Title: The World Trade Center Health Program: Impact Assessment and Strategic Planning for Translational Research

Description: The HSPC re-reviewed the study and determined that the study is exempt under Category 2.

The above study is exempt from further HSPC review. This does ***not*** mean the research is exempt from meeting ethical requirements; rather it means the investigators are on their own recognizance to assure that basic ethical principles are met (for clarity on these principles, see <http://www.hhs.gov/ohrp/humansubjects/guidance/belmont.htm>). If there is another organization also "engaged" in the research, that organization may do its own review and may not exempt the study. Please contact the HSPC immediately if the research changes in any ways that may affect human subjects involvement.

Action Required: No action is required of you at this time.

Date of Determination: 10/20/2017

CURRENT STUDY REVIEW STATUS

Project Number: There are no items to display

Funding Source: Center for Disease Control and Prevention, National Institute for Occupational Safety and Health

Prime Recipient: RAND

RAND Unit(s): Justice, Infrastructure, and Environment *

Human Subjects: Yes

Type of Review: Exempt

Assurance number: FWA00003425

IRB number: IRB00000051

Administrator: Carolyn Tschopik

The HSPC is RAND's Institutional Review Board to review research involving human subjects, as required by federal regulations. RAND's "Federalwide Assurance for the Protection of Human Subjects" (FWA00003425, effective through January 31, 2020, at <http://intranet.rand.org/groups/hspc/fwa.pdf>) serves as our assurance of compliance with the regulations of 16 federal departments and agencies. According to this assurance, the Committee is responsible for review regardless of source of funding.
