Partner Baseline Goals

Member: +E, LTD. CO.

[Search Responses](#)

New Response for: Consultant - +E, Ltd. Co.

Survey Data

Instructions:

- Partners are required to establish goals for the first year of their participation in WasteWise within 90 days of their registration. These goals should reflect a minimum of a 5%* increase over the baseline year's activities in one or more of the areas below.
- Enter the target amount and select the unit (tons or percentage) of the goal you wish to establish.
- Enter any additional information you would like to share about your planned activities into the Comments text box

* The 5% "first year goal" will be prorated based on the period between when the partner joins WasteWise and December 31 of that year. The goal for the first full calendar year after joining WasteWise should be at least a 5% increase above the partner's baseline calendar year.

Instructions:

Please see the detailed instructions for each section below.
 CLICK "SAVE" TO RETAIN YOUR ENTRIES. CLICK "SUBMIT" LOCK YOUR ENTRIES AND SEND TO WASTEWISE.

Municipal Waste Disposal

- Enter the total amount of municipal solid waste disposed of during the reporting period.
- Only include waste sent to a landfill or incinerator, including waste-to-energy.
- Please describe your activities, other than landfilling, in the comments section. (e.g. energy generated).

Materials Diversion

- Tonnage is required for at least one activity type.
- Select material from pull-down box.
- Enter the amount and select units (pounds or tons)
- Add additional materials by clicking "+ Add".

[View Material Definitions](#)

Cost Savings/Revenue

Enter cost savings/revenue data in appropriate locations.

Buy/Manufacture Recycled Content Products

- Enter the product and material containing recycled content that your organization purchased or manufactured (e.g., carpet - recycled PET, grocery bags - paper, shingles - asphalt).
- If your organization previously purchased or manufactured this same product, enter the previous recycled content percentage. If the recycled content figure is a range, please provide an average.
- Enter the current recycled content percentage of the product. If the recycled content figure is a range, please provide an average.
- Enter the amount purchased or manufactured during the reporting period and select the unit type (tons or pounds).
- To add additional products, click "+ Add" and continue with the steps above.

Comments

Enter any additional information you would like to share about your activities (e.g., external promotion of WasteWise, employee education, etc.) or comments about WasteWise into the text box.

Materials Diversion - Required

Waste Prevention

Waste Prevention activities, also known as source reduction, reduce waste at the source by creating less trash. This can be through using less materials or preventing items from entering the waste stream. Track tonnages for activities such as reuse within your organization, selling for reuse, double-sided printing, etc. in this section.

PARTNER OF THE YEAR AWARD APPLICATION

Annual | 2018

Partner awards are based on data reported in the SMM data management system. Participants will be evaluated using a weighted average of evaluation criteria as described below. In addition to reported data, winners are selected based on results of both civil and criminal enforcement screens and other qualitative factors. To be eligible for awards, partners must have submitted 2017 annual data and 2018 annual goals.

Partner Awards

Partner awards will be given based on data reported. Both "Partner of the Year" and "Honorable Mention" awards will be given in multiple sector-based categories. Award categories are the same as in previous years and include the following:

Business

Very Large Business (20,000+ employees)
 Large Business (1,000 to 19,999 employees)
 Midsize Business (500 to 999 employees)
 Small Business (1 to 499 employees)

Government

Federal Government
 State Government
 Local Government
 Tribal Government

Education

College/University
 School/School District

Non-Profit

Non-profit Organization

Evaluation Criteria for Partner Awards

EPA will use the partner's 2016 and 2017 reported data as evaluation criteria for 2018 awards. Quantitative results from reported data for waste prevention (WP), recycling (R), and disposal (D) will serve as the key elements for award evaluations. The following weighted criteria will be aggregated and used in evaluating award applications:

Annual Improvement in 2017 (20%)

- Percent of incremental improvement of waste diversion (waste prevention + recycling) in 2017 vs. 2016

Overall Performance in 2017 (40%)

- Percent that waste diversion plays in the overall management of materials

Waste Prevention Performance in 2017 (40%)

- Percent that waste prevention plays in overall management of materials

Please fill out the application below to apply for a 2018 WasteWise Partner of the Year Award. These awards are given out for WasteWise activities undertaken in 2017. You are eligible to apply for a WasteWise award if you submit a full year's worth of annual data for:

- 2016 in "Waste Prevention and Recycling"
- 2017 in "Waste Prevention and Recycling"

- 2017 in "Municipal Solid Waste Disposed"

In order to be eligible for a WasteWise award, you must have been an active participant for all of calendar year 2017 and have submitted the data listed above as well as 2018 annual goals. All data should be submitted using EPA's SMM Data Management System. The application deadline is April 30, 2018.

If you have any questions, please contact the Helpline at wastewisehelp@epa.gov or (800) EPA-WISE (372-9473).

ENDORSER OF THE YEAR AWARD APPLICATION

Annual | 2018

Endorser awards recognize outstanding efforts to promote WasteWise as a means to help organizations reduce waste and promote overall sustainable materials management. An "Endorser of the Year" award will be given out for 2018. Endorsers are asked to submit a narrative up to five pages describing their endorser activities during calendar year 2017 and fill out and submit the form below.

In order to be eligible for a WasteWise award, you must have been an active participant in WasteWise for all of calendar year 2017 and have submitted 2017 annual data and 2018 annual goals. All data should be submitted using EPA's SMM Data Management System. **The application deadline is April 30, 2018.**

How to Apply for an Endorser Award

To apply for a 2018 WasteWise Endorser of the Year, please fill out the application below. In addition, please email your narrative to wastewisehelp@epa.gov. Only Endorsers that submit 2017 annual data and 2018 annual goals through the SMM Data Management System will be considered eligible for a 2018 Endorser Award. Narratives must be five pages or less (Note: Narratives greater than five pages will not be considered.). You will receive a confirmation email once your application materials have been received.

Evaluation Criteria for Endorser Awards

EPA will use the Endorser's 2017 reported data and the submitted narrative as evaluation criteria for 2018 awards. WasteWise will evaluate endorser award applications based on a weighted average of the following criteria:

Promotional Activities (50%)

- **Scope of activities** - describe the range of activities conducted in 2017 by your organization to promote WasteWise, including information on the creativity and effectiveness of promotional methods
- **Frequency of efforts** - describe efforts conducted in 2017 to promote the WasteWise program

Promotional Results (50%)

- Quantify the type and number of WasteWise prospective participants that resulted from your promotional efforts in 2017
- Quantify the number of new WasteWise participants joining the program as a result of your promotional efforts in 2017
- Quantify the number of new or existing WasteWise partners that you assisted with tracking and/or reporting in 2017
