 60-day public comment period. USCIS did not receive any comments in connection with the 60-day notice.

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS–2014–0002 in the search box. Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection Request:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* AABB accredited laboratory testing; Rapid DNA prototype Accelerated Nuclear DNA Equipment (ANDE) by NetBio; Rapid DNA prototype RapidHIT200 by IntegenX.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* G–1294 and G–1295; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or

households. USCIS proposes to permit a refugee applicant whose application for refugee status was denied on the basis of lack of credibility to establish a claimed biological relationship to a derivative child to submit DNA evidence with the RFR. This will allow individuals who are otherwise unable to prove the claimed relationship to provide potentially credible evidence of the biological relationship.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the Applicant Initiated AABB accredited lab DNA Testing is 60 and the estimated hour burden per response is 6 hours. The estimated total number of respondents for the Standard DNA Testing is 250 and the estimated hour burden per response is 0.05 hours. The estimated total number of respondents for the Rapid DNA Prototype is 250 and the estimated hour burden per response is 0.05 hours. The estimated total number of respondents for the information collection G–1294 is 250 and the estimated hour burden per response is 0.167 hours. The estimated total number of respondents for the information collection G–1295 is 250 and the estimated hour burden per response is 0.167 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 469 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$14,700.

Dated: February 8, 2019.

Draft Safe Harbor Agreement Amendment and Application for an Enhancement of Survival Permit, Tres Rios Project, Phoenix, Arizona

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce receipt of an application to amend an existing enhancement of survival permit from the City of Phoenix under the Endangered Species Act. The requested amended permit would authorize a change in baseline for the southwestern willow flycatcher, adjust the enrolled land acreage to reflect City land boundaries, and include the yellow-billed cuckoo in the Safe Harbor Agreement and the enhancement of survival permit associated with the City's Tres Rios Water Project. We invite the public to review and comment on the permit application and the associated draft safe harbor agreement amendment (SHA amendment). In accordance with National Environmental Policy Act (NEPA) requirements, we have determined that the proposed permit action qualifies for a categorical exclusion. We are accepting comments on the draft SHA amendment, and also on a draft NEPA screening form.
