DoDSER

DEPARTMENT OF DEFENSE SUICIDE EVENT REPORT

Welcome

The DoD Suicide Event Report (DoDSER) standardizes suicide surveillance efforts across the services (Air Force, Army, Marine Corps, and Navy) to support the DoD's suicide prevention mission.

The DoDSER program is a collaborative effort among the DoD's Suicide Prevention and Risk Reduction Committee (SPARRC), the Services' Suicide Prevention Program Managers (SPPMs), and the National Center for Telehealth and Technology (T2). The DoDSER is used for a variety of suicide behaviors including suicides, suicide attempts, and some other suicide related behaviors (e.g., deliberate self-harm or some cases in which only suicidal ideation is documented).

Each Service conducts a professional review of records, and conducts interviews where appropriate. This website includes instructions, detailed coding guidance, and computer-based training programs, and the DoDSER webform that collects the comprehensive information about the Service Member and the suicide event.

For more information about DoDSER and other Telehealth and Technology initiatives, please visit www.t2.health.mil.

DoD Information Systems Notice and Consent

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests not for your personal benefit or privacy.

Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

Privacy Act Statement

This statement serves to inform you of the purpose of collecting personal information for inclusion in the Department of Defense Suicide Event Report (DoDSER) and how it will be used.

AUTHORITY

10 U.S.C. 136, Under Secretary of Defense for Personnel and Readiness; 10 U.S.C. 3013, Secretary of the Army; 10 U.S.C. 5013, Secretary of the Navy; 10 U.S.C. 8013, Secretary of the Air Force; 10 U.S.C. Chapter 55, Medical and Dental Care; 29 CFR Part 1960, Basic Program Elements for Federal Employee Occupational Safety and Health Programs and Related Matters; DoDD 6490.02E, Comprehensive Health Surveillance; DoDD 6490.14, Defense Suicide Prevention Program; AR 600-83, Army Health Promotion, Rapid Action Revision 7 Sep 10, Paragraph 4-4 Suicide prevention and surveillance; OPNAV Instruction 1720.4A, Suicide Prevention Program, 5.d, Reporting; AFPAM 44-160, The Air Force Suicide Prevention Program, XI, Epidemiological Database and Surveillance System; and E.O. 9397 (SSN), as amended.

PURPOSE

To collect information on suicides and instances of self-harm behaviors (including suicide attempts and suicidal ideations) that occurred among active military personnel, reserve military personnel, and members of the National Guard, with the goal of preventing future occurrences.

ROUTINE USES

Use and disclosure of these records outside of DoD may occur in accordance with the DoD Blanket Routine Uses and as permitted by the Privacy Act of 1974, as amended (5 U.S.C. 552a(b)).

Any protected health information (PHI) in your records may be used and disclosed generally as permitted by the HIPAA Privacy Rule (45 CFR Parts 160 and 164), as implemented within DoD. Permitted uses and disclosures of PHI include, but are not limited to, treatment, payment, and healthcare operations.

DISCLOSURE

Voluntary. However, any information you provide may assist DoD in promoting the health of the Armed Forces.

The following PAS may be provided in lieu of the above PAS when collecting information from an individual over the telephone. If the individual requests additional information about the authorities, purposes, routine uses, or disclosures, that section of the above PAS should be read. If the individual requests a paper copy of the PAS, the individual may choose whether to withhold any responses until a paper copy of the above PAS has been provided.

I am about to request information on suicides or instances of self-harm behavior (including suicide attempts and suicidal ideations) that may have occurred among active military personnel, reserve military personnel, or members of the National Guard. This information may be collected into the Department of Defense Suicide Event Report (DoDSER). You are not required to provide any information, but any information you provide may assist DoD in promoting the health of the Armed Forces.

The authorities permitting this collection include 10 U.S.C. 136 and 10 U.S.C. Chapter 55. The information you provide may be disclosed for reasons compatible with why it was collected and when permitted by the HIPAA Privacy Rule and other applicable privacy laws. Would you like to know more about the authorities, purposes, routine uses, or disclosures, or receive a paper copy of the full Privacy Act Statement?
