Million Hearts® Hypertension Control Challenge Application Form

Public reporting burden of this collection of information is estimated at 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, NE, MS D-74, Atlanta, GA 30333, ATTN: PRA 0920-0976.

Applicant Information

Please provide the following information for the provider or practice being entered into the Challenge. Apply as either practice or provider, but not both.

Practice Name (if the practice is the applicant):
XXXX

Provider Name (if the provider is the applicant):
XXXX

Business Address: *
123

City: *
Atlanta

State: *
Georgia

ZIP Code: *
30341

Business Phone: *

Million Hearts® Hypertension Control Challenge Application Form

Population Served

Number of patients enrolled in the practice or health system that the applicant cares for:

Describe patient demographics that support the practice or health system's care for a population with a high prevalence of hypertension:

Geographic location of clinic (select both if you are a health system and both apply):

Rural

Urban

Percent of patients who belong to a racial/ethnic minority:

%

Percent of patients whose primary language is not English:

%

Percent of patients who are enrolled in Medicaid:

%

Percent of patients who have no health insurance:

%

Other:

Of the number of patients enrolled in the practice or health system, how many adult patients (18 - 85 years old) were seen at least once during the reporting period?

Of this number of patients seen, distribute them by age:

Percent of patients age 18-44: *

%

Percent of patients age 45-64: *

%

Percent of patient age 65-74: *

%

Percent of patients age 75-85: *

%

Hypertension Prevalence

Of the number of adult patients (18-85 years old) seen during the reporting period, what was the prevalence of hypertension? Report this as a percent. *

%

Million Hearts® Hypertension Control Challenge Application Form

Hypertension Control

Applicants are asked to provide two hypertension control rates: a current rate for a 12-month period and a previous rate for a 12-month period a year or more before.

CDC supports the definition of "hypertension control" as patients aged 18 through 85 years who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140 mmHg systolic and <90 mmHg diastolic).

For the current Hypertension Control Rate:

What is the reporting period (e.g., April 1, 2018 to March 31, 2019)?

Date range entered should reflect a 12-month period.

Current Period Start:

Mar 1 2018

Current Period End:

Dec 31 2018

For the current reporting period, the applicant used which of the following clinical quality measure to define hypertension control. Please check the appropriate box below and provide the requested information:

- National Quality Forum (NQF) 0018 guidelines
- CMS Physician Quality Reporting System (PQRS) 236 guidelines
- CMS 165v3 guidelines
- NCQA Health Care Effectiveness Information Set (HEDIS)
- HRSA Uniform Data System (UDS)
- Other

Calculation of Hypertension Control Rate

Calculation of Hypertension Control Rate

A. Total hypertensive population: Of the number of adult patients (18-85 years old) seen during the reporting period, how many were diagnosed with hypertension?

B. Exclusions: How many of the patients were excluded from the denominator?

C. Denominator: Of the number of adult patients (18-85 years old) diagnosed with hypertension, how many are included in the control rate denominator after removing the exclusions (A minus B)?

D. Numerator: How many of the patients in the denominator had their blood pressure in control?

E. What was the Hypertension Control Rate for the practice or healthcare system's adult hypertensive population during this reporting period (numerator [D]/denominator [C])?

 %

Reminder: this year's Challenge requires applicants achieve a hypertension control rate of 80% or higher during the current reporting year.

For the previous period Hypertension Control Rate:

For the previous reporting period, did the applicant use the same clinical quality measure guidelines as the current reporting period?

- Yes
- No

Using the same steps, what was the Hypertension Control Rate for the practice or healthcare system's adult hypertensive population during previous reporting period? Report as a percent.

 %

What was the previous reporting period (e.g., 1/1/2017 to 12/31/2017)?

Date range entered should reflect a 12-month period.

Previous Period Start:

Previous Period End:

Additional Information About the Current Reporting Period

Were the data obtained from an electronic health record system?

- Yes
- No

For the current reporting period, were you participating in any of the following programs?

- Medicare Shared Savings Program
- Transforming Clinical Practice Initiative participant
- Pioneer ACO

- Pioneer ACO
- QIO/QIN participant
- Federally Qualified Health Center provider
- Health Department Lead QI initiative participant
- Indian Health Service provider
- Comprehensive Primary Care Plus (CPC+) practice
- CMS Million Hearts Risk Reduction Model
- WISEWOMAN program participant
- EvidenceNOW participant
- American Medical Group Foundation Measure Up Pressure Down participant
- Target: BP
- Other

Clinical system supports

Please check the button before each sustainable process for providing care in the clinic or healthcare system that is used on a regular basis. Provide a brief description of as many "other" processes or systems as applicable to your practice or health system. You may also add details to many of the systems described below to support the application.

- Written treatment protocols
- Electronic Medical Records (EMR): Registry features
- Electronic Medical Records (EMR): With clinical decision supports
- Electronic Medical Records (EMR): With e-prescribing
- Electronic Medical Records (EMR): With treatment/testing reminders
- Electronic Medical Records (EMR): With patient summary reports
- Team Based Care: Nurse engagement
- Team Based Care: Nurse Practitioner engagement
- Team Based Care: Pharmacist engagement
- Team Based Care: Patient Navigator/Care Coordinator
- Team Based Care: Other
- Provider Incentives: Financial
- Provider Incentives: Administrative

- Provider Incentives: Administrative
- Provider Incentives: Recognition
- Provider Incentives: Other
- Patient Incentives
- Non-electronic reminders or alerts for providers or patients
- Free blood pressure checks
- Provider Dashboards
- Home blood pressure monitoring support or equipment
- Medication adherence strategies
- Outreach to patients
- Other

Is there anything else you would like to add to support the application?
