Hello!

We are asking for your help with an important study being conducted by the University of Washington Sea Grant and NOAA Fisheries to understand the importance of West Coast fisheries to individuals and communities.

In the next few days you will receive a survey in the mail. We hope you will set aside 15-20 minutes to help us by completing and returning the survey. To say thanks, you will receive a small token of our appreciation in the same envelope.

We really appreciate you sharing your insights into West Coast fisheries. This research can only be successful with the generous help of people like you.

**Any questions, feel free to give
me a call @ 206-685-8209.
Thanks, Melissa Poe
Washington Sea Grant**

We are fishing for a little feedback from you...
