Covered Recipient Demographic Information

A field with an asterisk (*) is required.

Select the recipient type for the payment, other transfer of value, or ownership or investment interest being made. Then enter the demographic information.

Note: Once a record has undergone final submission, the covered recipient identifying information in that record (e.g., physician first name and last name, NPI, license information) is locked and cannot be edited. To change covered recipient identifying information in a record that has undergone final submission, you must delete the original record and submit a new record with updated covered recipient identifying information.

To assist with filling out this page, CMS has provided a Teaching Hospital List and a Validated Physician List. You can use them to find correct information when preparing your payment data.

- The Teaching Hospital List is on the [CMS Open Payments website](#). The list is updated annually and can be searched by program year. If a teaching hospital you want to cite as a covered recipient does not appear on the Teaching Hospital List, contact the Open Payments Help Desk openpayments@cms.hhs.gov for assistance.
- The Teaching Hospital Lists for all program years are available on the CMS Open Payments website at www.cms.gov/openpayments.
- If a payment or other transfer of value was made to a teaching hospital that does not appear on the Teaching Hospital List for the year in which the payment was made, the payment or other transfer of value does not have to be reported.
- For program year 2013, submitted records must use the Legal Business Name (listed as "PECOS Legal Business Name" in the Teaching Hospital List) of that hospital in the Teaching Hospital Name field. For all subsequent program years, submitted records must use the Doing Business As Name (listed as "Hospital Name" in the Teaching Hospital List) in the Teaching Hospital Name field.
- The Validated Physician List can be found on the Submissions page of the Open Payments system. This list contains first and last names (with variations), NPIs, and state license numbers for physicians who have been reported upon in the Open Payments system. CMS encourages applicable manufacturers and GPOs to use the list to avoid inconsistencies in reporting. This list should not be shared publicly.

Covered Recipient Demographic Information

A field with an asterisk (*) is required.

Select the recipient type for the payment, other transfer of value, or ownership or investment interest being made. Then enter the demographic information.

Note: Once a record has undergone final submission, the covered recipient identifying information in that record (e.g., physician first name and last name, NPI, license information) is locked and cannot be edited. To change covered recipient identifying information in a record that has undergone final submission, you must delete the original record and submit a new record with updated covered recipient identifying information.

To assist with filling out this page, CMS has provided a Teaching Hospital List and a Validated Physician List. You can use them to find correct information when preparing your payment data.

- The Teaching Hospital List is on the [CMS Open Payments website](#). The list is updated annually and can be searched by program year. If a teaching hospital you want to cite as a covered recipient does not appear on the Teaching Hospital List, contact the Open Payments Help Desk openpayments@cms.hhs.gov for assistance.
- The Teaching Hospital Lists for all program years are available on the CMS Open Payments website at www.cms.gov/openpayments.
- If a payment or other transfer of value was made to a teaching hospital that does not appear on the Teaching Hospital List for the year in which the payment was made, the payment or other transfer of value does not have to be reported.
- For program year 2013, submitted records must use the Legal Business Name (listed as "PECOS Legal Business Name" in the Teaching Hospital List) of that hospital in the Teaching Hospital Name field. For all subsequent program years, submitted records must use the Doing Business As Name (listed as "Hospital Name" in the Teaching Hospital List) in the Teaching Hospital Name field.
- The Validated Physician List can be found on the Submissions page of the Open Payments system. This list contains first and last names (with variations), NPIs, and state license numbers for physicians who have been reported upon in the Open Payments system. CMS encourages applicable manufacturers and GPOs to use the list to avoid inconsistencies in reporting. This list should not be shared publicly.
