Note - Schedule P attachments are attached via the Schedule P summary page.</li> <li>• View files that were previously attached to schedules other than Schedule P by clicking the “Attachments” button.</li> <li>• Delete files that were previously attached to schedules other than Schedule P by clicking the “Attachments” button.</li> <li>• View a draft filing by clicking on the “View Draft” button, a form will appear on the screen showing the information entered as of the last time you clicked “Save”. <p>14</p>	<p>Schedule FG – 80% 4010 FTAP Gateway Test</p>	<p><b>Schedule FG overview</b></p> <p>The purpose of Schedule FG is to demonstrate that a filing is not required for the current information year. Schedule FG <u>must</u> be completed if a 4010 filing was required for the prior information year and you indicated that a 4010 filing is not required for this year on Schedule G. Schedule FG <u>may</u> also be completed to help you determine whether or not a 4010 filing is required. If you’re sure a 4010 filing is required for the current year, there is no need to complete Schedule FG. In this case, click “cancel” to return to the home page.</p> <p><b>80% 4010 FTAP gateway test</b></p> <p>Reporting is required if any plan sponsored by a member of the controlled group had a 4010 funding target attainment percentage (4010 FTAP) below 80% unless a reporting waiver applies.</p> <p>The 4010 FTAP for a plan for a plan year equals the funding target attainment percentage as provided under ERISA section 303(d)(2) determined as of the valuation date for the plan year but determined without regard to the interest rate stabilization rules of ERISA section 303(h)(2)(C)(iv). If any plan sponsored by a member of the controlled group has a 4010 FTAP below 80%*, check “Yes”.</p> <p>Q&amp;A NA-3 of IRS notice 2012-61 provides rules with respect to how the value of plan assets is determined for this purpose. § 4010.4(b)(2) provides that the value of assets determined under ERISA section 303(g)(3) may (but need not) be substituted for this value. After making your selection, click “Next”. If you answer:</p> <ul style="list-style-type: none"> <li>• “Yes”, a 4010 filing is required for the current information year unless you qualify for a waiver based on the aggregate 4010 funding shortfall or aggregate participant count. Questions about these waivers will appear.</li> </ul> <p>“No”, another question will appear which must be answered before a determination can be made about whether a filing is required</p> <p>* If none of the plans sponsored by a member of the controlled group would have had a 4010 FTAP below 80%, if not for a late election to reduce a pre-funding or carry over balance, reporting is waived. If this is the case, check “No” (i.e., treat such plans as if the 4010 FTAP was at least 80%).</p>

<p>15</p>	<p>Schedule FG – Filing Waiver</p>	<p>This screen will appear only if you answered “yes” to the question on screen 14 (i.e., at least one plan has a 4010 FTAP below 80%).</p> <p><b>Aggregate 4010 funding shortfall waiver</b> - If the aggregate 4010 funding shortfall exceeds \$15 million, select “Yes”. Otherwise select “No”. For this calculation:</p> <ul style="list-style-type: none"> <li>• The 4010 funding shortfall is equal to the funding shortfall defined in ERISA section 303(c)(4) except that:             <ul style="list-style-type: none"> <li>- The funding target used to calculate the 4010 funding shortfall is determined without regard to the interest rate stabilization provisions of ERISA section 303(h)(2)(C)(iv) and Code section 430(h)(2)(C)(iv) and without regard to the at-risk assumptions of ERISA section 303(i) and Code section 430(i) unless plan is in at-risk status.</li> <li>- The value of plan assets used to calculate the 4010 funding shortfall is determined without regard to the reduction under ERISA section 303(f)(4)(B) and Code section 430(f)(4)(B) (dealing with reduction of assets by the amount of prefunding and funding standard carryover balances); and</li> </ul> </li> <li>• Every plan maintained by any member of the controlled group as of the last day of the plan year ending within the information year (including exempt plans) must be included unless that plan has no 4010 funding shortfall (i.e., one plan’s surplus cannot be used to offset another plan’s shortfall).</li> <li>• The entire 4010 funding shortfall of a multiple employer plan must be included when determining whether the \$15 million controlled-group waiver applies to an employer that is a contributing sponsor of the multiple employer plan.</li> </ul> <p><b>Aggregate participant count waiver</b> - if the aggregate number of participants in all plans (including any exempt plans) maintained by the person’s controlled group as of the last day of the plan year ending within the information year equals or exceeds 500, select check “yes”. Otherwise select “No”.</p> <p>For this purpose, the number of participants in any plan may be determined either as of the end of the plan year ending within the information year or as of the valuation date for that plan year.</p> <p>After making your selections, click “Next”. If you answer:</p> <ul style="list-style-type: none"> <li>• “No” to either question, it’s likely a filing is not required. However, in most cases, reporting because of this event is waived.</p> <p>Select “Yes” if any member of the controlled group failed to make a required installment that met the conditions described above. Otherwise select “No”.</p> <p>If you select “Yes”, you must answer the other question on this screen regarding the requirement under Section 4043 to report such missed contribution to PBGC on Form 200. However, in most cases, reporting because of this event is waived. For information on when a waiver is considered outstanding, see § 4010.4(e).</p> <p>Select “Yes” if an outstanding waiver exists that meets the above criteria. Otherwise, select “No”.</p> <p>If you select “Yes”, you must answer the other question on this screen regarding the requirement under Section 4043 to notify PBGC that an application for a funding waiver has been submitted to IRS. For purposes of the second question, answer “Yes”, if the event was reported (or will be reported) before the 4010 due date, even if that is after the 4043 due date.</p> <p>After making your selection, click “Next”.
