

Help get rid of germs in Mississippi!

RESEARCH STUDY ENROLLMENT

Researchers from the University of Mississippi Medical Center are doing a research study to see if parasitic infections are a health problem for children ages 2-18 living in Rankin County.

Study participants will be compensated for their time.

For more details and how to enroll call:
(601) 815-6326 or (601) 815-8419
