

The BLM has prepared this Final Supplemental EIS as a response to the United States Court of Appeals for the Ninth Circuit's remand decision for further action on issues identified in its December 28, 2016 decision. The Final Supplemental EIS includes the following: (1) An explanation of the usage of baseline values of zero for several air pollutants; (2) a quantitative cumulative air quality impacts analysis; and (3) a clarification of the status of certain springs and water holes under Executive Order Public Water Reserve No. 107.

The BLM has consulted, and continues to consult, with Native American tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the Project are invited to participate in the comment process.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7.

BILLING CODE 4310-HC-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010-0106; Docket ID: BOEM-2017-0016]

Agency Information Collection Activities; Oil Spill Financial Responsibility for Offshore Facilities

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR) with revisions.

DATES: Interested persons are invited to submit comments on or before October 22, 2019.

ADDRESSES: Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010-0106 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Anna Atkinson by email, or by telephone at 703-787-1025.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimizes the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. We are especially interested in public comments addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information be processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in our request to the Office of Management and Budget (OMB) for approval of this ICR. You should be aware that your entire comment—including your address, phone number, email address, or other personal identifying information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of your information, such as embarrassment, injury, or other harm. While you can ask us in your comment

to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's FOIA regulations (43 CFR part 2), and under applicable sections of 30 CFR parts 550 and 552 promulgated pursuant to Outer Continental Shelf Lands Act (OCSLA) at 43 U.S.C. 1352(c).

Abstract: This ICR concerns the paperwork requirements in the regulations in 30 CFR part 553, Oil Spill Financial Responsibility for Offshore Facilities, including any supplementary notices to leases and operators that provide clarification, description, or explanation of these regulations; and forms BOEM-1016 through 1023, and BOEM-1025.

BOEM uses the information collected under 30 CFR part 553 to verify compliance with section 1016 of the Oil Pollution Act, as amended, 33 U.S.C. 2701 *et seq.* This information is necessary to confirm that applicants can pay for cleanup and damages resulting from oil spills and other hydrocarbon discharges that originate from covered offshore facilities.

BOEM uses forms to collect information to ensure proper and efficient administration of Oil Spill Financial Responsibility. BOEM collects information to:

- Provide a standard method for establishing eligibility for oil spill financial responsibility for offshore facilities;
- Identify and maintain a record of those offshore facilities that have a potential oil spill liability;
- Establish and maintain a continuous record, over the liability term specified in Title I of the Oil Pollution Act of 1990, of financial evidence and instruments established to pay claims for oil spill cleanup and damages resulting from operations conducted on covered offshore facilities and the transportation of oil from covered offshore facilities and wells;
- Establish and maintain a continuous record of responsible parties, as defined in Title I of the Oil Pollution Act of 1990, and their agents or Authorized Representatives for oil spill financial responsibility for covered offshore facilities; and
- Establish and maintain a continuous record, over the liability term specified in Title I of the Oil Pollution Act of 1990, of persons to contact and U.S. Agents for Service of Process for claims associated with oil spills from covered offshore facilities.

Title of Collection: 30 CFR 553, Oil Spill Financial Responsibility for Offshore Facilities.
OMB Control Number: 1010-0106.
Form Number:

- BOEM-1016, Designated Applicant Information Collection;
- BOEM-1017, Appointment of Designated Applicant;
- BOEM-1018; Self-Insurance Information;
- BOEM-1019, Insurance Certificate;
- BOEM-1020, Surety Bond;
- BOEM-1021, Covered Offshore Facility;
- BOEM-1022, Covered Offshore Facility Changes;
- BOEM-1023, Financial Guarantee; and
- BOEM-1025, Independent Designated Applicant Information Certification.

Type of Review: Renewal with revisions of a currently approved information collection.
Respondents/Affected Public: Holders of leases, permits, right-of-way grants, and right-of-use and easement grants in the OCS and in State coastal waters who are responsible parties and/or who will appoint designated applicants. Other respondents may be the designated applicants' insurance agents and brokers, bonding companies, and guarantors. Some respondents may also be claimants.
Total Estimated Number of Annual Responses: 1,823 responses.
Total Estimated Number of Annual Burden Hours: 22,133 hours.
Respondent's Obligation: Mandatory.
Frequency of Collection: On occasion or annual.
Total Estimated Annual Non-Hour Burden Cost: None.

Estimated Reporting and Recordkeeping Hour Burden: The current annual burden hours for this collection are 22,132 hours. BOEM proposes to increase the annual burden hours to 22,133 hours to account for a requirement under 30 CFR 553.62 not previously counted. BOEM, under 30 CFR 553.62, requires the designated applicant to notify their guarantors and responsible parties within 15 calendar days of receiving a claim for removal costs and damages. BOEM plans to add 1 annual burden hour under 30 CFR 553.62 to account for the burden. The burden was not previously counted in this OMB control number, because it was thought to overlap with U.S. Coast Guard's requirements.
 The following table details the individual components and respective hour burden estimates of this ICR.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-449 and 731-TA-1118-1121 (Second Review)]

Light-Walled Rectangular Pipe and Tube From China, Korea, Mexico, and Turkey; Notice of Commission Determinations to Conduct Full Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it will proceed with full reviews pursuant to the Tariff Act of 1930 to determine whether revocation of the countervailing duty order on light-walled rectangular pipe and tube (“LWR pipe and tube”) from China and revocation of the antidumping duty orders on LWR pipe and tube from China, Korea, Mexico, and Turkey would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the reviews will be established and announced at a later date.

DATES: August 5, 2019.

FOR FURTHER INFORMATION CONTACT: Andres Andrade (202-205-2078), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain

information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

SUPPLEMENTARY INFORMATION: On August 5, 2019, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). The Commission found that the group responses to its notice of institution (84 FR 18577) from both the domestic interested parties and the respondent interested parties from Mexico were adequate. The Commission determined to conduct a full review of the antidumping order on LWR pipe and tube from Mexico. The Commission did not receive a response to the notice of institution from any respondent interested parties concerning the orders on subject imports from China, Korea, or Turkey in these reviews. Consequently, the Commission determined that the respondent interested party group responses from each of these subject countries were inadequate. The Commission, however, determined to conduct full reviews of the orders on LWR pipe and tube from China, Korea, and Turkey in order to promote administrative efficiency in light of the Commission’s determination to conduct a full review of the order on LWR pipe

and tube from Mexico.¹ A record of the Commissioners’ votes, the Commission’s statement on adequacy, and any individual Commissioner’s statements will be available from the Office of the Secretary and at the Commission’s website.

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.

Issued: August 19, 2019.

Lisa Barton,
Secretary to the Commission.
