

National Marine Fisheries Service – Pacific Islands Region

**MARINE NATIONAL MONUMENT
DAILY FISHING LOG**

Name of Vessel _____

Permit Number _____

Logbook Page # Series _____

Privacy Act Statement

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C 1801 et seq.

Purpose: The Magnuson-Stevens Act requires that conservation and management measures must prevent over fishing while achieving, on a continuing basis, the optimum yield from each fishery. Vessel logbooks are essential tools in the management of fishery resources. Section 303(a)(5) of the Magnuson-Stevens Act specifically identifies the kinds of data to be collected for fishery management plans (FMPs).

Routine Uses: The Department will use this information for effective fishery management. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations.

Disclosure of this information is also subject to all of the published routine uses as identified in the COMMERCE/NOAA-6, Fishermen's Statistical Data.

Disclosure: Submission is mandatory for those persons falling under the requirements of 50 CFR 665.14. If the information is not provided, permit status may be affected.

Paperwork Reduction Act Information

Public reporting burden for this collection is estimated to average 20 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to Pacific Islands Regional Administrator, NOAA Fisheries Service, 1845 Wasp Blvd., Building 176, Honolulu, Hawaii 96818.

This information is being collected to provide information needed by NMFS to regulate and monitor fishing activities in the monument area and to evaluate the effectiveness of management by assessing the status of stocks and the status of fisheries. The information will provide a basis for determining whether changes in management are needed to sustain the productivity of the stocks or to respond to interactions between fishing vessels and protected species. The information is also used to provide a basis for evaluating the magnitude and distribution of impacts resulting from changes to the regulations. Responses to the collection are required under 50 CFR 665.14. Proprietary data provided concerning the vessel and/or business of the responders are handled as confidential under the Magnuson-Stevens Fishery Conservation and Management Act (Sec. 402(b)), and NOAA Administrative Order 216-100. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

Vessel Reporting Requirements

The operator of any fishing vessel operating under a Federal Marine National Monument Fishing permit must maintain onboard an accurate and complete record of catch, effort, and other data on report forms provided by the Regional Administrator, and must record the information on the logsheet forms within 24 hours of the completion of each fishing day. Each logsheet must be signed and dated by the fishing vessel operator. The original logsheet must be submitted to the National Marine Fisheries Service within 30 days of the end of each fishing trip. **Submit daily fishing logsheet reports to: NOAA Inouye Regional Center, NMFS/PIFSC/Fishery Monitoring Branch, 1845 Wasp Blvd., Building 176, Honolulu, HI 96818. For more information call (808) 725-5325.**

Instructions for the Marine National Monument Daily Fishing Logsheet

1. Write in the full name (first, middle initial, and last) of the vessel operator (captain) who is preparing and submitting the report.
2. Write in the vessel name.
3. Write in either the U.S. Coast Guard documentation number, or state/territorial agency vessel registration number.
4. Write in the operator's permit number.
5. Indicate type of permit.
6. Identify the Monument area fished. **Submit a separate report for each island area fished.**
7. Write in the date which fishing activities covered by this report took place.
8. Write in the latitude and longitude of the fishing area. Use degree ° and minute ' ; circle N for north or S for south latitude; circle E for east and W for west longitude.
9. Write in the date and port vessel departed.
10. Write in the date and port vessel returned.
11. Identify the fishing method used.
12. For each fishing method, enter the number of hours actively fished, that is, fishing gear deployed in the water.
13. Enter the number of poles, lines/line haulers, and or hooks used, if appropriate.
14. For each fishing method, enter the type (species) of fish caught (one per row), the number of fish caught and the estimated total weight caught of that species.
15. If you released any fish you caught, identify the species and write in the number you released alive or dead.
16. If you lost any fish due to sharks, other predators, or other reasons, write in the number lost.
17. Enter the type of each protected species you released uninjured, injured or dead.
18. Sign and date the daily log and return it to the address shown.

- **The vessel operator must record ALL catch and effort information on the logsheet forms provided in the logbook within 24 hours of completing the daily fishing activities.**
- **The vessel operator must submit completed daily fishing logsheets to the National Marine Fisheries Service within 30 days following the return to port after each trip.**

Please submit logsheets to: NOAA Inouye Regional Center
NMFS/PIFSC/Fishery Monitoring Branch
1845 Wasp Blvd., Building 176
Honolulu, Hawaii 96818-5007
