

Attachment H: Web-based Recruitment Screener

Thank you for your interest in an upcoming study that Westat is conducting.

Westat is helping the Centers for Disease Control and Prevention (CDC) to develop a national survey about health and injuries that asks questions about physical injuries, harassing behaviors, and unwanted sexual activity. You do not need to have experienced any of these issues to be eligible for the interview.

We want to be sure that the survey questions make sense to different kinds of people. So we are trying to find people who are interested in helping us by giving their reactions to the questions. If you are interested and eligible, we will invite you to an in-person interview, which will take about an hour. At the end of the interview you will receive \$40 cash.

To see if you are eligible for the study, please click on the continue button below.
