

Introduction

OMB Control # 0693-0078

Expiration 07/31/2022

We understand that the COVID-19 pandemic is disrupting your business. We are gathering information to learn how businesses like yours are adapting to the circumstances and how this situation may or may not be connected to broader weather-related stressors your business may face or have faced.

We realize your time is at a minimum with the current situation. We sincerely appreciate your participation and our efforts will be greatly enhanced if you can spend a few minutes filling out this survey. We ask for no sensitive information and we will not identify you or your business at any time. If your business has more than one location, please answer for only one location.

We would like to know how this business is being impacted

by COVID-19 and how it has affected your recovery from Hurricane Matthew and Hurricane Florence. We are also interested in learning about practices taken that have helped reduce the impact of COVID-19, especially in the face of future hazard events.

If you feel uncomfortable answering any of the questions, you can skip them, or exit the survey at any time. This survey should take less than 15 minutes to complete. Thank you for your time and participation

If you would like to download an information sheet on the project please [click here](#).

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-0078 with an expiration date of July 31, 2022. Public reporting burden for this collection is estimated to be 15 minutes per survey, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. All

responses to this information collection are voluntary. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to the National Institute of Standards and Technology, Attn: Dr. Jennifer Helgeson, NIST, 100 Bureau Drive, MS 8603, Gaithersburg, MD 20899-1710, telephone 301-975-6133, or via email:jennifer.helgeson@nist.gov.
