

Attachment E5: AI/AN Survey Instrument

Intro Text

Thank you for agreeing to participate in this study. We would like to learn more about youth like you and your thoughts about [cigarettes/e-cigarettes or vapes]. There are no right or wrong answers, we only want to know what you think. If you do not wish to answer any question, you can skip it and move on. Also, you might notice some questions throughout the survey to make sure people who are taking the survey are reading the questions carefully.

A. Risk Perceptions and Attitudinal Beliefs

We are going to ask you some general questions about using cigarettes [and e-cigarettes or vapes].

Social Norms

Now, we would like to ask you some questions about your peers.

B2. People often hang out in different groups at school. For example, a lot of schools have a group of "jocks." Some students gave the following list of groups. Please indicate how much you identify with each group by dragging the bar across the screen. Dragging the bar to 100 means you identify with (or, in other words, fit in or hang out with) this group very much and dragging the bar to 0 means you do not identify with this group at all.

[RANDOMIZE Programming note: Please have slider from 0-100 for each group]
