**i Supplemental Security Income**

One of the programs we administer is Supplement Security Income, or SSI. SSI is a federal program that provides monthly payments to people who do not have much income or own many things. Even if you have income or own things, we do not always count everything that you have.

In some states, if you receive SSI, you also qualify for Medicaid and the Supplemental Nutrition Assistance Program, previously known as food stamps.

To get SSI, you must:

- Be 65 or older,
- Be totally or partially blind, or
- Have a medical condition that keep you from working or is expected to last at least one year or result in death.
