

Caution: *DRAFT—NOT FOR FILING*

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information as a courtesy. **Do not file draft forms.** Also, do **not** rely on draft forms, instructions, and publications for filing. We generally do not release drafts of forms until we believe we have incorporated all changes. However, unexpected issues sometimes arise, or legislation is passed, necessitating a change to a draft form. In addition, forms generally are subject to OMB approval before they can be officially released. Drafts of instructions and publications usually have at least some changes before being officially released.

Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms), and may remain there even after the final release is posted at [IRS.gov/DownloadForms](https://www.irs.gov/DownloadForms). All information about all forms, instructions, and pubs is at [IRS.gov/Forms](https://www.irs.gov/Forms).

Almost every form and publication also has its own page on IRS.gov. For example, the Form 1040 page is at [IRS.gov/Form1040](https://www.irs.gov/Form1040); the Publication 17 page is at [IRS.gov/Pub17](https://www.irs.gov/Pub17); the Form W-4 page is at [IRS.gov/W4](https://www.irs.gov/W4); and the Schedule A (Form 1040) page is at [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA). If typing in a link above instead of clicking on it, be sure to type the link into the address bar of your browser, not in a Search box. Note that these are friendly shortcut links that will automatically go to the actual link for the page.

If you wish, you can submit comments about draft or final forms, instructions, or publications at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). We cannot respond to all comments due to the high volume we receive. Please note that we may not be able to consider many suggestions until the subsequent revision of the product.

Future Developments

For the latest information about developments related to Form 1120 and its instructions, such as legislation

enacted after they were published, go to [IRS.gov/Form1120](https://www.irs.gov/Form1120).

What's New

Tax rates. For tax years beginning after December 31, 2017, P.L. 115-97 replaced the graduated corporate tax structure with a flat 21% corporate tax rate. See the instructions for [Schedule J, Part I, line 2](#).

Alternative minimum tax. The alternative minimum tax does not apply to corporations for tax years beginning after December 31, 2017. In addition, corporations may treat a portion of their prior year alternative minimum tax credit carryover as refundable. See Form 8827.

Base erosion minimum tax. If the corporation had gross receipts of at least \$500 million in any one of the 3 tax years preceding the current tax year, complete Form 8991. See section 59A and the Instructions for Form 8991. Also see the instructions for [Schedule J, Part I, line 3](#), and the instructions for [Schedule K, Question 22](#).

Small business taxpayers. Effective for tax years beginning after December 31, 2017, P.L. 115-97 expanded the eligibility of small business taxpayers to use the cash method. See [Accounting Methods](#), later.

Address change for filing returns. The filing address for certain returns filed after June 17, 2019, has changed. See [Where To File](#), later.

Limitation on business interest expense. For tax years beginning after December 31, 2017, taxpayers who deduct business interest are required to file Form 8990, Limitation on Business Interest Expense Under Section 163(j), unless an exception for filing is met. See the instructions for Schedule K, Questions 23 and 24. For more information, see Form 8990 and the Instructions for Form 8990.

Global intangible low-taxed income (GILTI). P.L. 115-97 enacted new section 951A, which requires certain domestic corporations that are U.S. shareholders of controlled foreign corporations to determine and include their GILTI in taxable income every year. Section 951A is effective for tax years of foreign corporations beginning after December 31, 2017, and for tax years of U.S. shareholders in which or with which such

tax years of foreign corporations end. Use Form 8992 to figure the domestic corporation's GILTI. See section 951A and Form 8992 for more information.

Foreign-derived intangible income (FDII). New section 250 allows a domestic corporation a deduction for the eligible percentage of FDII and GILTI. Section 250 is effective for tax years beginning after December 31, 2017. Use Form 8993 to figure the amount of the eligible deduction for FDII and GILTI under section 250. See section 250 and Form 8993 for more information.

Deduction for foreign-source portion of dividends received by domestic corporations from specified 10%-owned foreign corporations. Certain domestic corporations that are U.S. shareholders of specified 10%-owned foreign corporations are allowed a 100% deduction ("participation exemption DRD") for the foreign-source portion of dividends received from the foreign corporation. This applies to distributions after December 31, 2017. See new section 245A.

Treatment of deferred foreign income upon transition to participation exemption system of taxation. U.S. shareholders of specified foreign corporations (as defined under section 965(e), as amended by P.L. 115-97) may have an inclusion under section 965 based on the post-1986 deferred foreign income of the specified foreign corporations determined as of November 2, 2017, or December 31, 2017. The U.S. shareholders may elect to pay the liability under section 965 on the post-1986 deferred foreign income in eight installments. See section 965, as amended. Also, for further guidance see Pub. 5292.

Domestic production activities deduction (DPAD). The DPAD has been repealed for tax years beginning after December 31, 2017, with limited exceptions. See [Line 26, Other Deductions](#), later.

Net operating loss. The 2-year carryback rule does not apply to NOLs arising in tax years ending after December 31, 2017. Exceptions apply to certain farming losses and NOLs of insurance companies other than life insurance companies. See section 172(b). Also see [Net operating loss \(NOL\)](#), later.

Special rules for eligible gains invested in Qualified Opportunity Funds. Effective December 22, 2017, section 1400Z-2 provides shareholders investing eligible gains in Qualified Opportunity Funds (QOFs) tax-favored investments. If the corporation is operating as a QOF, Form 8996 may be required. See Form 8996 and the Instructions for Form 8996. Also see Form 1120, Schedule K, Question 25.

At the time these instructions went to print, several credits and deductions available to corporations expired December 31, 2017. To find out if legislation extended the credits and deductions and made them available for 2018, go to [IRS.gov/Extenders](https://www.irs.gov/Extenders).

Photographs of Missing Children

The Internal Revenue Service is a proud partner with the [National Center for Missing & Exploited Children® \(NCMEC\)](https://www.nationalcenterformissingandexploitedchildren.org/). Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling 1-800-THE-LOST (1-800-843-5678) if you recognize a child.

The Taxpayer Advocate Service

The Taxpayer Advocate Service (TAS) is an **independent** organization within the IRS that helps taxpayers and protects taxpayer rights. TAS's job is to ensure that every taxpayer is treated fairly and knows and understands their rights under the [Taxpayer Bill of Rights](https://www.irs.gov/TaxpayerBillOfRights).

As a taxpayer, the corporation has rights that the IRS must abide by in its dealings with the corporation. TAS can help the corporation if:

- A problem is causing financial difficulty for the business.
- The business is facing an immediate threat of adverse action.
- The corporation has tried repeatedly to contact the IRS but no one has responded, or the IRS hasn't responded by the date promised.

The TAS tax toolkit at [TaxpayerAdvocate.IRS.gov](https://www.irs.gov/TaxpayerAdvocate) can help the corporation understand these rights.

TAS has offices in every state, the District of Columbia, and Puerto Rico. Local advocates' numbers are in their local directories and at [TaxpayerAdvocate.IRS.gov](https://www.irs.gov/TaxpayerAdvocate). The corporation can also call TAS at 1-877-777-4778.

TAS also works to resolve large-scale or systemic problems that affect many

taxpayers. If the corporation knows of one of these broad issues, please report it to TAS through the Systemic Advocacy Management System at [IRS.gov/SAMS](https://www.irs.gov/SAMS).

For more information, go to [IRS.gov/Advocate](https://www.irs.gov/Advocate).

Direct Deposit of Refund

To request a direct deposit of the corporation's income tax refund into an account at a U.S. bank or other financial institution, attach Form 8050, Direct Deposit of Corporate Tax Refund. See the instructions for line 36.

How To Make a Contribution To Reduce Debt Held by the Public

To help reduce debt held by the public, make a check payable to "Bureau of the Public Debt." Send it to: Bureau of the Public Debt, Department G, P.O. Box 2188, Parkersburg, WV 26106-2188. Or, enclose a check with the income tax return.

Do not add the contributions to any tax the corporation may owe. Contributions to reduce debt held by the public are deductible subject to the rules and limitations for charitable contributions.

How To Get Forms and Publications

Internet. You can access the IRS website 24 hours a day, 7 days a week, at [IRS.gov](https://www.irs.gov) to:

- Download forms, instructions, and publications;
- Order IRS products online;
- Research your tax questions online;
- Search publications online by topic or keyword;
- View Internal Revenue Bulletins (IRBs) published in recent years; and
- Sign up to receive local and national tax news by email.

Tax forms and publications. The corporation can download or print all of the forms and publications it may need on [IRS.gov/FormsPubs](https://www.irs.gov/FormsPubs). Otherwise, the corporation can go to [IRS.gov/OrderForms](https://www.irs.gov/OrderForms) to place an order and have forms mailed to it. The corporation should receive its order within 10 business days.

General Instructions

Purpose of Form

Use Form 1120, U.S. Corporation Income Tax Return, to report the income, gains, losses, deductions, credits, and to figure the income tax liability of a corporation.

Who Must File

Unless exempt under section 501, all domestic corporations (including corporations in bankruptcy) must file an income tax return whether or not they have taxable income. Domestic corporations must file Form 1120, unless they are required, or elect to file a special return. See [Special Returns for Certain Organizations](https://www.irs.gov/SpecialReturnsforCertainOrganizations) below.

Entities electing to be taxed as corporations. A domestic entity electing to be classified as an association taxable as a corporation must file Form 1120, unless it is required to or elects to file a special return listed under [Special Returns for Certain Organizations](https://www.irs.gov/SpecialReturnsforCertainOrganizations) below. The entity also must file Form 8832, Entity Classification Election, and attach a copy of Form 8832 to Form 1120 (or the applicable return) for the year of the election. For more information, see Form 8832 and its instructions.

Limited liability companies (LLC). If an entity with more than one owner was formed as an LLC under state law, it generally is treated as a partnership for federal income tax purposes and files Form 1065, U.S. Return of Partnership Income. Generally, a single-member LLC is disregarded as an entity separate from its owner and reports its income and deductions on its owner's federal income tax return. The LLC can file a Form 1120 only if it has filed Form 8832 to elect to be treated as an association taxable as a corporation. For more information about LLCs, see Pub. 3402, Taxation of Limited Liability Companies.

Corporations engaged in farming. A corporation (other than a corporation that is a subchapter T cooperative) that engages in farming should use Form 1120 to report the income (loss) from such activities. Enter the income and deductions of the corporation according to the instructions for lines 1 through 10 and 12 through 29.

Ownership interest in a Financial Asset Securitization Investment Trust (FASIT). Special rules apply to a FASIT in existence on October 22, 2004, to the extent that regular interests issued by the FASIT before October 22, 2004, continue to remain outstanding in accordance with their original terms.

If a corporation holds an ownership interest in a FASIT to which these special rules apply, it must report all items of income, gain, deductions, losses, and credits on the corporation's income tax return (except as provided in section 860H). Show a breakdown of the items on an attached statement. For more information, see sections 860H and 860L (repealed with certain exceptions).

Foreign-owned domestic disregarded entities. If a foreign person, including a foreign corporation, wholly owns a domestic disregarded entity (DE), the domestic DE is treated as a domestic corporation separate from its owner (the foreign corporation) for the limited purposes of the requirements under section 6038A that apply to 25% foreign-owned domestic corporations. While a DE is not required to file a U.S. income tax return, a DE covered by these rules may be required to file a pro forma Form 1120 and attach Form 5472. See the Instructions for Form 5472 for additional information and coordination with Form 5472 reporting by the domestic DE.

Electronic Filing

Corporations generally can electronically file (*e-file*) Form 1120, related forms, schedules, and attachments; Form 7004 (automatic extension of time to file); and Forms 940, 941, and 944 (employment tax returns). If there is a balance due, the corporation can authorize an electronic funds withdrawal while e-filing. Form 1099 and other information returns also can be electronically filed. The option to *e-file* does not, however, apply to certain returns.

Certain corporations with total assets of \$10 million or more that file at least 250 returns a year are required to *e-file* Form 1120. See Regulations section 301.6011-5. However, these corporations can request a waiver of the electronic filing requirements. See Notice 2010-13, 2010-4 I.R.B. 327.

For more information, visit IRS.gov/Businesses.

When To File

Generally, a corporation must file its income tax return by the 15th day of the 4th month after the end of its tax year. A new corporation filing a short-period return generally must file by the 15th day of the 4th month after the short period ends. A

corporation that has dissolved generally must file by the 15th day of the 4th month after the date it dissolved.

However, a corporation with a fiscal tax year ending June 30 must file by the 15th day of the 3rd month after the end of its tax year. A corporation with a short tax year ending anytime in June will be treated as if the short year ended on June 30, and must file by the 15th day of the 3rd month after the end of its tax year.

If the due date falls on a Saturday, Sunday, or legal holiday, the corporation can file on the next business day.

Private Delivery Services

Corporations can use certain private delivery services (PDS) designated by the IRS to meet the "timely mailing as timely filing" rule for tax returns. Go to IRS.gov/PDS.

The PDS can tell you how to get written proof of the mailing date.

For the IRS mailing address to use if you're using a PDS, go to IRS.gov/PDSstreetAddresses.

Private delivery services can't deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

Extension of Time To File

File Form 7004, Application for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns, to request an extension of time to file. Generally, the corporation must file Form 7004 by the regular due date of the return. See the Instructions for Form 7004.

Who Must Sign

The return must be signed and dated by:

- The president, vice president, treasurer, assistant treasurer, chief accounting officer; or
- Any other corporate officer (such as tax officer) authorized to sign.

If a return is filed on behalf of a corporation by a receiver, trustee, or assignee, the fiduciary must sign the return, instead of the corporate officer. Returns and forms signed by a receiver or trustee in bankruptcy on behalf of a corporation must be accompanied by a copy of the order or instructions of the court authorizing signing of the return or form.

If an employee of the corporation completes Form 1120, the paid preparer space should remain blank. Anyone who prepares Form 1120 but does not charge the corporation should not complete that section. Generally, anyone who is paid to

prepare the return must sign it and fill in the "Paid Preparer Use Only" area.

The paid preparer must complete the required preparer information and:

- Sign the return in the space provided for the preparer's signature.
- Give a copy of the return to the taxpayer.

TIP *A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.*

Paid Preparer Authorization

If the corporation wants to allow the IRS to discuss its 2018 tax return with the paid preparer who signed it, check the "Yes" box in the signature area of the return.

This authorization applies only to the individual whose signature appears in the "Paid Preparer Use Only" section of the return. It does not apply to the firm, if any, shown in that section.

If the "Yes" box is checked, the corporation is authorizing the IRS to call the paid preparer to answer any questions that may arise during the processing of its return. The corporation is also authorizing the paid preparer to:

- Give the IRS any information that is missing from the return,
- Call the IRS for information about the processing of the return or the status of any related refund or payment(s), and
- Respond to certain IRS notices about math errors, offsets, and return preparation.

The corporation is not authorizing the paid preparer to receive any refund check, bind the corporation to anything (including any additional tax liability), or otherwise represent the corporation before the IRS.

The authorization will automatically end no later than the due date (excluding extensions) for filing the corporation's 2019 tax return. If the corporation wants to expand the paid preparer's authorization or revoke the authorization before it ends, see Pub. 947, Practice Before the IRS and Power of Attorney.

A group of corporations with members located in more than one service center area will often keep all the books and records at the principal office of the managing corporation. In this case, the tax returns of the corporations may be filed with the service center for the area in which the principal office of the managing corporation is located.

7. Form 8941.
8. Form 3800.
9. Additional schedules in alphabetical order.
10. Additional forms in numerical order.
11. Supporting statements and attachments.

Complete every applicable entry space on Form 1120. Do not enter "See Attached" or "Available Upon Request" instead of completing the entry spaces. If more space is needed on the forms or schedules, attach separate sheets using the same size and format as the printed forms.

If there are supporting statements and attachments, arrange them in the same order as the schedules or forms they support and attach them last. Show the totals on the printed forms. Enter the corporation's name and EIN on each supporting statement or attachment.

Note. If the corporation had tax withheld under Chapter 3 or 4 of the Internal Revenue Code and received a Form 1042-S, Form 8805, or Form 8288-A showing the amount of income tax withheld, attach such form(s) to the corporation's income tax return to claim a withholding credit. The corporation should report the tax withheld on Schedule J, Part III, line 20d. See the instructions for [Schedule J, Part III, line 20d](#).

Tax Payments

Generally, the corporation must pay any tax due in full no later than the due date for filing its tax return (not including extensions). See the instructions for line 35. If the due date falls on a Saturday, Sunday, or legal holiday, the payment is due on the next day that isn't a Saturday, Sunday, or legal holiday.

Electronic Deposit Requirement

Corporations must use electronic funds transfer to make all federal tax deposits (such as deposits of employment, excise, and corporate income tax). Generally, electronic funds transfers are made using the Electronic Federal Tax Payment System (EFTPS). However, if the corporation does not want to use EFTPS, it can arrange for its tax professional, financial institution, payroll service, or other trusted third party to make deposits on its behalf. Also, it may arrange for its financial institution to submit a same-day payment (discussed below) on its behalf. EFTPS is a free service provided by the Department of the Treasury. Services provided by a tax professional, financial institution, payroll service, or other third party may have a fee.

To get more information about EFTPS or to enroll in EFTPS, visit www.eftps.gov or call 1-800-555-4477 (TTY/TDD 1-800-733-4829).

Depositing on time. For any deposit made by EFTPS to be on time, the corporation must submit the deposit by 8 p.m. Eastern time the day before the date the deposit is due. If the corporation uses a third party to make deposits on its behalf, they may have different cutoff times.

Same-day wire payment option. If the corporation fails to submit a deposit transaction on EFTPS by 8 p.m. Eastern time the day before the date a deposit is due, it can still make its deposit on time by using the Federal Tax Collection Service (FTCS). To use the same-day wire payment method, the corporation will need to make arrangements with its financial institution ahead of time regarding availability, deadlines, and costs. Financial institutions may charge a fee for payments made this way. To learn more about the information the corporation will need to provide to its financial institution to make a same-day wire payment, go to IRS.gov/SameDayWire.

Estimated Tax Payments

Generally, the following rules apply to the corporation's payments of estimated tax.

- The corporation must make installment payments of estimated tax if it expects its total tax for the year (less applicable credits) to be \$500 or more.
- The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day.
- The corporation must use electronic funds transfer to make installment payments of estimated tax.
- Use Form 1120-W, Estimated Tax for Corporations, as a worksheet to compute estimated tax. See the Instructions for Form 1120-W.
- Penalties may apply if the corporation does not make required estimated tax payment deposits. See *Estimated tax penalty* below.
- If the corporation overpaid estimated tax, it may be able to get a quick refund by filing Form 4466, Corporation Application for Quick Refund of Overpayment of Estimated Tax. See the instructions for Schedule J, Part III, line 15, later.

Estimated tax penalty. A corporation that does not make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Generally, a corporation is subject to the penalty if its tax liability is

\$500 or more and it did not timely pay at least the smaller of:

- Its tax liability for the current year, or
- Its prior year's tax.

Use Form 2220, Underpayment of Estimated Tax by Corporations, to see if the corporation owes a penalty and to figure the amount of the penalty. If Form 2220 is completed, enter the penalty on line 34. See the instructions for line 34.

Interest and Penalties

 *If the corporation receives a notice about penalties after it files its return, send the IRS an explanation and we will determine if the corporation meets reasonable-cause criteria. **Do not** attach an explanation when the corporation's return is filed.*

Interest. Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, substantial valuation misstatements, substantial understatements of tax, and reportable transaction understatements from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Late filing of return. A corporation that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a return that is over 60 days late is the smaller of the tax due or \$210. The penalty will not be imposed if the corporation can show that the failure to file on time was due to reasonable cause. See *Caution* above.

Late payment of tax. A corporation that does not pay the tax when due generally may be penalized 1/2 of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. See *Caution* above.

Trust fund recovery penalty. This penalty may apply if certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on:

- Form 720, Quarterly Federal Excise Tax Return;
- Form 941, Employer's QUARTERLY Federal Tax Return;
- Form 943, Employer's Annual Federal Tax Return for Agricultural Employees;
- Form 944, Employer's ANNUAL Federal Tax Return; or
- Form 945, Annual Return of Withheld Federal Income Tax.

The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, or paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the full amount of the unpaid trust fund tax. See the Instructions for Form 720, Pub. 15 (Circular E), Employer's Tax Guide, or Pub. 51 (Circular A), Agricultural Employer's Tax Guide, for details, including the definition of responsible persons.

Other penalties. Other penalties can be imposed for negligence, substantial understatement of tax, reportable transaction understatements, and fraud. See sections 6662, 6662A, and 6663.

Accounting Methods

Figure taxable income using the method of accounting regularly used in keeping the corporation's books and records. In all cases, the method used must clearly show taxable income. Permissible methods include cash, accrual, or any other method authorized by the Internal Revenue Code.

Generally, the following rules apply. For more information, see Pub. 538, Accounting Periods and Methods.

- A corporation (other than a qualified personal service corporation) must use an accrual method of accounting if its average annual gross receipts for the 3 prior tax years exceed \$25 million. However, see [Nonaccrual experience method for service providers](#) in the instructions for line 1a.
- Unless it is a small business taxpayer (defined below), a corporation must use an accrual method for sales and purchases. See the instructions for Form 1125-A.
- A corporation engaged in farming must use an accrual method. For exceptions, see section 447.
- Special rules apply to long-term contracts. See section 460.
- Dealers in securities must use the mark-to-market accounting method. Dealers in commodities and traders in securities and commodities can elect to use the mark-to-market accounting method. See section 475.

Small business taxpayer. A small business taxpayer is a taxpayer that (a) has average annual gross receipts of \$25 million or less for the 3 prior tax years, and (b) is not a tax shelter (as defined in section 448(d)(3)).

A small business taxpayer can adopt or change its accounting method to account for inventories (a) in the same manner as materials and supplies that are nonincidental, or (b) to conform to its treatment of inventories in an applicable financial statement (as defined in section

451(b)(3)). If it does not have an applicable financial statement, it can use the method of accounting used in its books and records prepared according to its accounting procedures. See section 471(c)(1).

Change in accounting method.

Generally, the corporation must get IRS consent to change either an overall method of accounting or the accounting treatment of any material item. To do so, the corporation generally must file Form 3115, Application for Change in Accounting Method. See the Instructions for Form 3115 and Pub. 538 for more information and exceptions. Also see Rev. Proc. 2018-31, 2018-22 I.R.B. 637 (or any successor).

Section 481(a) adjustment. If the corporation's taxable income for the current tax year is figured under a method of accounting different from the method used in the preceding tax year, the corporation may have to make an adjustment under section 481(a) to prevent amounts of income or expense from being duplicated or omitted. The section 481(a) adjustment period is generally 1 year for a net negative adjustment and 4 years for a net positive adjustment. However, in some cases, a corporation can elect to modify the section 481(a) adjustment period. The corporation may have to complete the appropriate lines of Form 3115 to make an election. See the Instructions for Form 3115 for more information and exceptions.

If the net section 481(a) adjustment is positive, report it on Form 1120, line 10, as other income. If the net section 481(a) adjustment is negative, report it on line 26 as a deduction.

Accounting Period

A corporation must figure its taxable income on the basis of a tax year. A tax year is the annual accounting period a corporation uses to keep its records and report its income and expenses. Generally, corporations can use a calendar year or a fiscal year. Personal service corporations, however, must use a calendar year unless they meet one of the exceptions discussed later under *Personal Service Corporation*.

Change of tax year. Generally, a corporation, including a personal service corporation, must get the consent of the IRS before changing its tax year by filing Form 1128, Application To Adopt, Change, or Retain a Tax Year. However, exceptions may apply. See the Instructions for Form 1128 and Pub. 538 for more information.

Rounding Off to Whole Dollars

The corporation can round off cents to whole dollars on its return and schedules. If the corporation does round to whole dollars, it must round all amounts. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3.

If two or more amounts must be added to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

Recordkeeping

Keep the corporation's records for as long as they may be needed for the administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the corporation's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The corporation should keep copies of all filed returns. They help in preparing future and amended returns and in the calculation of earnings and profits.

Other Forms and Statements That May Be Required

Amended return. Use Form 1120X, Amended U.S. Corporation Income Tax Return, to correct a previously filed Form 1120.

Reportable transaction disclosure statement. Disclose information for each reportable transaction in which the corporation participated. Form 8886, Reportable Transaction Disclosure Statement, must be filed for each tax year that the federal income tax liability of the corporation is affected by its participation in the transaction. The following are reportable transactions.

1. Any listed transaction, which is a transaction that is the same as or substantially similar to one of the types of transactions that the IRS has determined to be a tax avoidance transaction and identified by notice, regulation, or other published guidance as a listed transaction.

2. Any transaction offered under conditions of confidentiality for which the corporation (or a related party) paid an advisor a fee of at least \$250,000.

3. Certain transactions for which the corporation (or a related party) has

contractual protection against disallowance of the tax benefits.

4. Certain transactions resulting in a loss of at least \$10 million in any single year or \$20 million in any combination of years.

5. Any transaction identified by the IRS by notice, regulation, or other published guidance as a “transaction of interest.”

For more information, see Regulations section 1.6011-4. Also see the Instructions for Form 8886.

Penalties. The corporation may have to pay a penalty if it is required to disclose a reportable transaction under section 6011 and fails to properly complete and file Form 8886. Penalties also may apply under section 6707A if the corporation fails to file Form 8886 with its corporate return, fails to provide a copy of Form 8886 to the Office of Tax Shelter Analysis (OTSA), or files a form that fails to include all the information required (or includes incorrect information). Other penalties, such as an accuracy-related penalty under section 6662A, also may apply. See the Instructions for Form 8886 for details on these and other penalties.

Reportable transactions by material advisors. Material advisors to any reportable transaction must disclose certain information about the reportable transaction by filing Form 8918, Material Advisor Disclosure Statement, with the IRS. For details, see the Instructions for Form 8918.

Transfers to a corporation controlled by the transferor. Every significant transferor (as defined in Regulations section 1.351-3(d)) that receives stock of a corporation in exchange for property in a nonrecognition event must include the statement required by Regulations section 1.351-3(a) on or with the transferor's tax return for the tax year of the exchange. The transferee corporation must include the statement required by Regulations section 1.351-3(b) on or with its return for the tax year of the exchange, unless all the required information is included in any statement(s) provided by a significant transferor that is attached to the same return for the same section 351 exchange. If the transferor or transferee corporation is a controlled foreign corporation, each U.S. shareholder (within the meaning of section 951(b)) must include the required statement on or with its return.

Distributions under section 355. Every corporation that makes a distribution of stock or securities of a controlled corporation, as described in section 355 (or so much of section 356 as it relates to section 355), must include the statement required by Regulations section

1.355-5(a) on or with its return for the year of the distribution. A significant distributee (as defined in Regulations section 1.355-5(c)) that receives stock or securities of a controlled corporation must include the statement required by Regulations section 1.355-5(b) on or with its return for the year of receipt. If the distributing or distributee corporation is a controlled foreign corporation, each U.S. shareholder (within the meaning of section 951(b)) must include the statement on or with its return.

Dual consolidated losses. If a domestic corporation incurs a dual consolidated loss (as defined in Regulations section 1.1503-2(c)(5)), the corporation (or consolidated group) may need to attach an elective relief agreement and/or an annual certification as provided in Regulations section 1.1503-2(g)(2).

Election to reduce basis under section 362(e)(2)(C). If property is transferred to a corporation subject to section 362(e)(2), the transferor and the acquiring corporation may elect, under section 362(e)(2)(C), to reduce the transferor's basis in the stock received instead of reducing the acquiring corporation's basis in the property transferred. Once made, the election is irrevocable. For more information, see section 362(e)(2) and Regulations section 1.362-4. If an election is made, a statement must be filed in accordance with Regulations section 1.362-4(d)(3).

Annual information statement for elections under section 108(i). If the corporation made an election in 2009 or 2010 to defer income from cancellation of debt (COD) in connection with the reacquisition of an applicable debt instrument, the corporation must attach a statement to its return beginning with the tax year following the tax year for which the corporation made the election, and ending the first tax year all income deferred has been included in income. In addition, the corporation must annually include a copy of the election statement it filed to make the election to defer the income.

For more information on reporting the deferred COD income, see the instructions for line 10.

Annual information reporting by specified domestic entities under section 6038D. For tax years beginning after December 31, 2015, domestic corporations that are formed or availed of to hold specified foreign financial assets (“specified domestic entities”) must file Form 8938. Form 8938 must be filed each year the value of the corporation's specified foreign financial assets meets or exceeds the reporting threshold. For more information on domestic corporations that

are specified domestic entities and the types of foreign financial assets that must be reported, see the Instructions for Form 8938, generally, and in particular, *Who Must File, Specified Domestic Entity, Reporting Thresholds, Specified Foreign Financial Assets, Interests in Specified Foreign Financial Assets, Assets Not Required To Be Reported, and Exceptions to Reporting.*

In addition, a domestic corporation required to file Form 8938 with its Form 1120 for the taxable year should check “Yes” to Schedule N (Form 1120), Question 8, and also include that schedule with its Form 1120.

Form 8975. Certain U.S. persons that are the ultimate parent entity of a U.S. multinational enterprise group with annual revenue for the preceding reporting period of \$850 million or more are required to file Form 8975. Form 8975 and Schedule A (Form 8975) must be filed with the income tax return of the ultimate parent entity of a U.S. multinational enterprise group for the tax year in or within which the reporting period covered by Form 8975 ends. For more information, see Form 8975, Schedule A (Form 8975) and the Instructions for Form 8975 and Schedule A (Form 8975).

Other forms and statements. See Pub. 542, Corporations, for a list of other forms and statements a corporation may need to file in addition to the forms and statements discussed throughout these instructions.

Specific Instructions

Period Covered

File the 2018 return for calendar year 2018 and fiscal years that begin in 2018 and end in 2019. For a fiscal or short tax year return, fill in the tax year space at the top of the form.

The 2018 Form 1120 also can be used if:

- The corporation has a tax year of less than 12 months that begins and ends in 2019, and
- The 2019 Form 1120 is not available at the time the corporation is required to file its return.

The corporation must show its 2019 tax year on the 2018 Form 1120 and take into account any tax law changes that are effective for tax years beginning after December 31, 2018.

Name and Address

Enter the corporation's true name (as set forth in the charter or other legal document creating it), address, and EIN on the appropriate lines. Enter the address of the corporation's principal office or place of business. Include the suite, room, or other unit number after the street address. If the

post office does not deliver mail to the street address and the corporation has a P.O. box, show the box number instead.

Note. Do not use the address of the registered agent for the state in which the corporation is incorporated. For example, if a business is incorporated in Delaware or Nevada and the corporation's principal office is located in Little Rock, Arkansas, the corporation should enter the Little Rock address.

If the corporation receives its mail in care of a third party (such as an accountant or an attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box.

If the corporation has a foreign address, include the city or town, state or province, country, and foreign postal code. Do not abbreviate the country name. Follow the country's practice for entering the name of the state or province and postal code.

Item A. Identifying Information

Consolidated Return

Corporations filing a consolidated return must check Item A, box 1a, and attach Form 851, Affiliations Schedule, and other supporting statements to the return. Also, for the first year a subsidiary corporation is being included in a consolidated return, attach Form 1122, Authorization and Consent of Subsidiary Corporation To Be Included in a Consolidated Income Tax Return, to the parent's consolidated return. Attach a separate Form 1122 for each new subsidiary being included in the consolidated return.

File supporting statements for each corporation included in the consolidated return. Do not use Form 1120 as a supporting statement. On the supporting statement, use columns to show the following, both before and after adjustments.

1. Items of gross income and deductions.
2. A computation of taxable income.
3. Balance sheets as of the beginning and end of the tax year.
4. A reconciliation of income per books with income per return.
5. A reconciliation of retained earnings.

Enter on Form 1120 the totals for each item of income, gain, loss, expense, or deduction, net of eliminating entries for intercompany transactions between corporations within the consolidated group. Attach consolidated balance

sheets and a reconciliation of consolidated retained earnings.

TIP *The corporation does not have to provide the information requested in (3), (4), and (5), above, if its total receipts (line 1a plus lines 4 through 10 on page 1 of the return) and its total assets at the end of the tax year (Schedule L, line 15(d)) are less than \$250,000. See Schedule K, question 13.*

For more information on consolidated returns, see the regulations under section 1502.

Life–Nonlife Consolidated Return

If Item A, box 1a, is checked and the corporation is the common parent of a consolidated group that includes a life–nonlife insurance company, also check box 1b. See Regulations section 1.1502-47(s) for the filing requirements of a life–nonlife consolidated return.

Personal Holding Company

A personal holding company must check Item A, box 2, and attach Schedule PH (Form 1120), U.S. Personal Holding Company (PHC) Tax. See the Instructions for Schedule PH (Form 1120) for details.

Personal Service Corporation

If the corporation is a personal service corporation, check Item A, box 3. A personal service corporation is a corporation whose principal activity for the testing period is the performance of personal services. The testing period for a tax year is generally the prior tax year unless the corporation has just been formed. Personal services include any activity performed in the fields of accounting, actuarial science, architecture, consulting, engineering, health, law, and the performing arts. The services must be substantially performed by employee–owners.

A personal service corporation must use a calendar tax year unless:

- It elects to use a 52-53-week tax year that ends with reference to the calendar year or tax year elected under section 444;
- It can establish a business purpose for a different tax year and obtains the approval of the IRS (see the Instructions for Form 1128 and Pub. 538); or
- It elects under section 444 to have a tax year other than a calendar year. To make the election, use Form 8716, Election To Have a Tax Year Other Than a Required Tax Year.

If a corporation makes the section 444 election, its deduction for certain amounts paid to employee–owners may be limited. See Schedule H (Form 1120), Section 280H Limitations for a Personal Service

Corporation (PSC), to figure the maximum deduction.

If a section 444 election is terminated and the termination results in a short tax year, type or print at the top of the first page of Form 1120 for the short tax year "SECTION 444 ELECTION TERMINATED."

Schedule M-3 (Form 1120)

A corporation with total assets (nonconsolidated or consolidated for all corporations included within a tax consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120), Net Income (Loss) Reconciliation for Corporations With Total Assets of \$10 Million or More, instead of Schedule M-1. A corporation filing Form 1120 that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1.

Corporations that (a) are required to file Schedule M-3 (Form 1120) and have less than \$50 million total assets at the end of the tax year, or (b) are not required to file Schedule M-3 (Form 1120) and voluntarily file Schedule M-3 (Form 1120), must either (i) complete Schedule M-3 (Form 1120) entirely or (ii) complete Schedule M-3 (Form 1120) through Part I, and complete Form 1120, Schedule M-1, instead of completing Parts II and III of Schedule M-3 (Form 1120). If the corporation chooses to complete Schedule M-1 instead of completing Parts II and III of Schedule M-3, the amount on Schedule M-1, line 1, must equal the amount on Schedule M-3, Part I, line 11. See the Instructions for Schedule M-3 (Form 1120) for more details. Also, see the instructions for Schedule M-1, later.

If you are filing Schedule M-3, check Item A, box 4, to indicate that Schedule M-3 is attached.

Item B. Employer Identification Number (EIN)

Enter the corporation's EIN. If the corporation does not have an EIN, it must apply for one. An EIN can be applied for:

- Online—Go to [IRS.gov/EIN](https://www.irs.gov/ein). The EIN is issued immediately once the application information is validated.
- By faxing or mailing Form SS-4, Application for Employer Identification Number.

Corporations located in the United States or U.S. possessions can use the online application. Foreign corporations should call 1-267-941-1099 (not a toll free number) for more information on obtaining an EIN. See the Instructions for Form SS-4.

EIN applied for, but not received. If the corporation has not received its EIN by the time the return is due, enter "Applied For" and the date the corporation applied in the space for the EIN. However, if the corporation is filing its return electronically, an EIN is required at the time the return is filed. An exception applies to subsidiaries of corporations whose returns are filed with the parent's electronically filed consolidated Form 1120. These subsidiaries should enter "Applied For" in the space for the EIN on their returns. The subsidiaries' returns are identified under the parent corporation's EIN.

For more information, see the Instructions for Form SS-4.

Item D. Total Assets

Enter the corporation's total assets (as determined by the accounting method regularly used in keeping the corporation's books and records) at the end of the tax year. If there are no assets at the end of the tax year, enter -0-.

If the corporation is required to complete Schedule L, enter on page 1, Item D. Total assets from Schedule L, line 15, column (d). If filing a consolidated return, report total consolidated assets for all corporations joining in the return.

Item E. Initial Return, Final Return, Name Change, or Address Change

- If this is the corporation's first return, check the "Initial return" box.
- If this is the corporation's final return and it will no longer exist, check the "Final return" box.
- If the corporation changed its name since it last filed a return, check the "Name change" box. Generally, a corporation also must have amended its articles of incorporation and filed the amendment with the state in which it was incorporated.
- If the corporation has changed its address since it last filed a return (including a change to an "in care of" address), check the "Address change" box.

Note. If a change in address or responsible party occurs after the return is filed, use Form 8822-B, Change of Address or Responsible Party—Business, to notify the IRS. See the instructions for Form 8822-B for details.

Income

Except as otherwise provided in the Internal Revenue Code, gross income includes all income from whatever source derived.

Exception for income from qualifying shipping activities. Gross income does

not include income from qualifying shipping activities if the corporation makes an election under section 1354 to be taxed on its notional shipping income (as defined in section 1353) at the highest corporate tax rate. If the election is made, the corporation generally may not claim any loss, deduction, or credit with respect to qualifying shipping activities. A corporation making this election also may elect to defer gain on the disposition of a qualifying vessel.

Use Form 8902, Alternative Tax on Qualifying Shipping Activities, to figure the tax. Include the alternative tax on Schedule J, Part I, line 9e.

Line 1. Gross Receipts or Sales

Line 1a. Gross receipts or sales. Enter on line 1a gross receipts or sales from all business operations, except for amounts that must be reported on lines 4 through 10.

Special rules apply to certain income, as discussed below.

Advance payments. In general, advance payments are reported in the year of receipt. For exceptions to this general rule for corporations that use the accrual method of accounting, see the following.

- To report income from long-term contracts, see section 460.
- For rules that allow a limited deferral of advance payments beyond the current tax year, see Rev. Proc. 2004-34, 2004-22 I.R.B. 991, and Notice 2018-35, 2018-18 I.R.B. 520 (or any successors). For rules for the deferral of advance payments from the sale of certain gift cards and more information on the tax treatments of advance payments, see Pub. 538.
- For information on adopting or changing to a permissible method for reporting advance payments for services and certain goods by an accrual method corporation, see the Instructions for Form 3115.

Installment sales. Generally, the installment method cannot be used for dealer dispositions of property. A "dealer disposition" is any disposition of: (a) personal property by a person who regularly sells or otherwise disposes of personal property of the same type on the installment plan, or (b) real property held for sale to customers in the ordinary course of the taxpayer's trade or business.

The restrictions on using the installment method do not apply to the following.

- Dispositions of property used or produced in the trade or business of farming.
- Certain dispositions of timeshares and residential lots reported under the installment method for which the

corporation elects to pay interest under section 453(l)(3).

Enter on line 1a (and carry to line 3), the gross profit on collections from these installment sales. Attach a statement showing the following information for the current and the 3 preceding years: (a) gross sales, (b) cost of goods sold, (c) gross profits, (d) percentage of gross profits to gross sales, (e) amount collected, and (f) gross profit on the amount collected.

For sales of timeshares and residential lots reported under the installment method, if the corporation elects to pay interest under section 453(l)(3), the corporation's income tax is increased by the interest payable under section 453(l)(3). Report this addition to the tax on Schedule J, Part I, line 9f.

Nonaccrual experience method for service providers.

Accrual method corporations are not required to accrue certain amounts to be received from the performance of services that, based on their experience, will not be collected, if:

- The services are in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, or consulting; or
- The corporation's average annual gross receipts for any prior 3-tax-year period does not exceed \$25 million. For more details, see section 448(d)(5).

This provision does not apply to any amount if interest is required to be paid on the amount or if there is any penalty for failure to timely pay the amount. See Regulations section 1.448-2 for information on the nonaccrual experience method, including information on safe harbor methods. For information on a book safe harbor method of accounting for corporations that use the nonaccrual experience method of accounting, see Rev. Proc. 2011-46, 2011-42 I.R.B. 518, as modified by Rev. Proc. 2016-29, 2016-21 I.R.B. 880. Also, see the Instructions for Form 3115 for procedures to obtain automatic consent to change to this method or make certain changes within this method.

Corporations that qualify to use the nonaccrual experience method should attach a statement showing total gross receipts, the amount not accrued because of the application of section 448(d)(5), and the net amount accrued. Enter the net amount on line 1a.

Line 1b. Returns and allowances.

Enter cash and credit refunds the corporation made to customers for returned merchandise, rebates, and other allowances made on gross receipts or sales.

Line 2. Cost of Goods Sold

Complete and attach Form 1125-A, Cost of Goods Sold, if applicable. Enter on Form 1120, line 2, the amount from Form 1125-A, line 8. See Form 1125-A and its instructions.

Line 4. Dividends and Inclusions

See the instructions for Schedule C, later. Then, complete Schedule C and enter on line 4 the amount from Schedule C, line 23, column (a).

Line 5. Interest

Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc. Do not offset interest expense against interest income. Special rules apply to interest income from certain below-market-rate loans. See section 7872 for details.

Note. Report tax-exempt interest on Schedule K, item 9. Also, if required, include the same amount on Schedule M-1, line 7, or Schedule M-3 (Form 1120), Part II, line 13, if applicable.

Line 6. Gross Rents

Enter the gross amount received for the rental of property. Deduct expenses such as repairs, interest, taxes, and depreciation on the proper lines for deductions. A rental activity held by a closely held corporation or a personal service corporation may be subject to the passive activity loss rules. See *Passive activity limitations*, later.

Line 10. Other Income

Enter any other taxable income not reported on lines 1 through 9. List the type and amount of income on an attached statement. If the corporation has only one item of other income, describe it in parentheses on line 10.

Examples of other income to report on line 10 include the following.

- Recoveries of bad debts deducted in prior years under the specific charge-off method.
- The amount included in income from Form 6478, Biofuel Producer Credit, if applicable.
- The amount included in income from Form 8864, Biodiesel and Renewable Diesel Fuels Credit, if applicable.
- Refunds of taxes deducted in prior years to the extent they reduced the amount of tax imposed. See section 111 and the related regulations. Do not offset current year taxes against tax refunds.
- Ordinary income from trade or business activities of a partnership (from Schedule K-1 (Form 1065)). Do not offset ordinary losses against ordinary income. Instead, include the losses on line 26.

Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount entered is from more than one partnership, identify the amount from each partnership.

- NOL reduction amount that is includible in income if the corporation made an election under section 965(n). See [Line 29a. Net Operating Loss Deduction](#) below.

- The transferred loss amount identified as "Section 91 Transferred Loss Amount," which is required to be recognized when substantially all the assets of a foreign branch are transferred to a foreign corporation with respect to which the corporation was a U.S. shareholder immediately after the transfer. Under section 91(d), the transferred loss amounts that are recognized are treated as derived from sources within the United States.

- Any LIFO recapture amount under section 1363(d). The corporation may have to include a LIFO recapture amount in income if it:

1. Used the LIFO inventory method for its last tax year before the first tax year for which it elected to become an S corporation, or

2. Transferred LIFO inventory assets to an S corporation in a nonrecognition transaction in which those assets were transferred basis property.

The LIFO recapture amount is the amount by which the C corporation's inventory under the FIFO method exceeds the inventory amount under the LIFO method at the close of the corporation's last tax year as a C corporation (or for the year of the transfer, if (2) above applies). Also see the instructions for Schedule J, Part I, line 11.

- Any net positive section 481(a) adjustment.
- Part or all of the proceeds received from certain corporate-owned life insurance contracts issued after August 17, 2006. Corporations that own one or more employer-owned life insurance contracts issued after this date must file Form 8925, Report of Employer-Owned Life Insurance Contracts. See section 101(j) for details.
- Income from cancellation of debt (COD) from the repurchase of a debt instrument for less than its adjusted issue price.
- Any COD income deferred from 2009 or 2010 that is includible in income in 2018. See section 108(i) and Rev. Proc. 2009-37. If the corporation is a direct or indirect partner in a partnership, other special rules apply. See Regulations section 1.108(i)-2.
- The corporation's share of the following income from Form 8621, Information Return by a Shareholder of a Passive

Foreign Investment Company or Qualified Electing Fund.

1. Ordinary earnings of a qualified electing fund.
2. Gain or loss from marking passive foreign investment company (PFIC) stock to market.
3. Gain or loss from sale or other disposition of section 1296 stock.
4. Excess distributions from a section 1291 fund allocated to the current year and pre-PFIC years, if any.

See Form 8621 and the Instructions for Form 8621 for details.

Deductions

Limitations on Deductions

Uniform capitalization rules. The uniform capitalization rules of section 263A require corporations to capitalize certain costs to inventory or other property. Corporations subject to the section 263A uniform capitalization rules are required to capitalize:

1. Direct costs of assets produced or acquired for resale, and
2. Certain indirect costs (including taxes) that are properly allocable to property produced or property acquired for resale.

The corporation cannot deduct the costs required to be capitalized under section 263A until it sells, uses, or otherwise disposes of the property (to which the costs relate). The corporation recovers these costs through depreciation, amortization, or cost of goods sold.

Note. A small business taxpayer (defined earlier) is not required to capitalize costs under section 263A. A small business taxpayer that wants to discontinue capitalizing costs under section 263A must change its method of accounting. See section 263A(i). Also see [Change in accounting method](#), earlier.

For more information on the uniform capitalization rules, see Pub. 538. For non-small business taxpayers, see Regulations sections 1.263A-1 through 1.263A-3. See section 263A(d), Regulations section 1.263A-4, and Pub. 225 for rules for property produced in a farming business.

Transactions between related taxpayers. Generally, an accrual basis taxpayer can only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3) and 267(a)(2) for limitations on deductions for unpaid interest and expenses.

Limitations on business interest expense. Business interest expense is

limited for tax years beginning after December 31, 2017. See section 163(j) and Form 8990. Also see Form 1120, Schedule K, Questions 23 and 24.

Section 291 limitations. Corporations may be required to adjust deductions for depletion of iron ore and coal, intangible drilling and exploration and development costs, certain deductions for financial institutions, and the amortizable basis of pollution control facilities. See section 291 to determine the amount of the adjustment.

Election to deduct business start-up and organizational costs. A corporation can elect to deduct a limited amount of start-up and organizational costs it paid or incurred. Any remaining costs generally must be amortized over a 180-month period. See sections 195 and 248 and the related regulations.

Time for making an election. The corporation generally elects to deduct start-up or organizational costs by claiming the deduction on its income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins. However, for start-up or organizational costs paid or incurred before September 9, 2008, the corporation is required to attach a statement to its return to elect to deduct such costs.

For more details, including special rules for costs paid or incurred before September 9, 2008, see the Instructions for Form 4562. Also see Pub. 535, Business Expenses.

If the corporation timely filed its return for the year without making an election, it can still make an election by filing an amended return within 6 months of the due date of the return (excluding extensions). Clearly indicate the election on the amended return and write "Filed pursuant to section 301.9100-2" at the top of the amended return. File the amended return at the same address the corporation filed its original return. The election applies when figuring taxable income for the current tax year and all subsequent years.

The corporation can choose to forgo the elections above by affirmatively electing to capitalize its start-up or organizational costs on its income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins.

Note. The election to either amortize or capitalize start-up costs is irrevocable and applies to all start-up costs that are related to the trade or business.

Report the deductible amount of start-up and organizational costs and any amortization on line 26. For amortization

that begins during the current tax year, complete and attach Form 4562, Depreciation and Amortization.

Passive activity limitations. Limitations on passive activity losses and credits under section 469 apply to personal service corporations (defined earlier) and closely held corporations (defined later).

Generally, the two kinds of passive activities are:

- Trade or business activities in which the corporation did not materially participate for the tax year; and
- Rental activities, regardless of its participation.

For exceptions, see Form 8810, Corporate Passive Activity Loss and Credit Limitations.

Corporations subject to the passive activity limitations must complete Form 8810 to compute their allowable passive activity loss and credit. Before completing Form 8810, see Temporary Regulations section 1.163-8T, which provides rules for allocating interest expense among activities. If a passive activity is also subject to the at-risk rules of section 465 or the tax-exempt use loss rules of section 470, those rules apply before the passive loss rules.

For more information, see section 469, the related regulations, and Pub. 925, Passive Activity and At-Risk Rules.

Closely held corporations. A corporation is a closely held corporation if:

- At any time during the last half of the tax year more than 50% in value of its outstanding stock is directly or indirectly owned by or for not more than five individuals, and
- The corporation is not a personal service corporation.

Certain organizations are treated as individuals for purposes of this test. See section 542(a)(2). For rules for determining stock ownership, see section 544 (as modified by section 465(a)(3)).

Reducing certain expenses for which credits are allowable. If the corporation claims certain credits, it may need to reduce the otherwise allowable deductions for expenses used to figure the credit. This applies to credits such as the following.

- Work opportunity credit (Form 5884).
- Credit for increasing research activities (Form 6765).
- Orphan drug credit (Form 8820).
- Disabled access credit (Form 8826).
- Empowerment zone employment credit (Form 8844), if applicable.
- Indian employment credit (Form 8845), if applicable.
- Credit for employer social security and Medicare taxes paid on certain employee tips (Form 8846).

- Credit for small employer pension plan start-up costs (Form 8881).
- Credit for employer-provided childcare facilities and services (Form 8882).
- Low sulfur diesel fuel production credit (Form 8896).
- Mine rescue team training credit (Form 8923), if applicable.
- Credit for employer differential wage payments (Form 8932).
- Credit for small employer health insurance premiums (Form 8941).
- Employer credit for paid family and medical leave (Form 8994).

If the corporation has any of these credits, figure the current year credit before figuring the deduction for expenses on which the credit is based. If the corporation capitalized any costs on which it figured the credit, it may need to reduce the amount capitalized by the credit attributable to these costs.

See the instructions for the form used to figure the applicable credit for more details.

Limitations on deductions related to property leased to tax-exempt entities.

If a corporation leases property to a governmental or other tax-exempt entity, the corporation cannot claim deductions related to the property to the extent that they exceed the corporation's income from the lease payments. This disallowed tax-exempt use loss can be carried over to the next tax year and treated as a deduction with respect to the property for that tax year. See section 470(d) for exceptions.

Limitation on tax benefits for remuneration under the Patient Protection and Affordable Care Act. The \$1 million compensation limit is reduced to \$500,000 for remuneration for services provided by individuals for or on behalf of certain health insurance providers in tax years beginning after December 31, 2009. The \$500,000 limitation applies to remuneration that is deductible in the tax year during which the services were performed and remuneration for services during the year that is deductible in a future tax year (called "deferred deduction remuneration"). The \$500,000 limitation is reduced by any amounts disallowed as excess parachute payments. See section 162(m)(6) and Regulations section 1.162-31 for definitions and other special rules. Also see Notice 2011-2, 2011-2 I.R.B. 260.

Line 12. Compensation of Officers

Enter deductible officers' compensation on line 12. Do not include compensation deductible elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts

contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

If the corporation's total receipts (line 1a, plus lines 4 through 10) are \$500,000 or more, complete Form 1125-E, Compensation of Officers. Enter on Form 1120, line 12, the amount from Form 1125-E, line 4.

Line 13. Salaries and Wages

Enter the total salaries and wages paid for the tax year. Do not include salaries and wages deductible elsewhere on the return, such as amounts included in officers' compensation, cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

If the corporation provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses claimed on lines 20 and 26.

If the corporation claims a credit for any wages paid or incurred, it may need to reduce any corresponding deduction for officers' compensation and salaries and wages. See Reducing certain expenses for which credits are allowable, earlier.

Line 14. Repairs and Maintenance

Enter the cost of repairs and maintenance not claimed elsewhere on the return, such as labor and supplies, that do not add to the value of the property or appreciably prolong its life. See Regulations section 1.162-4. The corporation may elect to capitalize certain repair and maintenance costs consistent with its books and records. See Regulations section 1.263(a)-3(n) for information on how to make the election.

New buildings, machinery, or permanent improvements that increase the value of the property are not deductible as repair and maintenance expenses. These expenses must be capitalized and depreciated or amortized. However, amounts paid for routine maintenance on property, including buildings, may be deductible. See Regulations section 1.263(a)-3(i).

Line 15. Bad Debts

Enter the total debts that became worthless in whole or in part during the tax year. A small bank or thrift institution using the reserve method of section 585 should attach a statement showing how it figured the current year's provision. A corporation that uses the cash method of accounting cannot claim a bad debt deduction unless the amount was previously included in income.

Line 16. Rents

If the corporation rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred during the year. Also complete Part V of Form 4562. If the corporation leased a vehicle for a term of 30 days or more, the deduction for vehicle lease expense may have to be reduced by an amount includible in income called the inclusion amount. The corporation may have an inclusion amount if:

The lease term began:	And the vehicle's FMV on the first day of the lease exceeded:
Cars (excluding trucks and vans)	
After 12/31/17 but before 1/1/19	\$50,000
After 12/31/12 but before 1/1/18	\$19,000
After 12/31/07 but before 1/1/13	\$18,500
Trucks and vans	
After 12/31/17 but before 1/1/19	\$50,000
After 12/31/13 but before 1/1/18	\$19,500
After 12/31/09 but before 1/1/14	\$19,000
After 12/31/08 but before 1/1/10	\$18,500
After 12/31/07 but before 1/1/09	\$19,000

See Pub. 463, Travel, Entertainment, Gift, and Car Expenses, for instructions on figuring the inclusion amount.

Note. The inclusion amount for lease terms beginning in 2019 will be published in the Internal Revenue Bulletin in early 2019.

Line 17. Taxes and Licenses

Enter taxes paid or accrued during the tax year, but do not include the following.

- Federal income taxes.
- Foreign or U.S. possession income taxes if a foreign tax credit is claimed.
- Taxes not imposed on the corporation.
- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).

- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return, such as those reflected in cost of goods sold.

See section 164(d) for information on apportionment of taxes on real property between seller and purchaser.

Line 18. Interest

Note. Do not offset interest income against interest expense.

The corporation must make an interest allocation if the proceeds of a loan were used for more than one purpose (for example, to purchase a portfolio investment and to acquire an interest in a passive activity). See Temporary Regulations section 1.163-8T for the interest allocation rules.

Mutual savings banks, building and loan associations, and cooperative banks can deduct the amounts paid or credited to the accounts of depositors as dividends, interest, or earnings. See section 591.

Do not deduct the following interest.

- Interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. See section 265(b) for special rules and exceptions for financial institutions. Also see section 265(b)(7) for a de minimis exception for financial institutions for certain tax-exempt bonds issued in 2009 and 2010.
- For cash basis taxpayers, prepaid interest allocable to years following the current tax year. For example, a cash basis calendar year taxpayer who in 2018 prepaid interest allocable to any period after 2018 can deduct only the amount allocable to 2018.
- Interest and carrying charges on straddles. Generally, these amounts must be capitalized. See section 263(g).
- Interest on debt allocable to the production of designated property by a corporation for its own use or for sale. The corporation must capitalize this interest. Also capitalize any interest on debt allocable to an asset used to produce the property. See section 263A(f) and Regulations sections 1.263A-8 through 1.263A-15 for definitions and more information.
- Interest paid or incurred on any portion of an underpayment of tax that is attributable to an understatement arising from an undisclosed listed transaction or an undisclosed reportable avoidance transaction (other than a listed transaction) entered into in tax years beginning after October 22, 2004.

Special rules apply to:

- Forgone interest on certain below-market-rate loans (see section 7872).
- Original issue discount (OID) on certain high yield discount obligations. See section 163(e)(5) to determine the amount of the deduction for OID that is deferred and the amount that is disallowed on a high yield discount obligation. The rules under section 163(e)(5) do not apply to certain high yield discount obligations issued after August 31, 2008, and before January 1, 2011. See section 163(e)(5)(F). Also see Notice 2010-11, 2010-4 I.R.B. 326.
- Interest which is allocable to un borrowed policy cash values of life insurance, endowment, or annuity contracts issued after June 8, 1997. See section 264(f). Attach a statement showing the computation of the deduction.
- Section 108(i) OID deduction. If the corporation issued a debt instrument with OID that is subject to section 108(i)(2) because of an election to defer the income from the cancellation of debt (COD), the interest deduction for this OID is deferred until the COD is includible in income. The accrued OID is allowed as a deduction ratably over the 5-year period that the income from COD is includible in income. The deduction is limited to the amount of COD subject to the section 108(i) election.

Line 19. Charitable Contributions

Enter contributions or gifts actually paid within the tax year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years. Special rules and limits apply to contributions to organizations conducting lobbying activities. See section 170(f)(9).

Corporations reporting taxable income on the accrual method can elect to treat as paid during the tax year any contributions paid by the due date for filing the corporation's tax return (not including extensions), if the contributions were authorized by the board of directors during the tax year. Attach a declaration to the return stating that the resolution authorizing the contributions was adopted by the board of directors during the tax year. The declaration must include the date the resolution was adopted. See section 170(a)(2)(B).

Limitation on deduction. The total amount claimed cannot be more than 10% of taxable income (line 30) computed without regard to the following.

- Any deduction for contributions.
- The special deductions on line 29b.
- The limitation under section 249 on the deduction for bond premium.
- The domestic production activities deduction under section 199.

- Any net operating loss (NOL) carryback to the tax year under section 172.
- Any capital loss carryback to the tax year under section 1212(a)(1).

Carryover. Charitable contributions over the 10% limitation cannot be deducted for the tax year but can be carried over to the next 5 tax years. See the exception below for farmers and ranchers and certain Native Corporations.

Special rules apply if the corporation has an NOL carryover to the tax year. In figuring the charitable contributions deduction for the current tax year, the 10% limit is applied using the taxable income after taking into account any deduction for the NOL.

To figure the amount of any remaining NOL carryover to later years, taxable income must be modified (see section 172(b)). To the extent that contributions are used to reduce taxable income for this purpose and increase an NOL carryover, a contributions carryover is not allowed. See section 170(d)(2)(B).

Suspension of 10% limitation for farmers and ranchers and certain Native Corporations.

Certain corporations can deduct contributions of qualified conservation property without regard to the general 10% limit. This applies to:

- A qualified farmer or rancher (as defined in section 170(b)(1)(E)(v)) that does not have publicly traded stock; and
- A Native Corporation (as defined in section 170(b)(2)(C)(iii)) that contributes property which was land conveyed under the Alaska Native Claims Settlement Act.

The total amount of the contribution claimed for the qualified conservation property cannot exceed 100% of the excess of the corporation's taxable income (as computed above substituting "100%" for "10%") over all other allowable charitable contributions. Any excess qualified conservation contributions can be carried over to the next 15 years, subject to the 100% limitation. See sections 170(b)(2)(B) and (C).

Temporary suspension of 10% limitation for certain disaster-related contributions.

A corporation may elect to deduct qualified cash contributions without regard to the 10% taxable income limit. Qualified contributions are contributions that were made after October 7, 2017, and before January 1, 2019, to a qualified charitable organization (other than certain private foundations described in section 509(a)(3) or donor advised funds described in section 4966(d)(2)) for relief efforts in the California wildfire disaster area. The corporation must obtain contemporaneous written acknowledgment (within the meaning of section 170(f)(8)) from the qualified charitable organization that the

contribution was used or is to be used for disaster relief efforts.

The total amount of the contribution claimed for disaster relief efforts cannot exceed 100% of the excess of the corporation's taxable income (as computed above substituting "100%" for "10%") over all other allowable charitable contributions. Any excess qualified contributions are carried over to the next 5 years. See Pub. 976.

Cash contributions. For contributions of cash, check, or other monetary gifts (regardless of the amount), the corporation must maintain a bank record, or a receipt, letter, or other written communication from the donee organization indicating the name of the organization, the date of the contribution, and the amount of the contribution.

Contributions of \$250 or more. A corporation can deduct a contribution of \$250 or more only if it gets a written acknowledgment from the donee organization that shows the amount of cash contributed, describes any property contributed (but not its value), and either gives a description and a good faith estimate of the value of any goods or services provided in return for the contribution or states that no goods or services were provided in return for the contribution. The acknowledgment must be obtained by the due date (including extensions) of the corporation's return, or, if earlier, the date the return is filed. Do not attach the acknowledgment to the tax return, but keep it with the corporation's records.

Contributions of property other than cash. If a corporation (other than a closely held or personal service corporation) contributes property other than cash and claims over a \$500 deduction for the property, it must attach a statement to the return describing the kind of property contributed and the method used to determine its FMV. Closely held corporations and personal service corporations must complete Form 8283, Noncash Charitable Contributions, and attach it to their returns. All other corporations generally must complete and attach Form 8283 to their returns for contributions of property (other than money) if the total claimed deduction for all property contributed was more than \$5,000. Special rules apply to the contribution of certain property. See the Instructions for Form 8283.

Qualified conservation contributions. Special rules apply to qualified conservation contributions, including contributions of certain easements on buildings located in a registered historic district. See section

170(h) and Pub. 526, Charitable Contributions.

Other special rules. The corporation must reduce its deduction for contributions of certain capital gain property. See sections 170(e)(1) and 170(e)(5).

A larger deduction is allowed for certain contributions including:

- Inventory and other property to certain organizations for use in the care of the ill, needy, or infants (see section 170(e)(3)), including qualified contributions of “apparently wholesome food” (see section 170(e)(3)(C)); and
- Scientific equipment used for research to institutions of higher learning or to certain scientific research organizations (other than by personal holding companies and service organizations). See section 170(e)(4).

For more information on charitable contributions, including substantiation and recordkeeping requirements, see section 170 and the related regulations and Pub. 526. For other special rules that apply to corporations, see Pub. 542.

Line 20. Depreciation

Include on line 20 depreciation and the cost of certain property that the corporation elected to expense under section 179 from Form 4562. Include amounts not claimed on Form 1125-A or elsewhere on the return. See Form 4562 and the Instructions for Form 4562.

Line 21. Depletion

See sections 613 and 613A for percentage depletion rates applicable to natural deposits. Also see section 291 for the limitation on the depletion deduction for iron ore and coal (including lignite).

Attach Form T (Timber), Forest Activities Schedule, if a deduction for depletion of timber is taken.

Foreign intangible drilling costs and foreign exploration and development costs must either be added to the corporation's basis for cost depletion purposes or be deducted ratably over a 10-year period. See sections 263(i), 616, and 617 for details.

See Pub. 535 for more information on depletion.

Line 23. Pension, Profit-Sharing, etc., Plans

Enter the deduction for contributions to qualified pension, profit-sharing, or other funded deferred compensation plans. Employers who maintain such a plan generally must file one of the forms listed below unless exempt from filing under regulations or other applicable guidance, even if the plan is not a qualified plan under the Internal Revenue Code. The filing requirement applies even if the

corporation does not claim a deduction for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f). Also see the instructions for the applicable form.

Form 5500, Annual Return/Report of Employee Benefit Plan.

Form 5500-SF, Short Form Annual Return/Report of Small Employee Benefit Plan. File this form instead of Form 5500 generally if there were under 100 participants at the beginning of the plan year.

Note. Form 5500 and Form 5500-SF must be filed electronically under the computerized ERISA Filing Acceptance System (EFAST2). For more information, see the EFAST2 website at www.efast.dol.gov.

Form 5500-EZ, Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan. File this form for a plan that only covers the owner (or the owner and his or her spouse) but only if the owner (or the owner and his or her spouse) owns the entire business.

Line 24. Employee Benefit Programs

Enter contributions to employee benefit programs not claimed elsewhere on the return (for example, insurance or health and welfare programs) that are not an incidental part of a pension, profit-sharing, etc., plan included on line 23.

Line 26. Other Deductions

Attach a statement, listing by type and amount, all allowable deductions that are not deductible elsewhere on Form 1120. Enter the total on line 26.

Examples of other deductions include the following. See Pub. 535 for details on other deductions that may apply to corporations.

- Amortization. See Part VI of Form 4562.
- Certain costs of a qualified film, television, or live theatrical production commencing before January 1, 2018 (after December 31, 2015, and before January 1, 2018, for a live theatrical production), if the aggregate cost of the production does not exceed \$15 million. There is a higher dollar limitation for production in certain areas. See section 181 and the related regulations.

Note. Certain film, television, or live theatrical productions acquired and placed in service after September 27, 2017 (for which a deduction would have been allowable under section 181 without regard to the dollar limitation), are qualified property eligible for the special depreciation allowance under section

168(k). See the Instructions for Form 4562.

- Certain business start-up and organizational costs (discussed earlier, under *Limitations on Deductions*).
- Reforestation costs. The corporation can elect to deduct up to \$10,000 of qualifying reforestation expenses for each qualified timber property. The corporation can elect to amortize over 84 months any amount not deducted. See Pub. 535.
- Insurance premiums.
- Legal and professional fees.
- Supplies used and consumed in the business.
- Travel, meals, and entertainment expenses. Special rules apply (discussed below).
- Utilities.
- Ordinary losses from trade or business activities of a partnership (from Schedule K-1 (Form 1065)). Do not offset ordinary income against ordinary losses. Instead, include the income on line 10. Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount is from more than one partnership, identify the amount from each partnership.
- Any extraterritorial income exclusion (from Form 8873).
- Any net negative section 481(a) adjustment. See *Section 481(a) adjustment*, earlier.
- Deduction for certain costs of energy efficient commercial building property placed in service before January 1, 2018.
- Dividends paid in cash on stock held by an employee stock ownership plan. However, a deduction may be taken for these dividends only if, according to the plan, the dividends are:

1. Paid in cash directly to the plan participants or beneficiaries;
2. Paid to the plan, which distributes them in cash to the plan participants or their beneficiaries no later than 90 days after the end of the plan year in which the dividends are paid;
3. At the election of such participants or their beneficiaries (a) payable as provided under (1) or (2) above, or (b) paid to the plan and reinvested in qualifying employer securities; or
4. Used to make payments on a loan described in section 404(a)(9).

See section 404(k) for more details and the limitation on certain dividends.

Do not deduct expenses such as the following.

- Fines or penalties paid to a government for violating any law. However, see exceptions discussed below.
- Any amount that is allocable to a class of exempt income. See section 265(b) for exceptions.
- Lobbying expenses. However, see exceptions discussed below.

• Amounts paid or incurred after December 22, 2017, for any settlement, payout, or attorney fees related to sexual harassment or sexual abuse, if such payments are subject to a nondisclosure agreement. See new section 162(q).

Travel, meals, and entertainment.

Subject to limitations and restrictions discussed below, a corporation can deduct ordinary and necessary travel, meal, and non-entertainment expenses paid or incurred in its trade or business. Generally, entertainment expenses, membership dues, and facilities used in connection with these activities cannot be deducted. Also, special rules apply to deductions for gifts, luxury water travel, and convention expenses. See section 274 and Pub. 463 for details.

Travel. The corporation cannot deduct travel expenses of any individual accompanying a corporate officer or employee, including a spouse or dependent of the officer or employee, unless:

- That individual is an employee of the corporation, and
- His or her travel is for a bona fide business purpose and would otherwise be deductible by that individual.

Meals. Generally, the corporation can deduct only 50% of the amount otherwise allowable for non-entertainment related meal expenses paid or incurred in its trade or business. Entertainment-related meals generally are not deductible. In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant, and
- An employee of the corporation must be present at the meal.

See section 274(n)(3) for a special rule that applies to expenses for meals consumed by individuals subject to the hours of service limits of the Department of Transportation.

Membership dues. The corporation cannot deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion.

Entertainment facilities. The corporation cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

Amounts treated as compensation.

Generally, the corporation may be able to deduct otherwise nondeductible entertainment, amusement, or recreation expenses if the amounts are treated as compensation to the recipient and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

However, if the recipient is an officer, director, beneficial owner (directly or indirectly), or other "specified individual" (as defined in section 274(e)(2)(B) and Regulations section 1.274-9(b)), special rules apply. See section 274(e)(2) and Regulations sections 1.274-9 and 1.274-10.

Fines and penalties. Generally, no deduction is allowed for fines and penalties paid to a government or specified nongovernmental entity for the violation of any law except:

- Amounts that constitute restitution,
- Amounts paid to come into compliance with the law,
- Amounts paid or incurred as the result of certain court orders in which no government or specified nongovernmental agency is a party, and
- Amounts paid or incurred for taxes due.

No deduction is allowed for the restitution amount or amount paid to come into compliance with the law unless the amounts are specifically identified in the settlement agreement or court order. Also, any amount paid or incurred as reimbursement to the government for the costs of any investigation or litigation are not eligible for the exceptions and are nondeductible.

Lobbying expenses. Generally, lobbying expenses are not deductible. These expenses include:

- Amounts paid or incurred in connection with influencing federal, state, or local legislation; or
- Amounts paid or incurred in connection with any communication with certain federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of "influencing legislation."

Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible.

Domestic production activities deduction. If the corporation is a recipient of the domestic production activities deduction from a flow-through entity such as a partnership, estate, trust, or cooperative with a tax year beginning before January 1, 2018, the deduction can be taken in limited circumstances. See Form 8903

and the Instructions for Form 8903 for details.

Line 28. Taxable Income Before NOL Deduction and Special Deductions

At-risk rules. Generally, special at-risk rules under section 465 apply to closely held corporations (see *Passive activity limitations*, earlier) engaged in any activity as a trade or business or for the production of income. These corporations may have to adjust the amount on line 28. (See below.)

The at-risk rules do not apply to:

- Holding real property placed in service by the taxpayer before 1987;
- Equipment leasing under sections 465(c)(4), (5), and (6); or
- Any qualifying business of a qualified corporation under section 465(c)(7).

However, the at-risk rules do apply to the holding of mineral property.

If the at-risk rules apply, adjust the amount on this line for any section 465(d) losses. These losses are limited to the amount for which the corporation is at risk for each separate activity at the close of the tax year. If the corporation is involved in one or more activities, any of which incurs a loss for the year, report the losses for each activity separately. Attach Form 6198, At-Risk Limitations, showing the amount at risk and gross income and deductions for the activities with the losses.

If the corporation sells or otherwise disposes of an asset or its interest (either total or partial) in an activity to which the at-risk rules apply, determine the net profit or loss from the activity by combining the gain or loss on the sale or disposition with the profit or loss from the activity. If the corporation has a net loss, it may be limited because of the at-risk rules.

Treat any loss from an activity not allowed for the tax year as a deduction allocable to the activity in the next tax year.

Line 29a. Net Operating Loss Deduction

A corporation can use the NOL incurred in one tax year to reduce its taxable income in another tax year. Enter on line 29a the total NOL carryovers from other tax years, but do not enter more than the corporation's taxable income (after special deductions). Attach a statement showing the computation of the NOL deduction. Complete item 12 on Schedule K.

The following special rules apply.

- The corporation may elect under section 965(n) to reduce the amount of the NOL for a tax year and the amount of taxable income reduced by NOL carryovers or carrybacks to such tax year.

The reduction amount is equal to the amount of the section 965(a) inclusion (net of the section 965(c) deduction) plus, in the case of a domestic corporation that claims a credit for deemed paid foreign taxes, the section 78 gross up with respect to the foreign taxes deemed paid with respect to the section 965(a) inclusion. If, as a result of an election under section 965(n), the amount of the NOL for the tax year is reduced, the reduction amount is included in other income on line 10. If, as a result of an election under 965(n), the taxable income reduced by NOL carryovers or carrybacks is reduced, the NOL deduction on line 29a is reduced by the reduction amount. See section 965(n) for more information.

- If an ownership change (described in section 382(g)) occurs, the amount of the taxable income of a loss corporation that may be offset by the pre-change NOL carryovers may be limited. See section 382 and the related regulations. A loss corporation must include the information statement as provided in Regulations section 1.382-11(a) with its income tax return for each tax year that it is a loss corporation in which an ownership shift, equity structure shift, or other transaction described in Temporary Regulations section 1.382-2T(a)(2)(i) occurs. If the corporation makes the closing-of-the-books election, see Regulations section 1.382-6(b).

The limitations under section 382 do not apply to certain ownership changes after February 17, 2009, made pursuant to a restructuring plan under the Emergency Economic Stabilization Act of 2008. See section 382(n).

For guidance in applying section 382 to loss corporations whose instruments were acquired by Treasury under certain programs under the Emergency Economic Stabilization Act of 2008, see Notice 2010-2, 2010-2 I.R.B. 251.

- If a corporation acquires control of another corporation (or acquires its assets in a reorganization), the amount of pre-acquisition losses that may offset recognized built-in gain may be limited (see section 384).
- If a corporation elects the alternative tax on qualifying shipping activities under section 1354, no deduction is allowed for an NOL attributable to the qualifying shipping activities to the extent that the loss is carried forward from a tax year preceding the first tax year for which the alternative tax election was made. See section 1358(b)(2).

For more details on the NOL deduction, see section 172 and the Instructions for Form 1139.

Line 29b. Special Deductions

See the instructions for Schedule C.

Line 30. Taxable Income

Minimum taxable income. The corporation's taxable income cannot be less than the largest of the following amounts.

- The inversion gain of the corporation for the tax year, if the corporation is an expatriated entity or a partner in an expatriated entity. See section 7874(a).
- The sum of the corporation's excess inclusions from its residual interest in a REMIC from Schedules Q (Form 1066), line 2c, and the corporation's taxable income determined solely with respect to its ownership and high-yield interests in FASITs. See sections 860E(a) and 860J (repealed).

Net operating loss (NOL). If line 30 (figured without regard to the items listed above under minimum taxable income) is zero or less, the corporation may have an NOL that can be carried back or forward as a deduction to other tax years.

Generally, a corporation first carries back an NOL attributable to farming losses 2 tax years. However, the corporation can elect to waive the carryback period and instead carry the farming NOL forward to future tax years. See the instructions for Schedule K, item 11, for information on making the election. See the Instructions for Form 1139 for other special rules and elections.

Note. The NOL is limited to 80% of taxable income (determined without regard to the net operating loss) for losses arising in tax years beginning after December 31, 2017.

Merchant Marine capital construction fund. To take a deduction for amounts contributed to a capital construction fund (CCF), reduce the amount that would otherwise be entered on line 30 by the amount of the deduction. On the dotted line next to the entry space, enter "CCF" and the amount of the deduction. For more information, see section 7518.

Line 34. Estimated Tax Penalty

Generally, the corporation does not have to file Form 2220 because the IRS can figure the penalty amount, if any, and bill the corporation. However, even if the corporation does not owe the penalty, it must complete and attach Form 2220 if:

- The annualized income or adjusted method is used, or
- The corporation is a large corporation (as defined in the Instructions for Form 2220) computing its first required installment based on the prior year's tax.

If Form 2220 is attached, check the box on line 34, and enter any penalty on this line.

Line 35. Amount Owed

If the corporation cannot pay the full amount of tax owed, it can apply for an installment agreement online. The corporation can apply for an installment agreement online if:

- It cannot pay the full amount shown on line 35,
- The total amount owed is \$25,000 or less, and
- The corporation can pay the liability in full in 24 months.

To apply using the Online Payment Agreement Application, go to [IRS.gov/OPA](https://www.irs.gov/opa).

Under an installment agreement, the corporation can pay what it owes in monthly installments. There are certain conditions that must be met to enter into and maintain an installment agreement, such as paying the liability within 24 months and making all required deposits and timely filing tax returns during the length of the agreement.

If the installment agreement is accepted, the corporation will be charged a fee and it will be subject to penalties and interest on the amount of tax not paid by the due date of the return.

Line 37

Enter the amount of any overpayment that should be refunded or applied to next year's estimated tax.

Note. This election to apply some or all of the overpayment amount to the corporation's 2019 estimated tax cannot be changed at a later date.

Direct deposit of refund. If the corporation wants its refund directly deposited into its checking or savings account at any U.S. bank or other financial institution instead of having a check sent to the corporation, complete Form 8050, Direct Deposit of Corporate Tax Refund, and attach it to the corporation's tax return.

Schedule C. Dividends, Inclusions, and Special Deductions

For purposes of the 20% ownership test on lines 1 through 7, the percentage of stock owned by the corporation is based on voting power and value of the stock. Preferred stock described in section 1504(a)(4) is not taken into account.

Consolidated returns. Corporations filing a consolidated return should see Regulations sections 1.1502-13, 1.1502-26, and 1.1502-27 before completing Schedule C.

Corporations filing a consolidated return must not report as dividends on Schedule C any amounts received from

corporations within the tax consolidation group. Such dividends are eliminated in consolidation rather than offset by the dividends-received deduction.

Line 1, Column (a)

Enter dividends (except those received on certain debt-financed stock acquired after July 18, 1984—see section 246A) that are:

- Received from less-than-20%-owned domestic corporations subject to income tax, and
- Qualified for the 50% deduction under section 243(a)(1).

Also include on line 1 the following.

- Taxable distributions from an IC-DISC or former DISC that are designated as eligible for the 50% deduction and certain dividends of Federal Home Loan Banks. See section 246(a)(2).
- Dividends (except those received on certain debt-financed stock acquired after July 18, 1984) from a regulated investment company (RIC). The amount of dividends eligible for the dividends-received deduction under section 243 is limited by section 854(b). The corporation should receive a notice from the RIC specifying the amount of dividends that qualify for the deduction.

Report so-called dividends or earnings received from mutual savings banks, etc., as interest. Do not treat them as dividends.

Line 2, Column (a)

Enter on line 2:

- Dividends (except those received on certain debt-financed stock acquired after July 18, 1984) that are received from 20%-or-more-owned domestic corporations subject to income tax and that are subject to the 65% deduction under section 243(c), and

Generally, debt-financed stock is stock that the corporation acquired by incurring a debt (for example, it borrowed money to buy the stock).
- Dividends received from a RIC on debt-financed stock. The amount of dividends eligible for the dividends-received deduction is limited by section 854(b). The corporation should receive a notice from the RIC specifying

the amount of dividends that qualify for the deduction.

Line 3, Columns (b) and (c)

Dividends received on certain debt-financed stock acquired after July 18, 1984, are not entitled to the full 50% or 65% dividends-received deduction under section 243 or 245(a). The 50% or 65% deduction is reduced by a percentage that is related to the amount of debt incurred to acquire the stock. See section 246A. Also see section 245(a) before making this computation for an additional limitation that applies to certain dividends received from foreign corporations. Attach a statement to Form 1120 showing how the amount on line 3, column (c), was figured.

Line 4, Column (a)

- All of its outstanding stock is directly or indirectly owned by the domestic corporation receiving the dividends, and
- All of its gross income from all sources is effectively connected with the conduct of a trade or business within the United States.

Line 9, Column (c)

Generally, line 9, column (c), cannot exceed the amount from the Worksheet for Schedule C, line 9. However, in a year in which an NOL occurs, this limitation does not apply even if the loss is created by the dividends-received deduction. See sections 172(d) and 246(b).

Line 10, Columns (a) and (c)

Small business investment companies operating under the Small Business Investment Act of 1958 (see 15 U.S.C. 661 and following) must enter dividends that are received from domestic corporations subject to income tax even though a deduction is allowed for the entire amount of those dividends. To claim the 100% deduction on line 10, column (c), the company must file with its return a statement that it was a federal licensee under the Small Business Investment Act of 1958 at the time it received the dividends.

Include any deferred tax on the termination of a section 1294 election applicable to shareholders in a qualified electing fund in the amount entered on line 11.

Subtract the following amounts from the total for line 11.

- Deferred tax on the corporation's share of undistributed earnings of a qualified electing fund. See the Instructions for Form 8621.
- Deferred LIFO recapture tax (section 1363(d)). This tax is the part of the LIFO recapture tax that will be deferred and

paid with Form 1120S in the future. To figure the deferred tax, first figure the total LIFO recapture tax. Follow the steps below to figure the total LIFO recapture tax and the deferred amount. Also see *Line 10. Other Income*, earlier.

Step 1. Figure the tax on the corporation's income including the LIFO recapture amount. Complete Schedule J, Part I, lines 1 through 10.

Step 2. Using a separate worksheet, complete Schedule J again, but do not include the LIFO recapture amount in the corporation's taxable income.

Step 3. Compare the tax in Step 2 to the tax in Step 1. The difference between the two is the LIFO recapture tax.

Step 4. Multiply the amount figured in Step 3 by 75% (0.75). The result is the deferred LIFO recapture tax.

How to report. Attach a statement showing the computation of each item included in, or subtracted from, the total for line 11. On the dotted line next to line 11, specify (a) the applicable Code section, (b) the type of tax, and (c) enter the amount of tax. For example, if the corporation is deferring a \$100 LIFO recapture tax, subtract this amount from the total on line 11, then enter "Section 1363-Deferred Tax-\$100" on the dotted line next to line 11.

Part II—Section 965 Payments

Line 12

Complete and attach Form 965-B. Enter the amount from Form 965-B, Part II, column (k), line 2, on Schedule J, Part II, line 12. Also enter this amount on page 1, line 32.

Part III—Payments, Refundable Credits, and Section 965 Net Tax Liability

Line 14

Enter any estimated tax payments the corporation made for the tax year.

Beneficiaries of trusts. If the corporation is the beneficiary of a trust, and the trust makes a section 643(g) election to credit its estimated tax payments to its beneficiaries, include the corporation's share of the payment in the total for line 14. Enter "T" and the amount on the dotted line next to the entry space.

Line 15

If the corporation overpaid estimated tax, it may be able to get a quick refund by filing Form 4466. The overpayment must be at least 10% of the corporation's expected

income tax liability and at least \$500. File Form 4466 after the end of the corporation's tax year, and no later than the due date for filing the corporation's tax return (not including extensions). Form 4466 must be filed before the corporation files its tax return. See the instructions for Form 4466.

Line 18

If the corporation had federal income tax withheld from any payments it received because, for example, it failed to give the payer its correct EIN or was otherwise subjected to back-up withholding, include the amount withheld in the total for line 18.

Line 20. Refundable Credits

Line 20a. Credit from Form 2439. Enter any credit from Form 2439, Notice to Shareholder of Undistributed Long-Term Capital Gains, for the corporation's share of the tax paid by a regulated investment company (RIC) or a real estate investment trust (REIT) on undistributed long-term capital gains included in the corporation's income. Attach Form 2439.

Line 20b. Credit for federal tax on fuels. Enter the total income tax credit claimed on Form 4136, Credit for Federal Tax Paid on Fuels. Attach Form 4136.

Line 20c. Refundable credits from Form 8827. Enter on line 20c the amounts from Form 8827, line 8c.

Line 20d. Other. Include on line 20d any other refundable credit the corporation is claiming, including the following. Attach a statement listing the type of credit and the amount of the credit.

- Credit for tax withheld under Chapter 3 or 4 of the Internal Revenue Code that is shown on Form 1042-S, Form 8805, or Form 8288-A. Attach the applicable form.
- Credit for tax on ozone-depleting chemicals. See section 4682(g)(2).
- Credit under section 960(c) (section 960(b) for pre-2018 taxable years of foreign corporations). If an increase in the limitation under section 960(c) (section 960(b) (pre-2018)) exceeds the total tax on Schedule J, Part I, line 11, for the tax year, the amount of the excess is deemed an overpayment of tax for the tax year. See section 960(c) (section 960(b) (pre-2018)) for more information regarding the circumstances under which such an excess arises.

Line 22

Complete and attach Form 965-B. Enter the amount from Form 965-B, Part I, column (d), line 2.

Schedule K. Other Information

Complete all items that apply to the corporation.

Question 2

See the list of Principal Business Activity Codes later in the instructions. Using the list of codes and activities, determine from which activity the corporation derives the highest percentage of its total receipts. Enter on lines 2a, 2b, and 2c the principal business activity code number, the corporation's business activity, and a description of the principal product or service of the corporation.

Question 3

Check the "Yes" box for question 3 if:

- The corporation is a subsidiary in an affiliated group (defined below), but is not filing a consolidated return for the tax year with that group, or
- The corporation is a subsidiary in a parent–subsidiary controlled group. For a definition of a parent–subsidiary controlled group, see the Instructions for Schedule O (Form 1120).

Any corporation that meets either of the requirements above should check the "Yes" box. This applies even if the corporation is a subsidiary member of one group and the parent corporation of another.

Note. If the corporation is an "excluded member" of a controlled group (see definition in the Instructions for Schedule O (Form 1120)), it is still considered a member of a controlled group for this purpose.

Affiliated group. An affiliated group is one or more chains of includible corporations (section 1504(a)) connected through stock ownership with a common parent corporation. The common parent must be an includible corporation and the following requirements must be met.

1. The common parent must own directly stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of at least one of the other includible corporations.

2. Stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of each of the other corporations (except for the common parent) must be owned directly by one or more of the other includible corporations.

For this purpose, the term "stock" generally does not include any stock that (a) is nonvoting, (b) is nonconvertible, (c) is limited and preferred as to dividends and does not participate significantly in corporate growth, and (d) has redemption

and liquidation rights that do not exceed the issue price of the stock (except for a reasonable redemption or liquidation premium). See section 1504(a)(4).

Question 4. Constructive Ownership of the Corporation

For purposes of question 4, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in corporate stock and ownership of interests in the profit, loss, or capital of a partnership. If the corporation checked "Yes" to question 4a or 4b, complete and attach Schedule G (Form 1120), Information on Certain Persons Owning the Corporation's Voting Stock.

Question 5. Constructive Ownership of Other Entities

For purposes of determining the corporation's constructive ownership of other entities, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in partnerships and trusts as well as corporate stock. Generally, if an entity (a corporation, partnership, or trust) is owned, directly or indirectly, by or for another entity (corporation, partnership, estate, or trust), the owned entity is considered to be owned proportionately by or for the owners (shareholders, partners, or beneficiaries) of the owning entity.

Question 5a

List each foreign or domestic corporation not included on Form 851, Affiliations Schedule, in which the corporation, at the end of the tax year, owned directly 20% or more, or owned, directly or indirectly, 50% or more of the total voting power of all classes of stock entitled to vote. Indicate the name of the corporation, EIN (if any), country of incorporation, and the percentage interest owned, directly or indirectly, in the total voting power. List the parent corporation of an affiliated group of corporations filing a consolidated tax return rather than the subsidiary members except for subsidiary members in which an interest is owned, directly or indirectly, independent of the interest owned, directly or indirectly, in the parent corporation. List a corporation owned through a disregarded entity rather than the disregarded entity.

Question 5b

List each foreign or domestic partnership in which the corporation, at the end of the tax year, owned directly an interest of 20% or more, or owned, directly or indirectly, an interest of 50% or more in the profit, loss, or capital of the partnership. List each trust in which the corporation, at the end of the

tax year, owned directly an interest of 20% or more, or owned, directly or indirectly, an interest of 50% or more in the trust beneficial interest. Indicate the name, EIN (if any), country of organization, and the maximum percentage interest owned, directly or indirectly, in the profit, loss, or capital of the partnership at the end of the partnership tax year, or, for a trust, the percentage interest owned in the trust beneficial interest. List a partnership or trust owned through a disregarded entity rather than the disregarded entity.

Maximum percentage owned in partnership profit, loss, or capital. For the purposes of question 5b, the term "maximum percentage owned" means the highest percentage of interest in a partnership's profit, loss, or capital as of the end of the partnership's tax year, as determined under the partnership agreement, when taking into account the constructive ownership rules earlier. If the partnership agreement does not express the partner's share of profit, loss, and capital as fixed percentages, use a reasonable method in arriving at the percentage items for the purposes of completing question 5b. Such method must be consistent with the partnership agreement. The method used to compute a percentage share of profit, loss, and capital must be applied consistently from year to year. Maintain records to support the determination of the share of profits, losses, and share of capital.

Example. Corporation A owns, directly, a 50% interest in the profit, loss, or capital of Partnership B. Corporation A also owns, directly, a 15% interest in the profit, loss, or capital of Partnership C and owns, directly, 15% of the voting stock of Corporation D. Partnership B owns, directly, a 70% interest in the profit, loss, or capital of Partnership C and owns, directly, 70% of the voting stock of Corporation D. Corporation A owns, indirectly, through Partnership B, a 35% interest (50% of 70%) in the profit, loss, or capital of Partnership C and owns, indirectly, 35% of the voting stock of Corporation D. Corporation A owns, directly or indirectly, a 50% interest in the profit, loss, or capital of Partnership C (15% directly and 35% indirectly), and owns, directly or indirectly, 50% of the voting stock of Corporation D (15% directly and 35% indirectly).

Corporation A reports in its answer to question 5a that it owns, directly or indirectly, 50% of the voting stock of Corporation D. Corporation A reports in its answer to question 5b that it owns, directly, an interest of 50% in the profit, loss, or capital of Partnership B and owns, directly or indirectly, 50% of the profit, loss, or capital of Partnership C.

Question 7

Check the "Yes" box if one foreign person owned at least 25% of the total voting power of all classes of stock of the corporation entitled to vote or at least 25% of the total value of all classes of stock of the corporation.

The constructive ownership rules of section 318 apply in determining if a corporation is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 7a the percentage owned by the foreign person specified in question 7. On line 7b, enter the name of the owner's country.

Note. If there is more than one 25%-or-more foreign owner, complete question 7 for the foreign person with the highest percentage of ownership.

Foreign person. The term "foreign person" means:

- An individual who is not a citizen or resident of the United States;
- An individual who is a citizen or resident of a U.S. possession who is not otherwise a citizen or resident of the United States;
- Any partnership, association, company, or corporation that is not created or organized in the United States;
- Any foreign estate or trust within the meaning of section 7701(a)(31); or
- A foreign government (or one of its agencies or instrumentalities) to the extent that it is engaged in the conduct of a commercial activity as described in section 892.

However, the term "foreign person" does not include any foreign person who consents to the filing of a joint U.S. income tax return.

Owner's country. For individuals, the term "owner's country" means the country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Requirement to file Form 5472. If the corporation checked "Yes," it may have to file Form 5472, Information Return of a 25% Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business. Generally, a 25% foreign-owned corporation that had a reportable transaction with a foreign or domestic related party during the tax year must file Form 5472. See the Instructions for Form 5472, for filing instructions and penalties for failure to file.

Item 9

Show any tax-exempt interest received or accrued. Include any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also, if required, include the same amount on Schedule M-1, line 7 (or Schedule M-3, Part II, line 13, if applicable).

Item 11

If the corporation has an NOL attributable to farming losses, it generally can elect to waive the entire carryback period for the NOL and instead carry the NOL forward to future tax years. To do so, check the box on line 11 and file the tax return by its due date, including extensions. Do not attach the statement described in Temporary Regulations section 301.9100-12T. Once made, the election is irrevocable.

If the corporation timely filed its return for the loss year without making the election, it can make the election on an amended return filed within 6 months of the due date of the loss year return (excluding extensions). Attach the election to the amended return and write "Filed pursuant to section 301.9100-2" on the election statement. See the Instructions for Form 1139.

Corporations filing a consolidated return that elect to waive the entire carryback period for the group also must attach the statement required by Regulations section 1.1502-21(b)(3) or the election will not be valid.

Item 12

Enter the amount of the NOL carryover to the tax year from prior years, even if some of the loss is used to offset income on this return. The amount to enter is the total of all NOLs generated in prior years but not used to offset income (either as a carryback or carryover) to a tax year prior to 2018. Do not reduce the amount by any NOL deduction reported on line 29a.

Question 14

A corporation that files Form 1120 must file Schedule UTP (Form 1120), Uncertain Tax Position Statement, with its 2018 income tax return if:

- For 2018, the corporation's total assets equal or exceed \$10 million;
- The corporation or a related party issued audited financial statements reporting all or a portion of the corporation's operations for all or a portion of the corporation's tax year; and
- The corporation has one or more tax positions that must be reported on Schedule UTP.

Attach Schedule UTP to the corporation's income tax return. Do not file it separately. A taxpayer that files a protective Form 1120 also must file Schedule UTP if it satisfies the requirements set forth above.

For details, see the Instructions for Schedule UTP.

Questions 15a and 15b

If the corporation made any payment in 2018 that would require the corporation to file any Form(s) 1099, check the "Yes" box for question 15a and answer question

15b. Otherwise, check the "No" box for question 15a and skip question 15b. See [Am I Required to File a Form 1099 or Other Information Return?](#) on IRS.gov.

Question 19

If the corporation made any payments in 2018 that would require the corporation to file any Forms 1042 and 1042-S, check the "Yes" box. See the Instructions for Form 1042 and Instructions for Form 1042-S for information regarding who is required to file Forms 1042 and 1042-S and what types of payments are subject to reporting on Forms 1042 and 1042-S.

Question 21

Section 267A disallows a deduction for certain interest and royalty payments or accruals. In general, section 267A applies when:

1. The interest or royalty is paid or accrued to a related party;
2. Under its tax laws, the related party either:
 - a. Does not include the full amount in income, or
 - b. Is allowed a deduction with respect to the amount; and
3. The amount is paid or accrued pursuant to a hybrid transaction or by, or to, a hybrid entity.

When section 267A applies, the deduction is generally disallowed to the extent the related party does not include the amount in income or is allowed a deduction with respect to the amount. However, the deduction is not disallowed to the extent the amount is included in the gross income of a U.S. shareholder under section 951(a).

For definitions of terms, see section 267A.

Question 22

If the corporation had gross receipts of at least \$500 million in any one of the 3 preceding tax years, complete and attach Form 8991. For this purpose, the corporation's gross receipts include the gross receipts of all persons aggregated with the corporation as specified in section 59A(e)(3). See the Instructions for Form 8991 to determine if the corporation is subject to the base erosion minimum tax.

Question 23

For tax years beginning after December 31, 2017, the limitation on business interest expense applies to every taxpayer with a trade or business, unless the taxpayer meets certain specified exceptions.

Certain trades or businesses of a taxpayer may deduct business interest expense without regard to the business interest expense limitation of section

163(j). Check "Yes" if there is an election to exclude a real property trade or business or a farming business from section 163(j). For more information, see the Instructions for Form 8990.

Question 24

A taxpayer with a trade or business must file Form 8990 to claim a deduction for business interest. In addition, Form 8990 must be filed by any taxpayer that owns an interest in a partnership with current year, or prior year carryover, excess business interest expense allocated from the partnership.

Exceptions. A taxpayer is not required to file Form 8990 if the taxpayer only has business interest expense from:

- A small business,
- An electing real property trade or business,
- An electing farming business, or
- Certain utility businesses.

A small business taxpayer is not subject to the business interest expense limitation and is not required to file Form 8990. A small business taxpayer is a taxpayer that (a) meets the gross receipts test, and (b) is not a tax shelter (as defined in section 448(d)(3)).

Note. The corporation may not be required to file Form 8990 if one of the other exceptions applies, even if it does not meet the small business exception. In that case, check "No." Do not attach Form 8990.

Question 25

If the corporation is operating a Qualified Opportunity Fund (QOF), the corporation must annually attach Form 8996, self-certifying as a QOF. In addition, the corporation must complete question 25. For more information, see the Instructions for Form 8996.

Schedule L. Balance Sheets per Books

The balance sheets should agree with the corporation's books and records.

Corporations with total receipts (page 1, line 1a plus lines 4 through 10) **and** total assets at the end of the tax year less than \$250,000 are not required to complete Schedules L, M-1, and M-2 if the "Yes" box on Schedule K, question 13, is checked.

Corporations with total assets non-consolidated (or consolidated for all corporations included within the tax

consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120) instead of Schedule M-1. However, see the instructions for Schedule M-1 below. See the separate Instructions for Schedule M-3 (Form 1120) for provisions that also affect Schedule L.

If filing a consolidated return, report total consolidated assets, liabilities, and shareholder's equity for all corporations joining in the return. See *Consolidated Return*, earlier.

Line 1

Include certificates of deposit as cash on this line.

Line 5

Include on this line:

- State and local government obligations, the interest on which is excludable from gross income under section 103(a), and
- Stock in a mutual fund or other RIC that distributed exempt-interest dividends during the tax year of the corporation.

Line 26

Some examples of adjustments to report on this line include:

- Unrealized gains and losses on securities held "available for sale."
- Foreign currency translation adjustments.
- The excess of additional pension liability over unrecognized prior service cost.
- Guarantees of employee stock (ESOP) debt.
- Compensation related to employee stock award plans.

If the total adjustment to be entered on line 26 is a negative amount, enter the amount in parentheses.

Schedule M-1. Reconciliation of Income (Loss) per Books With Income per Return

In completing Schedule M-1, the following apply.

- Corporations with total receipts (page 1, line 1a plus lines 4 through 10) **and** total assets at the end of the tax year less than \$250,000 are not required to complete Schedules L, M-1, and M-2 if the "Yes" box on Schedule K, question 13, is checked.
- Corporations with total assets non-consolidated (or consolidated for all corporations included within the tax

consolidation group) of \$10 million or more on the last day of the tax year must file Schedule M-3 (Form 1120) instead of Schedule M-1.

• A corporation filing Form 1120 that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1. See the Instructions for Schedule M-3 (Form 1120) for more information.

• Corporations that (a) are required to file Schedule M-3 (Form 1120) and have less than \$50 million total assets at the end of the tax year, or (b) are not required to file Schedule M-3 (Form 1120) and voluntarily file Schedule M-3 (Form 1120), must either (i) complete Schedule M-3 (Form 1120) entirely or (ii) complete Schedule M-3 (Form 1120) through Part I, and complete Form 1120, Schedule M-1, instead of completing Parts II and III of Schedule M-3 (Form 1120). If the corporation chooses to complete Schedule M-1 instead of completing Parts II and III of Schedule M-3, the amount on Schedule M-1, line 1, must equal the amount on Schedule M-3, Part I, line 11. See the Instructions for Schedule M-3 (Form 1120) for more information.

Line 5c

Include any of the following applicable expenses.

- Entertainment expenses not deductible under section 274(a).
- Entertainment-related meal expenses.
- Non-entertainment meal expenses not deductible under section 274(n).
- Expenses for the use of an entertainment facility.
- The part of business gifts over \$25.
- Expenses of an individual over \$2,000, which are allocable to conventions on cruise ships.
- Employee achievement awards of nontangible or tangible property over \$400 (\$1,600 if part of a qualified plan).
- The cost of skyboxes.
- Nondeductible club dues.
- The part of luxury water travel expenses not deductible under section 274(m).
- Expenses for travel as a form of education.
- Other nondeductible travel and entertainment expenses.

For more information, see Pub. 535.

Line 7

Report any tax-exempt interest received or accrued, including any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also report this same amount on Schedule K, item 9.

Paperwork Reduction Act Notice. We ask for the information on these forms to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

Estimates of Taxpayer Burden. The following tables show burden estimates based on current statutory requirements as of December 2017, for taxpayers filing 2017 Forms 1065, 1065-B, 1066, 1120, 1120-C, 1120-F, 1120-H, 1120-ND, 1120S, 1120-SF, 1120-FSC, 1120-L, 1120-PC, 1120-REIT, 1120-RIC, 1120-POL, and related attachments. Time spent and out-of-pocket costs are presented separately. Time burden is broken out by taxpayer activity, with reporting representing the largest component. Out-of-pocket costs include any expenses incurred by taxpayers to prepare and submit their tax returns. Examples include tax return preparation and submission fees, postage and photocopying costs, and tax preparation software costs. While these estimates do not include burden associated with post-filing activities, IRS operational data indicate that electronically prepared and filed returns have fewer arithmetic errors, implying lower post-filing burden.

Reported time and cost burdens are national averages and do not necessarily reflect a “typical” case. Most taxpayers experience lower than average burden, with taxpayer burden varying considerably by taxpayer type. For instance, the estimated average time burden for all taxpayers filing Forms 1065, 1066, or 1120 and related forms is 275 hours, with an average cost of \$4,700 per return. This average includes all associated forms and schedules, across all preparation methods and taxpayer activities.

The average burden for taxpayers filing Forms 1065, 1065-B, or 1066, and related attachments is about 388 hours and \$13,000; the average burden for taxpayers filing Form 1120 and associated forms is about 610 hours and \$26,233; and the average for Forms 1120-REIT, 1120-RIC, 1120S, and all related attachments is 363 hours and \$12,467. Within each of these estimates there is significant variation in taxpayer activity. Tax preparation fees and other out-of-pocket costs vary extensively depending on the tax situation of the taxpayer, the type of software or professional preparer used, and the geographic location. Third-party burden hours are not included in these estimates.

Principal Business Activity Codes

This list of principal business activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. These principal business activity codes are based on the North American Industry Classification System.

Using the list of activities and codes below, determine from which activity the company derives the

largest percentage of its "total receipts." Total receipts is defined as the sum of gross receipts or sales (page 1, line 1a) plus all other income (page 1, lines 4 through 10). If the company purchases raw materials and supplies them to a subcontractor to produce the finished product, but retains title to the product, the company is considered a manufacturer and must use one of the manufacturing codes (311110-339900).

Once the principal business activity is determined, entries must be made on Form 1120, Schedule K, lines

2a, 2b, and 2c. On line 2a, enter the six-digit code selected from the list below. On line 2b, enter the company's business activity. On line 2c, enter a brief description of the principal product or service of the company.
