

Living Donor Registration (LDR)
Fields to be completed by members

Field Label	Notes
Recipient Center Name	Display Only
Center Code Type	Display Only - Cascades from Database
Center Code	Display Only - Cascades from Database
Donor Last Name	Display Only - Cascades from Database
Donor First Name	Display Only - Cascades from Database
UNOS Donor ID #	Display Only - Cascades from feedback
Home Address	
Home City	
Home State	
Home Zip	
Home Phone	
Work Phone	Not required
Email	Not required
Donor SSN	
Donor Date of Birth	
Donor Gender//Gender	
Marital Status at Time of Donation	
ABO Blood Group	Display Only - Cascades from Database
Living Donor Type	
Living Donor Type Other Specify	
Ethnicity/Race	
Citizenship	
Year of Entry into U.S.	
Country of Permanent Residence	
Highest Education Level	
Did the donor have health insurance	
Functional Status	
Physical Capacity: (check one)	
Working for Income	
Working for Income//If No, Not Working Due To: (check one)	
Working for Income//If Yes	
% Macro vesicular fat	
% Micro vesicular fat	
Viral Detection://Have any of the following viruses ever been tested for: HIV, CMV, HBV, HCV, EBV	
HIV Status	
CMV Total	Not required

CMV//IgG	
CMV//IgM	
CMV//Nucleic Acid Testing	Not required
HBV	
HBV//Core Antibody	
HBV//Surface Antigen	
HBV//HBV/DNA (NAT/PCR)	
HCV	
HCV//Antibody	
HCV//RIBA	
HCV//HCV/RNA (NAT/PCR)	
EBV Total	
EBV//IgG	
EBV//IgM	
Pre-Donation//Height	
Pre-Donation Height//Status	
Pre-Donation//Weight	
Pre-Donation Weight//Status	
History of Cancer	
History of Cancer Specify//Specify	Value or status is reported, not both
Cancer Free Interval	
Cancer Free Interval //Status	Value or status is reported, not both
History of Cigarette Use	

History of Cigarette Use Pack Years//If Yes, Check # pack years	
Duration of Abstinence	
Other Tobacco Used	Value or status is reported, not both
Total Bilirubin	
Total Bilirubin//Status	
SGOT/AST	
SGOT/AST//Status	
SGPT/ALT	
SGPT/ALT//Status	Value or status is reported, not both
Alkaline Phosphatase	
Alkaline Phosphatase//Status	Value or status is reported, not both
Serum Albumin	
Serum Albumin//Status	Value or status is reported, not both
Serum Creatinine	
Serum Creatinine//Status	Value or status is reported, not both
INR	
INR//Status	Value or status is reported, not both
Liver Biopsy	
% Macro/intermediate vesicular fat //Status	Value or status is reported, not both
% Micro/intermediate vesicular fat //Status	
History of Hypertension	
History of Hypertension Diet	
History of Hypertension Diuretics	Display Only - Cascades from Database

History of Hypertension Other Hypertensive Medication	
Diabetes	
Diabetes Treatment	
Kidney Preoperative Creatinine//Serum Creatinine	
Kidney Preoperative Creatinine//Status	
Preoperative Blood Pressure Systolic	
Preoperative Blood Pressure Systolic//Status	
Preoperative Blood Pressure Diastolic	
Preoperative Blood Pressure Diastolic//Status	Value or status is reported, not both
Urinalysis	Display Only
Preoperative Urinalysis//Urine Protein	Value or status is reported, not both
Preoperative Urinalysis//Protein-Creatinine Ratio	
Diabetes	
Diabetes Treatment	
FVC % predicted before//FVC % predicted	Value or status is reported, not both
FVC % predicted before//Status	
FVC % predicted after//FVC % predicted	Value or status is reported, not both
FVC % predicted after//Status	Value or status is reported, not both
FEV1 % predicted before//FEV1 % predicted	
FEV1 % predicted before//Status	Value or status is reported, not both
FEV1 % predicted after//FEV1 % predicted	
FEV1 % predicted after//Status	Value or status is reported, not both
FEF (25-75%) % predicted before//FEF (25-75%) % predicted	

FEF (25-75%) % predicted before//Status	Value or status is reported, not both
FEF (25-75%) % predicted after//FEF (25-75%) % predicted	
FEF (25-75%) % predicted after//Status	Value or status is reported, not both
TLC % predicted before//TLC % predicted	
TLC % predicted before//Status	Value or status is reported, not both
TLC % predicted after//TLC % predicted	
TLC % predicted after//Status	Value or status is reported, not both
Diffusing lung capacity corrected for alveolar volume % predicted	
Diffusing lung capacity corrected for alveolar volume % predicted//Status	Value or status is reported, not both
PaO2 on room air	
PaO2 on room air//Status	Value or status is reported, not both
Type of Transplant Graft	
Kidney//Type of Transplant Graft	Display Only - Cascades from Database
Kidney//Intended Procedure Type	Value or status is reported, not both
Conversion from Laparoscopic to Open Lung//Type of Transplant Graft	Display Only - Cascades from Database
Lung//Procedure Type	Value or status is reported, not both
Conversion from Thoracoscopic to Open	
Intra-operative Complications	
Intra-operative Complications Specify//If Yes, Specify	
Sacrifice of Second Lobe, Specify	
Anesthetic Complication Specify	
Arrhythmia requiring therapy	
Intra-operative Complications Other//Other Specify	
Date of Initial Discharge	
Donor Status	
Date Last Seen or Death	
Cause of Death	
Cause of Death//Other Specify	
Non-Autologous Blood Administration PRBC Units//If Yes, Number of Units	

Platelets Units//If Yes, Number of Units	
FF Units//If Yes, Number of Units	
Biliary Complications	
Biliary Complications//If Yes, Specify	
Biliary Complications//If Yes, Specify://Date of surgery	
Liver Vascular Complications Requiring Intervention//Vascular Complications Requiring Intervention	
Liver Vascular Complications//If Yes, Specify	
Liver Vascular Complications Other//Specify	
Liver Other Complications Requiring Intervention	
Liver Other Complications//If Yes, Specify	
Liver Other Complications Other//Specify	
Liver Reoperation	
Reoperation//If yes, specify reason for reoperation (during first six weeks)	
Liver Reoperation Liver Failure	
Liver Reoperation Liver Failure Date	
Liver Reoperation Bleeding Complications	
Liver Reoperation Bleeding Date//Date	
Liver Reoperation Hernia Repair	
Liver Reoperation Hernia Repair Date	
Liver Reoperation Bowel Obstruction	
Liver Reoperation Bowel Obstruction Date	
Liver Reoperation Vascular Complications	
Liver Reoperation Vascular Date	

Liver Reoperation Other//Other Specify	
Liver Reoperation Other Specify//Other Specify	
Liver Reoperation Other Date	
Liver Readmission//Any Readmission After Initial Discharge	
Liver Readmission Reason//If yes, specify reason for readmission (during first six weeks)	
Liver Readmission Reason Other//Other Specify	
Liver Readmission Date//If Yes, Date of First Readmission	
Liver Other Interventional Procedures	
Liver Other Interventional Procedures//If Yes, Specify Procedure	
Liver Other Interventional Procedures Date//Date of Procedure	
Kidney Vascular Complications Requiring Intervention//Vascular Complications Requiring Intervention	
Kidney Vascular Complications//If Yes, Specify	
Kidney Vascular Complications Other//Specify	
Kidney Other Complications Requiring Intervention//Other Complications Requiring Intervention	
Kidney Other Complications//If Yes, Specify	
Kidney Other Complications Other//Other Specify	
Kidney Reoperation//Reoperation	
Reoperation//If yes, specify reason for reoperation (during first six weeks)	
Kidney Reoperation Bleeding//Bleeding	
Kidney Reoperation Bleeding Date//Date	
Kidney Reoperation Hernia Repair//Hernia Repair	

Kidney Reoperation Hernia Repair Date//Date	
Kidney Reoperation Bowel Obstruction//Bowel Obstruction	
Kidney Reoperation Bowel Obstruction Date//Date	
Kidney Reoperation Vascular//Vascular	
Kidney Reoperation Vascular Date//Date	
Kidney Reoperation Other//Other Specify	
Kidney Reoperation Other Specify//Other Specify	
Kidney Reoperation Other Date//Date	
Kidney Readmission//Any Readmission After Initial Discharge	
Kidney Readmission Reason//If yes, specify reason for readmission (during first six weeks)	
Kidney Readmission Reason Other//Other Specify	
Kidney Readmission Date//If Yes, Date of First Readmission	
Kidney Other Interventional Procedures//Other Interventional Procedures	
Kidney Other Interventional Procedures//If Yes, Specify Procedure	
Kidney Other Interventional Procedures Date//Date of Procedure	
Lung Readmission Reason Other//Specify	
Post-operative complications during the initial hospitalization	
Post-operative Complications//If Yes, Specify	
Arrhythmia requiring therapy	
Placement of Additional Thoracostomy Tube(s), Indication	
Post-operative Complications Other//Other Specify	
Lung Readmission//Any Readmission After Initial Discharge	

Lung Readmission Reason//If yes, specify reason for readmission (during first six weeks)	
Lung Readmission Reason Other//Specify	
Lung Readmission Date//If Yes, Date of First Readmission	
Most Recent Date of Tests	
Weight in Lb	
Kidney Serum Creatinine	
Kidney Serum Creatinine//Status	
Post-Op Blood Pressure Systolic	
Post-Op Blood Pressure Systolic//Status	
Post-Op Blood Pressure Diastolic	
Post-Op Blood Pressure Diastolic//Status	Value or status is reported, not both
Urinalysis	Display Only
Post-Operative Urinalysis//Urine Protein	Value or status is reported, not both
Post-Operative Urinalysis//Protein-Creatinine Ratio	
Donor Developed Hypertension Requiring Medication	
Total Bilirubin	Value or status is reported, not both
Total Bilirubin//Status	
SGOT/AST	
SGOT/AST//Status	
SGPT/ALT	
SGPT/ALT//Status	Value or status is reported, not both
Alkaline Phosphatase	

Alkaline Phosphatase//Status	Value or status is reported, not both
Serum Albumin	
Serum Albumin//Status	Value or status is reported, not both
Serum Creatinine	
Serum Creatinine//Status	Value or status is reported, not both
INR	
INR//Status	Value or status is reported, not both
Post-Operative//Weight	
Post-Operative Weight//Status	Value or status is reported, not both
Organ Recovery Date	
Organ(s) Recovered	Value or status is reported, not both
Recipient Last Name	
Recipient First Name	Value or status is reported, not both
Recipient SSN#	
Donor Recovery Facility Center Code//Donor Recovery Facility	Display Only - Cascades from Database
Donor Recovery Facility Center Type	Display Only - Cascades from Database
Donor Workup Facility Center Code	Display Only - Cascades from Database
Donor Workup Facility Center Type	Display Only - Cascades from Database
