

Purpose(s)

The purpose of this matching program is to establish or verify initial or continuing eligibility for DHS/FEMA disaster assistance; prevent duplicative disaster assistance payments; or recoup duplicative payments and delinquent debts under the programs referenced in this Agreement, which will result in individuals being quickly and effectively transitioned from temporary relief programs administered by DHS/FEMA into long-term relief programs administered by HUD.

This program also enables HUD's Community Development Block Grant Disaster Recovery (CDBG-DR) grantees, including states, local governments, and Indian tribes (as directed by the applicable appropriations act), to use FEMA data to determine the correct award amount for eligible program beneficiaries by identifying unmet needs of FEMA applicants; prevent the duplication of benefits; implement the statutory requirement that CDBG-DR funds may not be used for activities reimbursable by or for which funds are made available by FEMA; and implement the statutory requirement to establish procedures to detect and prevent waste, fraud, and abuse of funds. To accomplish this purpose, this program permits HUD to provide data to CDBG-DR allocatees before the grant agreement is signed, so long as the state, local government, or Indian tribe that is awarded the CDBG-DR allocation has entered an information sharing agreement with HUD. For purposes of this program, the term "CDBG-DR grantee(s)" includes CDBG-DR allocatees.

In sum, the following programs are covered under this computer matching agreement:

1. DHS/FEMA housing assistance provided through its Individuals and Households Program (IHP) under Section 408(f) of the Stafford Act, 42 U.S.C. 5174(f)(2)
2. HUD rental assistance programs identified at 24 CFR 5.233 and the Disaster Housing Assistance Program.
