T. 4 S, R. 54 W, accepted November 21, 2019

A person or party who wishes to protest one or more plats of survey identified above must file a written notice of protest with the State Director for the BLM in Alaska. The notice of protest must identify the plat(s) of survey that the person or party wishes to protest. You must file the notice of protest before the scheduled date of official filing for the plat(s) of survey being protested. The BLM will not consider any notice of protest filed after the scheduled date of official filing. A notice of protest is considered filed on the date it is received by the State Director for the BLM in Alaska during regular business hours; if received after regular business hours, a notice of protest will be considered filed the next business day. A written statement of reasons in support of a protest, if not

filed with the notice of protest, must be filed with the State Director for the BLM in Alaska within 30 calendar days after the notice of protest is filed.

If a notice of protest against a plat of survey is received prior to the scheduled date of official filing, the official filing of the plat of survey identified in the notice of protest will be stayed pending consideration of the protest. A plat of survey will not be officially filed until the dismissal or resolution of all protests of the plat.

Before including your address, phone number, email address, or other personally identifiable information in a notice of protest or statement of reasons, you should be aware that the documents you submit, including your personally identifiable information, may be made publicly available in their entirety at any time. While you can ask the BLM to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so.

(Authority: 43 U.S.C. Chap. 3.)

Douglas N. Haywood,

Chief Cadastral Surveyor, Alaska.

Bureau of Safety and Environmental Enforcement

[Docket ID BSEE–2019–0006; 201E1700D2 ET1SF0000.EAQ000 EEEE500000; OMB Control Number 1014–0001]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Oil and Gas Well-Workover Operations

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Safety and Environmental Enforcement (BSEE) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before December 30, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395–5806. Please provide a copy of your comments to the

Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Nicole Mason; 45600 Woodland Road, Sterling, VA 20166; or by email to kye.mason@bsee.gov. Please reference OMB Control Number 1014–0001 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Nicole Mason by email at kye.mason@bsee.gov, or by telephone at (703) 787–1607. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on July 23, 2019 (84 FR 35417). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comments addressing the following issues: (1) Is the collection necessary to the proper functions of BSEE; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might BSEE enhance the quality, utility, and clarity of the information to be collected; and (5) How might BSEE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The regulations at 30 CFR part 250, subpart F, concern the Oil and

Gas Well-Workover Operations regulatory requirements of oil, gas, and sulphur operations in the Outer Continental Shelf (OCS) and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NLTs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

The BSEE uses the information collected under the Subpart F regulations to ensure that operations on the OCS are carried out in a safe and pollution-free manner, do not interfere with the rights of other users on the OCS, and balance the protection and development of OCS resources. Specifically, we use the information collected to:

- Review log entries of crew meetings to verify that safety procedures have been properly reviewed.
- review well-workover procedures relating to hydrogen sulfide (H₂S) to ensure the safety of the crew in the event of encountering H₂S.
- review well-workover diagrams and procedures to ensure the safety of well-workover operations.
- verify that the crown block safety device is operating and can be expected to function and avoid accidents.
- verify that the Blowout Preventer Equipment (BOPE) is in compliance with the latest Well Control Rule (WCR) and API Standard 53.
- assure that the well-workover operations are conducted on well casing that is structurally competent.

Title of Collection: 30 CFR part 250, subpart F, *Oil and Gas and Sulfur Operations in the OCS—Oil and Gas Well-Workover Operations.*

OMB Control Number: 1014–0001.
Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Potential respondents are comprised of Federal OCS oil, gas, and sulfur lessees/operators and holders of pipeline rights-of-way.

Total Estimated Number of Annual Respondents: Not all potential respondents will submit information in any given year and some may submit multiple times.

Total Estimated Number of Annual Responses: 1,933.

Estimated Completion Time per Response: Varies from 1 hour to 6.5 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 5,284.

Respondent's Obligation: Most responses are mandatory, while others are required to obtain or retain benefits.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Amy White,
Acting Chief, Regulations and Standards Branch.
