INTRODUCTION FOR THE MENU SURVEY

Thank you for participating in the **School Nutrition and Meal Cost Study-II**. Without your help, and the help of school nutrition professionals like you across the country, this important study could not be done.

As part of this study, you are being asked to complete a **Menu Survey**. The objective of the Menu Survey is to obtain a complete and accurate description of the foods prepared and served by your school nutrition program, including foods offered in reimbursable meals, sold a la carte, and in afterschool snacks/suppers. You will complete the survey forms during a specified time period, referred to as the “target week.” *The target week for your school is shown on the front of the Menu Survey Folder.*

The information you provide will be combined with information from many other schools across the country and will be used to examine the food and nutrient content of school meals and afterschool snacks.

This **Instruction Manual** describes the Menu Survey and provides easy-to-follow instructions for completing the survey forms. Along with the manual is a set of **sample completed forms** that may be useful when you are completing your own survey forms. Be sure to look over the sample completed forms.

Below, we describe the forms included in the Menu Survey Folder. The rest of this manual explains how to complete each form.

School Nutrition Manager Survey

We have included a survey that asks about school’s food service operations (white paper). You can complete this survey on any day you would like, and can even complete it prior to the target week.

Daily Meal Counts Form

This one-page form (blue paper) is located behind the first tab inside the Menu Survey Folder. This is a very simple form. All you have to do is write in the number of reimbursable NSLP lunches and SBP breakfasts you served each day of the target week, by reimbursement category. At the bottom of the form, you will write in your non-reimbursable food sales each day of the week or as a total across the week, by venue (if applicable). Additional instructions are provided at the top of the form.

Reimbursable Foods Forms for Lunch and Breakfast

You will fill out these forms each day of the target week. They are located in colored folders in the Menu Survey Folder labeled by day of the week (Monday forms, Tuesday forms, etc.). There are separate forms for breakfast (yellow paper) and lunch (white paper). You will use these forms to provide information about all foods and beverages offered in reimbursable meals, including portion sizes; the number of portions prepared, served in reimbursable meals, sold a la carte or to adults, left over, and wasted; and the food descriptions needed for an accurate nutrient analysis. You will also indicate whether an item was a USDA Food or prepared from a recipe.

Recipe Forms

A booklet of Recipe Forms (grey paper) is located behind the “Recipes” tab in the Menu Survey Folder. You will use the Recipe Forms to provide information on foods made from scratch or by combining two or more foods or ingredients during the target week. Alternatively, you can provide printed copies of recipes instead of completing these forms.

Self-Serve/Made-to-Order Bar Form

Behind the next tab in the Menu Survey Folder is another booklet of forms (lavender paper) for you to use to provide information about “self-serve” bars, such as salad bars and condiment bars, as well as made-to-order bars such as deli bars. If your school offers self-serve or made-to-order bars, you will use a Self-Serve/Made-to-Order Bar form to describe the foods offered on each bar.

NSLP Afterschool Snack Form

If your school provides reimbursable snacks through the NSLP to one or more afterschool programs, you will fill out the NSLP Afterschool Snack Form (green paper). You will complete one form for each day that afterschool snacks are offered. These forms are similar to but much simpler than the Reimbursable Foods Form.

CACFP Afterschool Snack and Supper Form

If your school provides reimbursable snacks or suppers through the Child and Adult Care Food Program (CACFP) to one or more afterschool programs, you will fill out the CACFP Afterschool Snack and Supper Form (green paper) to provide information about the items provided in afterschool snacks and/or suppers each day. This includes much of the same information you will be providing on the Reimbursable Foods Forms.

A La Carte Foods Checklist

The A La Carte Foods Checklist is a multiple-page form (pink paper) that you will use to identify all foods and beverages sold on an a la carte basis in your school. You only need to fill out this form for ONE DAY OF THE WEEK. The day of the week that has been randomly selected to be your “a la carte checklist day” is shown on the front cover of the form.

Non-Reimbursable Foods

If your food service department sells non-reimbursable foods—that is, foods that are sold solely on a non-reimbursable or a la carte basis and not offered as part of reimbursable meals or snacks—you will complete either the Non-Reimbursable Foods Form or the Non-Reimbursable Foods Inventory. These forms are only for non-reimbursable food items sold in venues that are operated or stocked by the food service department.

Non-Reimbursable Foods Form

You will use the Non-Reimbursable Foods Form (orange paper) to record counts of each non-reimbursable item sold—either each day or as a total for the target week. You may use your daily or weekly sales report, if available, to help you fill out this form.

Non-Reimbursable Foods Inventory

If you are not able to report daily or weekly counts of non-reimbursable items sold, you may use the Non-Reimbursable Foods Inventory (orange paper) to provide information about non-reimbursable foods. You will use this form to record, for each non-reimbursable food item, the starting inventory on Monday of the target week, any deliveries received during the week, and then the ending inventory on Friday.

The Rest of This Manual

The rest of this manual includes step-by-step instructions for completing each of the Menu Survey forms. For each form, a completed sample form is provided. Please take the time to review the instructions and all of the sample completed forms before beginning the Menu Survey.

If You Need Assistance

We will be calling you before the start of the target week and again during the target week to answer any questions you may have. If you have questions or need assistance at any other time before, during, or after the target week, feel free to call or email our technical assistants at [TA help line] or [TA email address]. **Thank you for your assistance with this important study!**

General Guidelines for Completing the Menu Survey

Getting Started

Please read this manual carefully. **Be sure to review the sample completed forms that are provided.**

Off-Site Kitchens

If your school receives prepared meals or any components of reimbursable meals from another school, a central kitchen, or an outside vendor during the target week, we ask that you obtain food descriptions, product information, and recipes for these foods, as needed. You may wish to discuss strategies for this task with your school food authority (SFA) director.

If your schools sends prepared meals or foods (either for reimbursable meals or snacks or non-reimbursable foods), you will be asked to provide information on the foods that are sent off-site.

Filling Out Forms

- ✓ Use *pencil* on all forms.
- ✓ Write *clearly* and *legibly* (especially when recording numbers).
- ✓ Write the name of your school and the date (if applicable) at the top of each form.
- ✓ Double-check your work at the end of each day to be sure you have provided all the necessary information.

At the End of the Week

When you have completed all forms included in the Menu Survey, please double-check your work to make sure you have provided all the necessary information. Please place the completed forms in the empty plastic envelope at the back of the Menu Survey Folder. **Remember to also include your completed School Nutrition Manager Survey. Return all completed survey materials to Mathematica in the pre-addressed envelope provided.**

Instructions for Completing the Reimbursable Foods Forms

Purpose: To describe foods and beverages that are offered as part of USDA reimbursable lunches and breakfasts during the target week, and to provide information on the number of portions of each item prepared, served in reimbursable meals, sold a la carte, left over, and wasted (and sent off-site, if applicable).

Location: The Reimbursable Foods Forms are located in the five colored folders labeled Monday-Friday, in the Menu Survey Folder. **Separate forms are provided for breakfast (yellow) and lunch (white).**

Notes:

- **If your school offers reimbursable fruits and vegetables through the *Fresh Fruit and Vegetable Program* during the target week**, do **NOT** include these fruits and vegetables on the Reimbursable Foods Form unless they are offered as part of reimbursable lunches and breakfasts. If that is the case, be sure to report only the portions that were prepared and served as part of reimbursable meals.
- **If your school offers meals to pre-kindergarten students**, do **NOT** include any foods that are offered only to these students and do NOT include the meals offered to these students when reporting the number of reimbursable meals planned and served each day.
- **Be sure to look at the sample completed Reimbursable Foods Forms that are provided.** Looking at the sample forms as you read the instructions will make it easier to understand what you need to do when filling out the forms.

How to Complete the *Reimbursable Foods Form*

Reimbursable Meal Counts

On the top right-hand corner of the form, you will see the **Reimbursable Meal Counts** box. The questions in this box ask about the number of reimbursable meals (breakfast or lunch) you *planned* to serve for the day and the number of reimbursable meals that you *actually* served that day. Record the answers to both questions in the spaces provided. Your production records may include this information. If not, you may need to talk to your SFA director to obtain it.

Column A: Food Item

You will use this column to identify foods and beverages offered in reimbursable meals each day. Most foods are already listed for you. Others you will need to write in. In thinking about all the foods offered in your cafeteria each day and deciding which ones to include on this form, keep the following in mind:

DO INCLUDE:

- All foods and beverages offered in **reimbursable meals** (even if they may not count toward USDA meal pattern requirements).
- All condiments, salad dressings, optional toppings, desserts, and snack items.

DO NOT INCLUDE:

- Foods and beverages that are offered *only* a la carte or *only* to adults. (Instead, record these food and beverages on the Non-Reimbursable Foods Form or Non-Reimbursable Foods Inventory.)
- Foods and beverages that are offered and served *only* to pre-kindergarten students.
- Foods and beverages that were planned for a given day, but not actually prepared at your school because a substitution was made.

When foods are paired or offered together:

When a bread/grain, meat/meat alternate, fruit, or vegetable offering is paired with, or offered **only** with another menu item, add a note in Column A to make this clear.

Examples:

- For crackers that are offered **only** with a Chef's salad, add a note...
Crackers **w/ Chef's salad**
- For toast that is offered **only** with cereal, add a note...
Toast **w/ cereal**
- For a cheese stick that is offered **only** with a peanut butter sandwich, add a note...
Cheese stick **w/ peanut butter sandwich**
- For blueberries that are offered **only** with pancakes, add a note...
Blueberries **w/ pancakes**

When writing in foods that are not already listed on the form:

- Record foods in their appropriate food group sections whenever possible. Blank lines are provided at the end of each section for your entries. A generous amount of additional space is provided at the end of the form for recording items that do not fit in the individual food group sections (for example, not enough blank lines for additional fruits), as well as items that belong in a food group that is not listed on the form.
- Salad bars, condiment bars, and other food bars, whether self-serve or made-to-order, should be listed as single menu items. Salad bars (both side salad bars and entrée salad bars) and other common theme bars are prelisted. Use separate lines for any self-serve bars that are not prelisted.
- If your school offers bag or box meals or fully preplated meals, write each type of meal on a separate line. Complete a Recipe Form for each type of meal to identify all of the foods and beverages included in the meal.

If your school offers different foods to students in different grade groups:

- Record each food offered separately and add a note in Column A to make it clear which foods are offered to each grade group.

Example:

If your school serves students in grades 6-8 and 9-12 and different entrées are offered to each grade group, you would indicate this by listing each food separately and adding a note next to each food, as shown below.

A.
Food Item
Taco <i>for grades 6-8</i>
Burrito <i>for grades 9-12</i>

Column B: Portion Size

For each item offered in reimbursable meals, write the size of one individual serving, as offered to students.

- Include both the **amount** and the **unit of measure** (if not already printed on the form). For example:

Food Item	Amount	Unit
Broccoli	$\frac{3}{4}$	cup
Chicken patty	2.5	oz.
Tossed salad	$\frac{1}{2}$	cup

You may change the printed unit for any food if your school serves the item in a different unit of measure.

- Include the *weight* (oz.) of one portion whenever available, especially for commercially prepared foods, such as burritos, chicken or fish nuggets, pizza, doughnuts, or cookies.
- For foods that are offered self-serve, write “self-serve” as the portion size.
- If your school offers different portion sizes of the same food, for example to students in two different grade groups, you will need to list the food twice (on two separate lines) and write in the different portion sizes.

Example:

If your school serves students in grades 6-8 and 9-12 and you offer different portion sizes for canned peaches, you would indicate this by listing the food twice and adding a note about which portion size applies to which grade group, as shown below.

A.	B.
Food Item	Portion Size (Include Units)
Peaches, canned <i>for grades 6-8</i>	½ cup
Peaches, canned <i>for grades 9-12</i>	1 cup

Column C: Number of Portions

In the sub-columns under Column C, for each menu item, you will enter the total number of portions prepared, and the number of portions sent off-site (if applicable), served to students in reimbursable meals, served a la carte or to adults/others, left over and saved for later use, and wasted. Note that the number of portions entered in the last five sub-columns (Sent Off-Site, Reimbursable Served, Served a La Carte or to Adults/Others, Left Over for Later Use, and Wasted) should add up to the total number of portions prepared (Total Prepared).

Total Portions Prepared

For each menu item, enter the total number of portions prepared. Include portions that are prepared for reimbursable meals at your school as well as portions that are prepared to be sent off-site, served a la carte and to adults or others. For pre-packaged foods and beverages, the total number of portions prepared refers to the number of individual packages that are put out in the serving area. For example for cartons of juice, write the number of cartons that are placed on the serving line before and throughout the meal period.

Portions Sent Off-Site (if applicable)

If your school prepares food to be served at other schools or facilities, enter the total number of portions for each item that is sent off-site. Include portions sent off-site on the day they are sent – it doesn't matter if they will be served on the same day or another day. If your school does not prepare food to be served at other schools or facilities, you do not need to complete this column.

Reimbursable Portions Served

For each menu item, enter the number of reimbursable portions served to students at your school (excluding portions sold a la carte or to adults/others). Your production records may include this information; if not, you may need to talk to your SFA director about putting a procedure in place to record it for the target week. If a menu item is prepared and available to students but none are served in reimbursable meals, be sure to enter a zero in the Reimbursable Served column.

Portions Served A La Carte or to Adults/Others

Also for each menu item, enter the number of portions that are served a la carte, to adults, or to others who are not receiving meals through the NSLP or SBP. If no portions are served a la carte or to adults, enter zero in this column.

Portions Left Over for Later Use

At the end of each meal, enter the number of portions that were not served on this day, but were leftover and may be served on a different day. For instance, this may include cartons of milk or juice to be used on the following day. Do not include leftover portions that are thrown away. If no portions are left over and saved for later use, enter zero in this column.

Portions Wasted

Also enter the number of portions that were not served and must be thrown out because they cannot be used on a different day. For instance, this may include food prepared in a large dish, such as macaroni and cheese. If no portions are wasted, enter zero in this column.

Example:

Note that for each of the following menu items, the number of portions entered in the last five sub-columns (Sent Off-Site, Reimbursable Served, Served a La Carte or to Adults/Others, Left Over, and Wasted) add up to the total number of portions prepared (Total Prepared).

A. Food Item	B. Portion Size (Include Units)	C. Number of Portions					
		Total Prepared	Sent Offsite	Onsite			
				Reimbursable Served	Served A La Carte or to Adults/Others	Left Over for Later Use	Wasted
Orange juice	8 fl. oz.	140	0	120	10	10	0
Macaroni and cheese	1 cup	200	20	160	0	0	20

Column D: Manufacturer/Brand Name and Product Code

This column is used to provide information on the manufacturer, brand name, and product code of certain foods listed in Column A. We have shaded this column for pre-listed foods that do not require manufacturer/brand name, or a product code.

- For all other commercially prepared food products you serve, including entrees, meat/meat alternates, and most bread/grain items (including biscuits, doughnuts, breakfast pastries, and pancakes), please fill in the manufacturer/brand and product code information in Column D.

- Please do your best to record whatever manufacturer and/or brand information is available (or at least how the food is described on the package label) for all required foods. **Always** include a product code, if available. The product code is usually located on the label of the box in which commercially prepared food products are delivered. An example is shown below.

- Below are additional examples of manufacturer and brand names, and products codes, for some foods.

Food Item (Column A)	Manufacturer/Brand Name and Product Code (Column D)
Pizza, pepperoni	Schwan's/Tony's 78546
Super Donut	Super Bakery 6001
Pancake-on-a-stick	State Fair 70481

- If your school purchases commercially prepared food products, including ones that are lower in fat or sodium or include whole grains, you may wish to include package labels to tell us more about the products. This will help ensure that the nutrient analysis is accurate and reflects the types of foods used in your school meal program.
- If you decide that you would like to give us package labels, you can put them in the envelope with the completed forms at the end of the week.

Column E: Food Description

This column is used to describe foods so that an accurate nutrient analysis can be done. For most of the pre-listed items, you will need to check a box or write in a response. For example, for some foods you will be asked to check whether a food is regular, low-fat or fat-free, or if it is breaded or has icing. For some foods you will be asked to specify the type or variety of the food, such as the type of bread (100% whole wheat, rye bread, etc.), or the flavor of milk or yogurt.

It is especially important to complete this column for commercially prepared products and items that you add to the form. Please provide as complete a description of the item as possible. Depending on the item, this may include information on:

- ✓ type (**100% whole wheat** bread, **rye** bread, **blueberry** muffin, **unbreaded** chicken patty, **low-sodium** green beans)
- ✓ form (**fresh**, **frozen** or **canned** vegetable or fruit)
- ✓ flavor (**Strawberry** milk, **oatmeal** cookie, **vanilla** yogurt)
- ✓ fat content (**low-fat** yogurt, **reduced-fat** sour cream, **fat-free** salad dressing)

Column F: Check Box if USDA Food

For food items in Column A that are donated USDA Foods, including processed USDA Foods, place a check mark in the box in Column F.

Column G: Check Box if Prepared from a Recipe

For foods in Column A that are prepared from a recipe—that is, foods that are made from scratch or by combining two or more foods or ingredients—place a check mark in Column G. Use these checkmarks to remind you to complete a Recipe Form or provide a printed recipe.

We have shaded this column for pre-listed foods that do not require recipes. If the column is not shaded, you may need a recipe, depending on the food. For example, for purchased pizza that is served as is, a recipe is not needed. For pizza that is prepared from scratch or is a modified version of a purchased product (for example, you added your own toppings), a recipe is needed.

Instructions for Completing the Recipe Forms

Purpose: To describe the types and amounts of ingredients used in preparing foods made from scratch or made by combining two or more foods or ingredients.

Location: A booklet of Recipe Forms (grey) is located behind the “Recipes” tab in the Menu Survey Folder. If you need more forms than are included in the booklet, make copies of the form and file the completed extra forms inside the Recipe Form booklet.

Notes:

- **You may not have to fill out the Recipe Form if a printed copy of the recipe is available.** See the special instructions later in this section (page 14).
- **A recipe is needed for every item that is prepared from scratch or prepared by combining two or more foods or ingredients.** This includes all sandwiches and foods prepared or cooked with added butter, margarine, dressings, or other condiments.
- **Some foods may need more than one Recipe Form.** For example, for a tuna salad sandwich, you will need to use two Recipe Forms—one for the tuna salad mixture and one for the assembled tuna salad sandwich. The same is true for a brownie or cake with icing. See the sample completed Recipe Forms for an example of a situation where two Recipe Forms are needed.
- **If the same recipe was prepared more than once during the target week,** you only need to fill out a Recipe Form once and be sure to check the boxes at the top of the form to indicate which days of the week the recipe was served, *unless the recipe is prepared differently on other days of the week*. If variations of a recipe are used on different days, a separate Recipe Form is needed for each variation.
- **Be sure to look at the sample completed Recipe Forms that are provided.** Looking at these forms as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the Recipe Forms

Recipe/Food Name

Write the complete name of the recipe or food on the line provided in the upper right hand corner of the form. Please be sure that the name is clear enough that we will be able to match it up with the appropriate item on the Reimbursable Foods Form.

For recipes that are used in other recipe items, mention both recipes in the name. For example, *"Tuna salad for tuna sandwich."*

Meal

Check the meal or meals in which the recipe/food item was offered.

Day

Check the day or days of the target week on which the recipe/food was offered. Check "all" if the item is offered every day.

For each item listed in Column A, write the amount used in Column B. Be sure to include information on both the **amount** and the **unit of measure** (*Examples: 2 Tbsp, 6 oz, 5 cups, 7.5 gallons, 35 lbs*).

Be sure to provide amount information on the form of the ingredient *when it was measured*. For example, was pasta or rice measured cooked or uncooked? Was meat measured raw or after cooking? Was the cheese sliced, cubed, shredded, or grated?

Column C: Manufacturer/Brand Name and Product Code

If the ingredient or food listed in Column A is a commercially prepared food, list the manufacturer and/or brand name as well as the product code.

Column D: Ingredient Description

For each item listed in Column A, use this column to provide details about the food or ingredient that will allow us to do an accurate nutrient analysis. Depending on the item, this may include information on:

- ✓ type (**whole wheat** flour, **brown** rice, **ground** turkey, **low-sodium** tomato sauce)
- ✓ form (**fresh**, **frozen** or **canned** vegetables, fruits, or meats)
- ✓ cooking status (**cooked**, **uncooked**, **dry**, **raw**)
- ✓ fat content (**part-skim** cheese, **1% fat** milk, **fat-free** mayonnaise)
- ✓ whether **whole grain-rich**

See the sample completed forms for examples of ingredient descriptions.

Column E: Check Box if USDA Food

For ingredients in Column A that are donated USDA Foods, including processed USDA Foods, place a check mark in the box in Column E.

Column F: Check Box if Prepared from a Recipe

For ingredients in Column A that require a recipe, place a check mark in the appropriate box in Column F. Use these checkmarks to remind you to complete an additional Recipe Form.

Note: Recipes are needed for all items that are made by combining two or more foods or ingredients.

If You Can Provide a Printed Copy of the Recipe...

Be sure to:

- Staple or clip a copy of the printed recipe to a blank Recipe Form in the booklet, and indicate on the Recipe Form the meal and days the recipe was used.
- Mark the recipe, as needed, to show how the recipe was prepared in your school, and make sure the name of the recipe matches the name used on the Reimbursable Foods Form.

Make sure the recipe includes:

- Yield information: **size of one serving** and **number of servings prepared**.
- A complete description of all ingredients, including manufacturer and/or brand and product code for commercially prepared food products.
- An indication of any ingredients that are USDA Foods, for example, write “USDA” beside the ingredient name.

Instructions for Completing the Self-Serve/ Made-to-Order Bar Forms

Purpose: To describe the ingredients included on self-serve bars such as salad bars, theme bars, and condiment bars; made-to-order bars such as deli bars.

Location: A booklet of Self-Serve/Made-to-Order Bar Forms (lavender) is located behind the “Self-Serve Bars” tab in the Menu Survey Folder.

Notes:

- A separate Self-Serve/Made-to-Order Bar Forms must be completed for each type of self-serve bar or made-to-order bar offered. **If the same bar was offered more than once during the target week**, you only need to fill out one Self-Serve/Made-to-Order Bar Forms and indicate the days on which the bar was offered. **If the foods/ingredients offered on the bar differ on other days of the week**, a separate form is needed for each day they are different.
- **Be sure to look at the sample completed Self-Serve/Made-to-Order Bar Forms that are provided.** Looking at these forms as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the Self-Serve/Made-to-Order Bar Forms

Name of Bar

Write the complete name of the self-serve/made-to-order bar on the line provided in the upper right hand corner of the form. Please be sure that the name is clear enough that we will be able to match it up with the same item on the Reimbursable Foods Form.

Meal

Check the meal or meals in which the bar was offered during the target week.

Day

Check the day or days of the target week on which the bar was offered. Check “all” if the bar (with all the same ingredients) is offered every day.

Column A: Food Name

List all foods and ingredients offered on the bar. If you need additional lines, write the name of the bar and “continued” on a blank Self-Serve/Made-to-Order Bar Form and list remaining foods/ingredients.

Column B: Portion Size (if pre-portioned)

For pre-portioned items only, describe the size of one portion. This includes items such as baked potatoes, tortillas, packaged crackers, boxes of raisins, or packages of sunflower seeds. It also includes items that might be portioned out by cafeteria servers, such as pasta on a pasta bar, cold cuts on a deli bar, or meat and cheese items on a salad bar.

Be sure to include information on both the **amount** and the **unit of measure** for pre-portioned items. See the sample completed Self-Serve/Made-to-Order Bar Forms for examples.

- ✓ cooking status (**cooked**, **uncooked**, **dry**, **raw**)
- ✓ fat content (**low-fat** yogurt, **reduced-fat** sour cream, **fat-free** salad dressing)
- ✓ whether **whole grain-rich**

See the sample completed forms for examples of ingredient descriptions.

Column E: Check Box if USDA Food

For foods in Column A that are donated USDA Foods, including processed USDA Foods, place a check mark in the box in Column E.

Column F: Check Box if Prepared from a Recipe

For foods in Column A that require a recipe, place a check mark in the appropriate box in Column F. Use these checkmarks to remind you to complete a Recipe Form.

Note: Recipes are needed for all items that are made by combining two or more foods or ingredients.

Instructions for Completing the NSLP Afterschool Snack Form

Purpose: To describe the foods and beverages offered in NSLP reimbursable afterschool snacks during the target week, and to provide information on the number of individual snack items prepared and served, as well as the total number of reimbursable snacks served to students.

Location: A booklet of NSLP Afterschool Snack Forms (green paper) is behind the “NSLP Afterschool Snacks” tab in the Menu Survey Folder.

Notes:

- **Only include afterschool snacks offered through the *National School Lunch Program (NSLP)*.** If your school offers snacks and/or suppers through the *Child and Adult Care Food Program (CACFP)*, you will complete the CACFP Afterschool Snack and Supper Form.
- **If your school offers reimbursable fruits and vegetables through the *Fresh Fruit and Vegetable Program* during the target week,** do **NOT** include these fruits and vegetables on the NSLP Afterschool Snack Form unless they are offered as part of reimbursable afterschool snacks. If that is the case, be sure to report only the portions that were prepared and served as part of reimbursable afterschool snacks.
- **Be sure to look at the sample completed NSLP Afterschool Snack Form that is provided.** Looking at this sample as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the NSLP Afterschool Snack Form

On the front page of this booklet answer question 1 by indicating the days during the target week that NSLP afterschool snacks were offered. **Complete one NSLP Afterschool Snack Form for each day snacks were offered.**

This form is similar to the Reimbursable Foods Form. It includes columns for the food item, portion sizes, the number of portions prepared/available and served, and the food descriptions needed for an accurate nutrient analysis. You will also check if any item was a USDA Food or prepared from a recipe. **Depending on how your afterschool program operates, you may need assistance from afterschool program staff to complete the columns for number of portions served.**

Day

Check the day of the target week for which this form is being completed.

Number of Reimbursable Snacks Served Onsite

At the top of the form, record the total number of reimbursable snacks *served* to students at your school that day.

Column A: Food Item

You will use this column to identify foods and beverages offered in reimbursable NSLP afterschool snacks each day. Some foods are already listed for you. Others you will need to write in. In thinking about all the foods offered in your NSLP afterschool snacks each day and deciding which to include on this form, keep the following in mind:

DO INCLUDE:

- All foods and beverages offered in NSLP afterschool snacks (even if they may not count toward USDA meal pattern requirements).

DO NOT INCLUDE:

- Foods and beverages that are offered only to adults.
- Foods and beverages that were planned for a given day, but not actually prepared/available that day.

When writing in foods that are not already listed on the form:

- Record foods in appropriate food group sections. Blank lines are provided at the end of each section for your entries.

Column B: Portion Size

For each item offered in NSLP afterschool snacks, write the size of one individual serving, as offered to students. If the snack item is pre-packaged, list the actual package size or weight, not “1 package.”

- Include both the *amount* and the *unit* of measure:

Food Item	Amount	Unit
Banana, fresh	1	Medium
Orange juice	6	fl. oz.
Granola bar	1.5	oz.

- If a food or beverage is offered in more than one portion size (for different grade groups), list the food or beverage on separate lines and write in the different portion sizes.

Example:

A. Food Item	B. Portion Size (Include Units)	C.		
		Number of Portions		
		Sent Off-Site	Onsite	
Reimbursable Prepared/ Available	Reimbursable Served			
Orange juice	6 fl. oz.	0	50	25
Orange juice	8 fl. oz.	0	50	50

Column C: Number of Portions**Sent Off-Site (if applicable)**

If your school prepares foods to be served in NSLP afterschool snacks at other schools or facilities, enter the number of portions of each snack item that are **sent off-site**.

Number of Reimbursable Portions Prepared/Available

For each snack item, write in the number of reimbursable portions **prepared or available** to be served *at your school*. The number of reimbursable portions prepared/available should reflect the actual number of servings available for students to select as part of a reimbursable NSLP afterschool snack.

Number of Reimbursable Portions Served

Also for each snack item, enter the number of reimbursable portions or individual items **served** to (or selected by) students as part of a reimbursable NSLP afterschool snack, excluding portions served to adults. If a menu item is prepared and available to students but no portions are served, be sure to enter a zero in this column.

You may need to ask the afterschool program staff for this information. You can also give the afterschool program staff a copy of the NSLP Afterschool Snack Form and ask them to complete this column.

Column D: Manufacturer/Brand Name and Product Code

This column is used to provide information on the manufacturer, brand name, and product code of certain foods listed in Column A. We have shaded this column for pre-listed foods that do not require manufacturer/brand name or a product code. For all other commercially prepared food products you serve, please fill in the manufacturer/brand and product code information in Column D.

Column E: Food Description

This column is used to describe foods so that an accurate nutrient analysis can be done. For most of the pre-listed items, you will need to check a box or write in a response. For example, for some foods you will be asked to check whether a food is regular, low-fat or fat-free, or if it is whole grain-rich or reduced-fat. For some foods you will be asked to specify the type or variety of the food, such as the type of crackers (graham, wheat, saltines, etc.), or the flavor of milk or yogurt.

It is especially important to complete this column for commercially prepared products and items that you add to the form. Please provide as complete a description of the item as possible. Depending on the item, this may include information on:

- ✓ type (**1%** milk; **100% whole wheat** bread; **blueberry** muffin)
- ✓ form (**fresh, frozen** or **canned** vegetable or fruit)
- ✓ flavor (**chocolate** milk, **strawberry** yogurt)
- ✓ fat content (**low-fat** yogurt, or **fat-free** salad dressing)

Column F: Check Box if USDA Food

For food items in Column A that are donated USDA Foods, including processed USDA Foods, place a check mark in the box in Column F.

Column G: Check Box if Prepared from a Recipe

For foods in Column A that require a recipe, place a check mark in the appropriate box in Column G. Use these checkmarks to remind you to complete a Recipe Form or provide a printed recipe.

We have shaded this column for pre-listed foods that do not require recipes. If the column is not shaded, you may need a recipe, depending on the food. For example, for purchased pizza that is served as is, a recipe is not needed. For pizza that is prepared from scratch or is a modified version of a purchased product (for example, you added your own toppings), a recipe is needed.

Note: Recipes are needed for all items that are made by combining two or more foods or ingredients.

Instructions for Completing the A La Carte Foods Checklist

Purpose: To identify foods and beverages your school offers on an a la carte basis at lunch and breakfast.

Location: The A La Carte Foods Checklist (pink paper) is located behind the “A La Carte” tab in the Menu Survey Folder.

Notes:

- **Complete the A La Carte Foods Checklist on the one day of the target week specified on the front of the Menu Survey Folder.** Be sure to complete the checklist even if your school sells only milk on an a la carte basis.
- **Be sure to look at the sample completed A La Carte Foods Checklist that is provided.** Looking at this sample as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the A La Carte Foods Checklist

1. Write the name of your school and the date on the first page of the form.
2. Place a check mark in the box next to each food and beverage that was available for a la carte purchase on the specified day. This includes items that are sold only a la carte as well as components of a reimbursable meal that may be purchased a la carte. There are separate check boxes for lunch and breakfast.
3. If a food or beverage is usually or sometimes available a la carte, but was not available on the specified day, *do not* check the box.
4. If your school had a la carte foods or beverages available on your specified day that are not included in the checklist, please write in the names of these foods and beverages under the appropriate category. Extra lines are also available on the last page of the checklist, if necessary. Be sure to indicate whether each food or beverage was offered at breakfast and/or lunch.

Instructions for Completing the Non-Reimbursable Foods Form

Purpose: To describe foods that are sold only on a non-reimbursable or a la carte basis and to provide information on the number of portions of each item sold—either each day of the target week or as a total across the week.

Notes:

- Non-reimbursable foods are not offered as part of reimbursable meals or snacks.
- **Include only non-reimbursable foods from venues that are operated or stocked by the food service department**, including foods sold on an a la carte-only basis in cafeteria serving lines, in vending machines, snack bars, school stores, and food carts.
- You will use one Non-Reimbursable Foods Form for the whole week.
- You may use your daily or weekly sales report, if available, to help you fill out this form.
- **Be sure to look at the sample completed Non-Reimbursable Foods Form that is provided.** Looking at this sample as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the Non-Reimbursable Foods Form

Meal

At the top of the form, check the appropriate box or boxes to indicate when any non-reimbursable foods are offered: during breakfast, lunch, and/or outside of meal periods. Foods may be offered outside of meal periods, just one time, or throughout the day.

Where Offered

Non-reimbursable foods may be sold on cafeteria serving lines or in other venues, such as vending machines, snack bars, school stores, or food carts or at another school or facility off-site. Indicate the venues where the non-reimbursable food items listed on this form are offered, checking all boxes that apply. If the food service department sells non-reimbursable foods in a venue that is not listed, check “Other,” and write in the name of the venue.

Column A: Food Name

At the start of the target week, use this column to list all non-reimbursable items that are sold across all venues. Creating a list of items at the start of the week will make the form easier to fill out.

If a food item is available in different flavors but the brand and package sizes are the same, (for example, different flavors of 12 fl oz Gatorade®), you can list the items once.

Column B: Portion Size

For each non-reimbursable item, write the size of one individual serving, as offered. Include both the **amount** and the **unit** of measure.

- If any items that are pre-packaged, record the actual package size, weight, or volume (2.5 oz or 12 fl oz), not “1 package.”
- For items prepared from recipes, write the size of one individual serving (“1/2 cup” vanilla pudding) or simply the number of items offered (“1 sandwich,” “2 pieces,” or “1 each”).
- If a food or beverage item is offered in more than one portion size, you will need to list the item more than once, on separate lines for each portion size.

A.	B.
Food Name	Portion Size (Include Units)
Pizza, pepperoni	5.0 oz
Pizza, pepperoni	3.5 oz

Column C: Check Box if Prepared from a Recipe

If an item was prepared from a recipe, check the box in Column C. Use these checkmarks to remind you to complete a Recipe Form or provide a printed recipe. Remember that recipes are needed for all items that are made by combining two or more foods or ingredients.

Column D: Manufacturer/Brand Name and Product Code

For commercially prepared foods that are not prepared from a recipe, please record the manufacturer/brand name and a product code (if available) in Column D. Below are examples of manufacturer/brand names and products codes for some foods.

A.	D.
Food Name	Manufacturer/Brand Name and Product Code
Pizza, pepperoni	Schwan's/Tony's 78546
Super Donut	Super Bakery 6001
Pancake-on-a-stick	State Fair 70481

Column E: Food Description

For each item listed in Column A, use this column to provide details about the type or variety of the food. Please provide as complete a description of the item as possible. Depending on the item, this may include information on:

- ✓ type: such as **100% whole wheat** bread, **rye** bread, **blueberry** muffin, **un-breaded** chicken patty, **low-sodium** green beans
- ✓ form: such as **fresh**, **frozen** or **canned** vegetable or fruit
- ✓ flavor: for example **strawberry** milk, **oatmeal** cookie, **vanilla** yogurt; and
- ✓ fat content: such as **low-fat** yogurt, **reduced-fat** sour cream, **fat-free** salad dressing

If a food item is available in different flavors and the brand and package sizes are the same, group the items and list them only once with the food description “assorted flavors or types.” An example of this is Gatorade®, which comes in many flavors. You would record this by listing the name and portion size of the item, Gatorade®, 12 oz, and “Assorted flavors” in Column E, for the Food Description.

Column F: Daily Number of Portions

You will use the sub-columns under Column F if you can report the number of portions of each item sold each day of the target week. Be sure to include counts from all venues operated or stocked by the food service department.

Sent Off-Site (if applicable)

If your school sends any non-reimbursable foods to other schools or facilities, enter the number of portions of each item that are **sent off-site**. Include portions sent off-site on the day they are sent—it doesn’t matter if they will be sold on the same day or another day.

Sold Onsite

For all non-reimbursable items, enter the total number of portions **sold onsite** that day. If an item is offered but not sold, be sure to enter zero.

Left Over for Later Use

For any non-reimbursable items that require some preparation (for example, heating) or are prepared from a recipe, enter the number of portions that were not sold and instead, were leftover and saved for later use. For example, this may include cookies prepared from a recipe that are wrapped in plastic wrap and may be offered the following day. For foods sold in their original packaging, enter a zero in this column.

Wasted

For any non-reimbursable items that require some preparation (for example, heating) or are prepared from a recipe, enter the number of portions that were not sold and must be thrown out because they cannot be served on a different day. For instance, this may include frozen pizza that has already been removed from its package and heated. For foods sold in their original packaging, enter a zero in this column.

And remember, if there are no portions to enter in a column, enter zero.

Column G: Weekly Total Number of Portions

If you prefer to record counts of the number of portions sold across the entire week, you will record those weekly counts in Column G. Be sure to include counts from all venues operated or stocked by food service.

Sent Off-Site (if applicable)

If your schools sends any non-reimbursable foods to other schools or facilities, enter the number of portions of each item that are **sent off-site**.

Sold Onsite

For all non-reimbursable items, enter the total number of portions **sold onsite** that day. If an item is offered but not sold, be sure to enter zero.

Left Over for Later Use

For any non-reimbursable items that require some preparation (for example, heating) or are prepared from a recipe, enter the number of portions that were not sold and instead, were leftover and saved for later use. For example, this may include cookies prepared from a recipe that are wrapped in plastic wrap and may be offered the following day. For foods sold in their original packaging, enter a zero in this column.

Wasted

For any non-reimbursable items that require some preparation (for example, heating) or are prepared from a recipe, enter the number of portions that were not sold and must be thrown out because they cannot be served on a different day. For instance, this may include frozen pizza that has already been removed from its package and heated. For foods sold in their original packaging, enter a zero in this column.

And remember, if there are no portions to enter in a column, enter zero.

Instructions for Completing the Non-Reimbursable Foods Inventory

Purpose: To describe and record inventory information for non-reimbursable foods for which you **do not** have the daily or weekly count of units sold for each food item. You will use this form to take an inventory of the foods at the start of the week, record the quantity of foods received during the week, and then the inventory left at the end of the week.

Notes:

- Non-reimbursable foods are not offered as part of reimbursable meals or snacks.
- **Include only non-reimbursable foods from venues that are operated or stocked by the food service department**, including foods sold on an a la carte-only basis in cafeteria serving lines, in vending machines, snack bars, school stores, and food carts.
- The goal of this form is to provide information about the weekly **INVENTORY** and should only be used if you do not have daily or weekly counts of the number of portions sold. If you have daily or weekly counts, complete the Non-Reimbursable Foods Form instead.
- You will use one Non-Reimbursable Foods Inventory for the whole week.
- Be sure to inventory foods and beverages that are non-perishable, refrigerated, and frozen. **Take into account all items in storage areas that are accessed during the week, plus items that are already out for sale. You do not need to count items in storage areas that are not accessed during the target week.**
- **Be sure to look at the sample completed Non-Reimbursable Foods Inventory that is provided.** Looking at this sample as you read the instructions will make it easier to understand what you need to do when filling out the form.

How to Complete the Non-Reimbursable Foods Inventory

Meal

At the top of the form, check the appropriate box or boxes to indicate when any non-reimbursable foods are offered: during breakfast, lunch, and/or outside of meal periods. Foods may be offered outside of meal periods, just one time, or throughout the day.

Where Offered

Non-reimbursable foods may be sold on cafeteria serving lines or in other venues, such as vending machines, snack bars, school stores, or food carts or at another school or facility off-site. Indicate the venues where the non-reimbursable food items listed on this form are offered, checking all boxes that apply. If the food service department sells non-reimbursable foods in a venue that is not listed, check "Other," and write in the name of the venue.

Column A: Food Name

At the start of the week, use this column to list all non-reimbursable items that are sold across all venues. Creating a list of items at the start of the week will make the form easier to fill out.

If food items are purchased in a variety pack (for example, different flavors of Gatorade), you can list the items once.

Column B: Individual Package Size

For each food items listed in Column A, record the size of the package, which represents one individual serving. The individual package size should include both the *amount* and the *unit* of measure (such as 12 fl. oz. for a drink). If a food item is available in more than one size, you will need to list the food twice (on separate lines) and record in both package sizes for that item.

Column C: # Individual Packages in Bulk Case

Also for each food item, record the number of individual packages that exist in a single bulk case.

Column D: Manufacturer/Brand Name and Product Code

Use this column to record the manufacturer or brand name and a product code (if available) in Column D.

Column E: Starting Onsite Inventory

For each food item, provide the starting inventory at your school. Include the counts of items in the stock room, refrigerator, freezer, and other storage areas, *plus* the number of items already put out for sale. You will record any deliveries received on Monday in Column F. You do not need to count items in areas that are not accessed during the target week.

Full Bulk Cases

Record the number of full bulk cases that are in the inventory of the venues selling non-reimbursable foods at the beginning of the day on Monday, before any of the food service venues have opened.

Additional Individual Packages

Record the number of additional individual packages on hand that do not make up a full bulk case. For example, there may be eight 48-carton bulk packages of orange juice, and 10 additional cartons left over from a bulk package that had already been opened.

Column F: Deliveries

For each food item, record the number of full bulk cases and/or fractions of full cases (for example, 1/2 or 2 1/2 cases) that are received each day (Monday through Friday) of the target week and added to the amounts on hand that you recorded in Column E. If your school sends non-reimbursable items to other schools or facilities during the week, enter the number of bulk containers sent off-site in the columns provided.

Enter zeros on days when there are no deliveries, or no bulk containers sent off-site.

Column G: Ending Onsite Inventory

For each food item, provide the ending inventory at your school, after all of the food service venues have closed and after any deliveries on Friday. Include the number of items in the stock room, refrigerator, freezer, and other storage areas, *plus* the number of items already put out for sale.

Full Bulk Cases

Record the number of full bulk cases that remain in the food service inventory at the end of the week, after all deliveries and sales. Be sure to count all of the storage areas that were included in the count at the start of the week.

Additional Individual Packages

Similarly, record the number of additional individual packages on hand at the end of the week.

This page has been left blank for double-sided copying.

ELECTRONIC MENU SURVEY (EMS) - EXPANDED (GROUP 3)

This page has been left blank for double-sided copying.

Questions Related to Offering Different Foods and/or Portion Sizes to Students in Different Grade Groups

Note: If the school includes students from more than one of the standard grade groups used in the NSLP/SBP nutrition standards (computed based on responses to Screener Q7 and Q7a), the EMS will include additional questions on the Reimbursable Foods Form (for lunch and breakfast) that ask about offering different foods and/or portion sizes to students in different grade groups.

[If school includes the following grade group combinations: K-5 and 6-8; K-5 and 9-12; 6-8 and 9-12; or K-5, 6-8, and 9-12, ask the following questions:]

Reimbursable Foods Form for Lunch

1. For reimbursable lunches, does your school offer the same menu to all students—meaning the same foods and portion sizes—or does your school ever offer different foods and/or portion sizes to students in different grade groups?

MARK ONE

- 1 School offers the same menu to all students (same foods and portion sizes).
- 2 School sometimes offers different foods and/or portion sizes to students in different grade groups.

[If Q1 = 1, end; If Q1 = 2, ask Q2a]

2a. For reimbursable lunches, does your school offer different types of foods to students in different grades (for example, younger students get tacos and older students get burritos)?

- 1 Yes
- 0 No

[If Q2a = Yes, ask Q2b; if Q2a = No, ask Q3a]

2b. For each of the following categories of foods, please indicate whether your school offers different foods to different grade groups of students for reimbursable lunches.

MARK ONE PER ROW

	YES	NO
a. Milk	1 <input type="checkbox"/>	0 <input type="checkbox"/>

- 1 Yes
- 0 No

[If Q3a = No, skip to Q5]

3b. For each of the following categories of foods, please indicate whether your school offers different portion sizes to different grade groups of students for reimbursable lunches.

h. Condiments and salad dressings	1 <input type="checkbox"/>	0 <input type="checkbox"/>

[If Q2b or Q3b = Yes for a food category: When completing the Reimbursable Foods Form each day, the SNM will indicate for each food under that food category: (1) which grade group(s) each food is offered to, and (2) whether the food is offered in different portion sizes. For foods offered in different portion sizes, the SNM will enter separate portion sizes for each relevant grade group.]

[If Q3a = Yes (offer different portion sizes)]

4. For foods that are offered in different portion sizes, do you track how many servings of each portion size were served to each grade group?

- 1 Yes
- 0 No

[If Q4 = Yes (track each portion size separately), SNM will be asked to report number of portions data separately for each portion size for a given food. If Q4 = No (do not track each portion size separately), SNM will be asked to report number of portions data across all available portion sizes.]

5. On an average day, how many reimbursable lunches do you serve to students in each grade group?

[DISPLAY GRADE GROUPS FOR SCHOOL]

____ Students in grades K to 5

____ Students in grades 6 to 8

____ Students in grades 9 to 12

[Note: If Q4 = No (do not track each portion size separately), we will use data from Q5 to allocate the combined number of portions data for a given food to the individual portion size associated with each grade group. If Q5 = Don't know, we attempt to get enrollment data by grade group to do this allocation.]

[If Q2b or Q3b = Yes for a food category: When completing the Reimbursable foods Form each day, the SNM will indicate for each food under that food category: (1) which grade group(s) each food is offered to, and (2) whether the food is offered in different portion sizes. For foods offered in different portion sizes, the SNM will enter separate portion sizes for each relevant grade group.]

[If Q3a = Yes (offer different portion sizes)]

4. For foods that are offered in different portion sizes, do you track how many servings of each portion size were served to each grade group?

1 Yes

0 No

[If Q4 = Yes (track each portion size separately), SNM will be asked to report number of portions data separately for each portion size for a given food. If Q4 = No (do not track each portion size separately), SNM will be asked to report number of portions data across all available portion sizes.]

5. On an average day, how many reimbursable breakfasts do you serve to students in each grade group?

[DISPLAY GRADE GROUPS FOR SCHOOL]

____ Students in grades K to 5

____ Students in grades 6 to 8

____ Students in grades 9 to 12

Don't know

[Note: If Q4 = No (do not track each portion size separately), we will use data from Q5 to allocate the combined number of portions data for a given food to the individual portion size associated with each grade group. If Q5 = Don't know, we attempt to get enrollment data by grade group to do this allocation.]

EMS Foods Paired/Offered Together Module and Food Bar Questions

Note: The EMS will include additional questions that collect information needed for the compliance assessment. This includes the “Foods paired/offered together” module in the Reimbursable Foods Forms (for lunch and breakfast) and questions about salad bars.

1. EMS FOODS PAIRED/OFFERED TOGETHER MODULE

The Reimbursable Foods Forms in the EMS will include a “foods paired/offered together” module. After the school nutrition manager (SNM) reports all foods that were offered on a given day (and associated food details), she will be taken to the “foods paired/offered together” module. The module will be programmed to ask questions based on the specific foods reported on a given day.

If the menu day includes any separate grain items (for example, rice, rolls, or crackers) or any meat/meat alternate items (for example, yogurt, string cheese, peanut butter), the SNM will be asked if the item is served only with another item. If the SNM answers “yes”, they will be asked to “pair” the items together (for example, the crackers were available only with the Chef’s salad).

After pairing items together, if 2 or more separate grain items or 2 or more separate meat/meat alternate items are left “unpaired” the SNM will be asked how many of the “unpaired” items students can select (separately for grains and meats/meat alternates).

2. FOOD BAR QUESTIONS

If a side salad bar or entrée salad bar is reported, the EMS will ask the SNM a follow-up question regarding the rules for visiting the bar.

[If Reimbursable Foods Form includes side salad bar, ask:]

Can students visit the side salad bar in addition to choosing other fruit or vegetable choices?

- Yes, students can take fruits and vegetables from the side salad bar and also choose other fruits and vegetables offered outside of the bar.
- No, students can either visit the side salad bar OR take other fruit and vegetable choices offered outside of the bar (but not both).

[If Reimbursable Foods Form includes entrée salad bar, ask:]

Can all students visit the entrée salad bar in addition to taking another entrée choice, or is the bar considered a separate entrée choice?

- All students can visit the entrée salad bar and also take another entrée choice.
- Students can either visit the entrée salad bar OR take a different entrée choice offered outside of the bar (but not both).
