WAVE 2A

Small- and Medium-Sized Business Complex Event COVID-19 Survey (Wave 2)

OMB Control # 0693-0078

Expiration 07/31/2022

Thank you for responding to our survey during Summer 2020. The information learned was invaluable and was developed into reports and suggested actions for businesses like yours and the institutions that serve them. You should have recently received a "Respondents' Report" of the aggregate results.

We understand that the COVID-19 pandemic may still be disrupting your business. Your continued participation is invaluable for the development of guidance on how businesses like yours are adapting to the current circumstances.

Please spend a few minutes filling out this follow-up survey. We ask for no sensitive information and we will not identify you or your business. If your business has more than one location, please answer for only one location. We'd like to learn about practices taken that have helped reduce the impact of COVID-19, especially in the face of future hazard events.

You may skip any questions or exit the survey at any time.

This survey should take less than 15 minutes to complete. You may opt to receive aggregate results of the survey (at the end).

Both your perspective and time are exceptionally precious, especially during these uncertain times. Our efforts will be greatly enhanced if you choose to participate.

Thank you for your time and participation.

Jennifer
