Instructions For Completing PSD-341

Packers as defined in 9 CFR 206.1 must use form PSD 341 to submit monthly estimates of swine to be delivered under contract. Packers must complete a separate monthly report for each plant that meets the definition of a packer in 9 CFR 206.1.

Reports must be received by the close of business on the 15th of each month. If the 15th day of a month falls on a Saturday, Sunday, or Federal holiday, the monthly report is due no later than the close of the next business day following the 15th.

Packers may obtain a waiver for the requirement to file monthly reports if they do not use marketing agreements to procure hogs (i.e. the monthly report would consist of zero estimated deliveries under existing contracts). Requests must be submitted in writing and include a statement that the packer does not procure swine using marketing agreements. Send the waiver request to address listed below. If the waiver request is approved, Packers and Stockyards Division will provide a written document granting a waiver for 12 months. If the packer begins using marketing agreements during the waiver period, the waiver becomes void and the packer must begin submitting monthly reports.
