About the HUBZone Map

To accurately determine whether you're in a qualified HUBZone, it's critical that you use the new map instead of the old map. Launched June 26, 2017, the new map has the latest data based on changes to the HUBZone Program.

When applying to HUBZone, [use the new map](#) to:

1. See whether your address is in a qualified HUBZone.
2. If it is, from the map, you can download the "Printable Version" needed for your application. This PDF shows your address is in a qualified HUBZone.

NOTE: Until the new map is fully integrated with the application form, the answers you see in the form about your location in a HUBZone may not be accurate.

The SBA will evaluate your application thoroughly using the latest data.

Contact us at hubzone@sba.gov with any questions or concerns.

 [Start Application Process](#)

It is recommended that you read the [HUBZone Program Guide](#) and review all regulatory hot links in each section as you complete the application.

The HUBZone application involves FIVE [5] steps. Carefully follow each step.

Step 1

[Verify if in HUBZone](#) [Need help?](#)

Part of the eligibility criteria of the program is that the concern's [Principal Office](#) be located in a qualified HUBZone and at least 35% of its [employees](#) reside in a HUBZone (except for tribally owned concerns). The principal office is defined as the location where the greatest number of the concern's employees at any one location perform their work. However, for those concerns whose "primary industry" ([see 13 CFR 121.107](#)) is service or construction ([see 13 CFR 121.201](#)), the determination of principal office excludes the concern's employees who perform the majority of their work at job-site locations to fulfill specific contract obligations.

To determine if the concern's principal office is located in a HUBZone and if your employees reside in a HUBZone, you must:

- a. Select **Verify if in HUBZone**.
- b. On the map, enter an address and search.
- c. The map will show whether the address is in a qualified HUBZone.
- d. You can download the "Printable Version" needed for your application.

Please select 'Continue' button below and answer the questions that follow.
