

event there is a question or complaint pertaining to cargo preference matters.

The monthly shipping reports, with substantiating documents, will provide the only basis for MARAD to exercise its legislative responsibility to monitor Export-Import Bank-financed cargoes that are transported on U.S.-flag vessels, recipient flag vessels and on third-flag vessels according to the determinations and certifications of vessel non-availability that have been granted. The compilation of the statistics from the shipping reports forms the basis for determining compliance with PR 17 for each loan participant. This information is also provided to the Export-Import Bank, and is the nucleus for conducting annual reviews of the shipping activities of the Export-Import Bank programs.

MARAD uses the information collected as part of the Transparency Initiative to share with the Export-Import Bank. MARAD also intends to use the information to assist Ex-Im Bank shippers with finding suitable U.S.-flag vessels and in support of the determinations MARAD makes with respect to requests from Export-Import Bank shippers for certifications of non-availability.
