Getting Started

Open Payments (the Sunshine Act) is a national disclosure program that promotes transparency by publishing the financial relationships between applicable manufacturers and applicable group purchasing organizations (GPOs) and healthcare providers (physicians and teaching hospitals) on a publicly accessible website. The Open Payments system enables the annual reporting of these relationships to CMS.

Register in the Open Payments System

To perform actions in the system, you must register and associate yourself with a type of reporting entity or covered recipient. You may select applicable manufacturer or applicable GPO, physician, or teaching hospital.

- 1. Registering as an applicable manufacturer or applicable group purchasing organization (i.e., "reporting entity")**

If the reporting entity has not yet been registered in the Open Payments system, registration must be completed by a person highly placed within the entity, such as a Chief Executive Officer, Chief Financial Officer, Chief Compliance Officer, or other equivalent positions. During registration of the reporting entity, you will also create your individual user profile.

If the entity already has been registered in Open Payments, you may nominate yourself to fulfill a role for the entity. Self-nominations must be approved by an officer of the reporting entity before you can perform actions associated with the requested role.
- 2. Registering as a physician**

Physicians must register as a physician user to see records associated with them

Create Profile

To begin creating a profile and registering in the Open Payments system, you must identify your affiliation with an applicable manufacturer, applicable group purchasing organization (GPO), teaching hospital, or physician.

If the applicable manufacturer, applicable GPO, teaching hospital, or physician has not yet been registered in the Open Payments system, you may be able to proceed with registering it, and then yourself. Collect the information needed for applicable manufacturer, applicable GPO, teaching hospital, or physician registration given below.

If the applicable manufacturer, applicable GPO, teaching hospital, or physician has already been registered in the Open Payments system, you may:

- Ask a user already affiliated with the applicable manufacturer, applicable GPO, teaching hospital, or physician to nominate you for a user role; or
- Create a personal profile and nominate yourself for a role with an applicable manufacturer, applicable GPO, or teaching hospital. Note that users who wish to associate themselves with physicians cannot self-nominate, but must be nominated by the physician.

When registering, it is important that you have all required information available, as registration must be completed in one session. Your session will time out after 30 minutes of inactivity and all information entered during that session will be lost.

Select Profile Type

A field with an asterisk (*) is required.

If you do not have a nomination ID and/or a registration ID, begin creating your profile by indicating below whether you are affiliated with an applicable manufacturer or applicable GPO, teaching hospital, or physician.

If you received a nomination ID and/or a registration ID in an email notifying you of your nomination role, you may begin creating your profile by selecting the “I have a Nomination ID and/or a Registration ID” link.

Note that if you wish to register as a physician authorized representative, you will only receive a nomination ID. You cannot nominate yourself for a physician authorized representative role.

Physicians can view records submitted about them only if they register themselves as physicians. If you are a physician that is affiliated with a teaching hospital and wish to view payments made directly to you, you should register yourself as a physician and not as a teaching hospital. Registering as a teaching hospital will allow you to view only records submitted to the teaching hospital. If you have any questions regarding the user type you should register as, please contact the Open Payments Help Desk (openpayments@crms.hhs.gov) for guidance.
