Control does not include the right to simply participate in these activities or the right to receive a financial return, e.g., interest or the equivalent of interest on a loan or other financing obligations.

(c) For purposes of meeting the stock or equity interest requirements for citizenship under this subpart where title to a vessel is held by an entity comprised, in whole or in part, of other entities which are not individuals, each entity contributing to the stock or equity interest qualifications of the entity holding title must be a citizen eligible to document vessels in its own right with the trade endorsement sought.

§ 67.45 Citizenship savings provision for fishing vessels.

An otherwise qualifying partnership or corporation that does not meet the requisite stock interest requirements for a fishery endorsement of §§ 67.35 or 67.39, respectively, may be eligible to obtain a fishery endorsement for a vessel if, based on evidence submitted by the owner, it is determined that prior to July 28, 1987, the vessel:

(a) Was documented under 46 U.S.C. Chapter 121 and operating as a fishing, fish processing, or fish tender vessel in the navigable waters of the United States or the Exclusive Economic Zone; or

(b) Was contracted for purchase for use as a fishing, fish processing, or fish tender vessel in the navigable waters of the United States or the Exclusive Economic Zone, if the purchase is shown by the contract or similarly reliable evidence acceptable to the Secretary or the Secretary's delegate to have been made for the purpose of using the vessel in the fisheries.

§ 67.47 Requirement for Maritime Administration approval.

(a) The following transactions, among others, require approval of the Maritime Administration in accordance with 46 CFR part 221:

(1) Placement of the vessel under foreign registry;

(2) Operation of the vessel under the authority of a foreign country; and

(3) Sale or transfer of an interest in or control of the vessel from a citizen, as defined in section 2 of the Shipping Act, 1916 (46 U.S.C. app. 802), to a person not a citizen within the meaning of section 2 of that act.

(b) A Certificate of Documentation may not be issued for a vessel which subsequent to the last issuance of a Certificate of Documentation has undergone any transaction listed in paragraph (a) of this section, even if the owner meets the citizenship requirements of this subpart, unless evidence

is provided that the Maritime Administration approved the transaction.

(c) The restriction imposed by paragraph (b) of this section does not apply to a vessel identified in § 67.11(b).

Subpart D—Title Requirements for Vessel Documentation

§ 67.50 Requirement for title evidence.

The owner of a vessel must present title evidence in accordance with one of the methods specified in this subpart:

(a) When application is made for a coastwise or a Great Lakes endorsement for a vessel which has not previously been qualified for such endorsement;

(b) For initial documentation of a vessel;

(c) When the ownership of a documented vessel changes in whole or in part;

(d) When the general partners of a partnership owning a documented vessel change by addition, deletion, or substitution, without dissolution of the partnership; or

(e) When a vessel which has been deleted from documentation is returned to documentation and there has been an intervening change in ownership.

§ 67.53 Methods of establishing title.

Title to a vessel may be established through one of the following methods:

(a) *Simplified method without evidence of build.* The owner must produce a copy of the last registration of the vessel (State, Federal, or foreign) and evidence which establishes chain of title from that registration to the present owner.

(b) *Simplified method with evidence of build.* The owner must produce a copy of the last registration of the vessel (State, Federal, or foreign) and evidence which establishes chain of title from that registration to the present owner along with evidence of the facts of build in accordance with subpart F of this part.

(c) *Complete chain of title, without evidence of citizenship for each entity in that chain of title.* The owner must provide evidence which establishes:

(1) The facts of build in accordance with subpart F of this part; and

(2) A complete chain of title for the vessel from the person for whom the vessel was built to the present owner.

(d) *Complete chain of title, with evidence of citizenship for each entity in that chain of title.* The owner must provide evidence which establishes:

(1) The facts of build in accordance with subpart F of this part; and

(2) A complete chain of title for the vessel from the person for whom the vessel was built to the present owner, accompanied by competent and persuasive evidence establishing the citizenship of each entity in the chain of title.

§ 67.55 Requirement for removal from foreign registry.

The owner of a vessel must present evidence of removal of the vessel from foreign registry whenever:

(a) The owner applies for initial documentation of a vessel that has at any time been registered under the laws of a foreign country; or

(b) The owner applies for reentry into documentation of a vessel that had been registered under the laws of a foreign country since it was last documented under the laws of the United States.

§ 67.57 Extent of title evidence required for initial documentation.

(a) Vessels never registered under any system:

(1) Where a coastwise or Great Lakes endorsement is sought, the only title evidence required for a vessel being documented by the owner for whom it was built is the certification of the builder (form CG-1261) described in § 67.99. Any other applicant must present title evidence in accordance with § 67.53(d).

(2) Where a fishery endorsement is sought, the only title evidence required for a vessel being documented by the owner for whom it was built is the certification of the builder (form CG-1261) described in § 67.99. Any other applicant must present title evidence in accordance with either paragraph (c) or (d) of § 67.53.

(3) Where a registry or recreational endorsement is sought, the only title evidence required for a vessel being documented by the first owner of the vessel is the certification of the builder

(form CG-1261) described in § 67.99, or a Manufacturer's Certificate of Origin. Any other applicant must also present title evidence in accordance with either paragraph (c)(2) or (d)(2) of § 67.53.

NOTE: Manufacturer's Certificates of Origin are sometimes used as shipping documents for vessels, and may recite as the first owner a person other than the person for which the vessel was built. Therefore, a chain of title which begins with a Certificate of Origin will be deemed incomplete.

(b) Vessels previously registered under the laws of a State or a foreign government:

(1) Where a coastwise or a Great Lakes endorsement is sought, title evidence must be presented in accordance with § 67.53(d).

(2) Where a fishery endorsement is sought, title evidence must be presented in accordance with paragraph (b), (c), or (d) of § 67.53.

(3) Where a registry or recreational endorsement is sought, title evidence must be presented in accordance with paragraph (a), (b), (c), or (d) of § 67.53.

§ 67.59 Extent of title evidence required for change in ownership of a documented vessel.

When the ownership of a documented vessel changes, in whole or in part, the applicant for documentation must present:

(a) Title evidence in accordance with subpart E of this part to reflect all ownership changes subsequent to the last issuance of a Certificate of Documentation; and

(b) Where a registry, fishery, or recreational endorsement is sought, evidence of the citizenship of all owners subsequent to the last owner for whom the vessel was documented except for a vessel:

(1) Identified in § 67.11(b); or

(2) For which the Maritime Administration has granted approval for transfer or sale under 46 CFR part 221.

(c) Where a coastwise or Great Lakes endorsement is sought, evidence establishing the citizenship of all owners subsequent to the last owner for whom the vessel was documented with a coastwise or Great Lakes endorsement, if such evidence is not already on file with the Coast Guard. If the vessel has

never been documented with a coastwise or Great Lakes endorsement, evidence must be presented to establish the citizenship of each owner of the vessel for whom such evidence is not already on file with the Coast Guard.

§ 67.61 Extent of title evidence required for vessels returning to documentation.

(a) When the owner of a vessel which has been deleted from documentation applies to have the vessel returned to documentation, the owner must, except as provided in paragraphs (b) and (c) of this section, provide evidence establishing the complete chain of title from the last owner under documentation, and citizenship evidence for all owners in that chain of title.

(b) When a vessel is returned to documentation after having been under foreign registry, the owner must provide a copy of the last foreign registry, the evidence of removal from foreign registry required by § 67.55, and evidence establishing the complete chain of title from the last owner under foreign registry. No citizenship evidence need be provided for owners in that chain of title.

(c) The owner of a vessel identified in § 67.11(b) or for which the Maritime Administration has granted approval for transfer or sale, either by written order or by general approval in 46 CFR part 221, and which was under a State or Federal registration or titling system, must provide a copy of the last registration or title, the evidence of removal from foreign registry required by § 67.55, if applicable, and evidence establishing the complete chain of title from the last owner under such registry or title. No citizenship evidence need be provided for owners in that chain of title.

NOTE: Although vessels returned to documentation without a complete chain of title are not eligible for coastwise or Great Lakes endorsements, this does not preclude such an endorsement if the chain of title, with citi-

zenship evidence, is completed at a later date.

§ 67.63 Extent of title evidence required for captured, forfeited, special legislation, and wrecked vessels.

(a) In the case of a captured or forfeited vessel, the owner must provide evidence establishing the chain of title from the judicial decree of capture or decree of forfeiture, or the evidence of administrative forfeiture described in § 67.131(b). Citizenship evidence for all owners in the chain of title is required only if a coastwise or Great Lakes endorsement is sought.

(b) In the case of a vessel which is the subject of special legislation or a wrecked vessel, the owner must provide:

(1) For initial documentation of a vessel or return to documentation of a vessel deleted from documentation, a copy of the last Federal, State, or foreign registration, the evidence of removal from foreign registry required by § 67.55, if applicable, and evidence establishing the chain of title from the last registration. If a coastwise or Great Lakes endorsement is sought, the owner must present citizenship evidence for all owners in the chain of title from the grant of special legislation or the determination by the Director, National Vessel Documentation Center that the vessel is eligible for documentation under 46 U.S.C. app. 14.

(2) For a documented vessel, the title evidence reflecting all ownership changes subsequent to the last documented owner of record. In addition, unless the vessel qualifies for exemption under § 67.11(b) or the vessel is the subject of Maritime Administration approval for unrestricted transfer, citizenship evidence must be presented for all owners in that chain of title.

Subpart E—Acceptable Title Evidence; Waiver

§ 67.70 Original owner.

The builder's certification described in § 67.99 serves as evidence of the original owner's title to a vessel.

§ 67.73 Transfers prior to documentation.

A transfer of vessel title prior to documentation may be evidenced by:

(a) Completion of the transfer information on the reverse of the builder's certification on form CG-1261;

(b) Completion of the transfer information on the reverse of the Manufacturer's Certificate of Origin; or

(c) A bill of sale which meets the criteria for filing and recording set forth in subpart P of this part.

(c) An applicant for documentation who cannot produce required title evidence in the form of an instrument eligible for filing and recording in accordance with subpart P of this part may apply for a waiver of that requirement in accordance with the provisions of § 67.89.

§ 67.77 Passage of title by court action.

(a) When title to a vessel has passed by court action, that passage must be established by copies of the relevant court order(s) certified by an official of the court.

(b) When authority to transfer a vessel has been conferred by court action, that authority must be established by copies of the relevant court order(s) certified by an official of the court.

§ 67.79 Passage of title without court action following death of owner.

(a) When title to a vessel formerly owned in whole or in part by an individual now deceased passes without court action, an applicant for documentation must present:

(1) When title passes to a surviving joint tenant or tenants or to a tenant by the entirety, a copy of the death certificate, certified by an appropriate State official; or

(2) Where the laws of cognizant jurisdiction permit passage of title without court action, evidence of compliance with applicable State law.

(b) Passage of title subsequent to devolutions such as those described in paragraph (a) of this section, must be established in accordance with the remainder of this subpart.

§ 67.81 Passage of title in conjunction with a corporate merger or similar transaction.

When the title to a vessel has passed as the result of a corporate merger or similar transaction wherein the assets of one corporation have been transferred to another, the passage of title must be established by:

(a) Materials, such as a resolution of the board of directors or shareholders of the corporation which held title to the vessel before the transaction, which either unequivocally transfers all of the assets of the corporation or which specifically identifies the vessel as being among the assets transferred; and

(b) In jurisdictions where there is an official recognition of corporate mergers and similar transactions, a copy of such official recognition certified by the cognizant official of that jurisdiction.

§ 67.83 Passage of title by extra-judicial repossession and sale.

When title to a documented vessel has passed by reason of an extra-judicial repossession and sale, such passage must be established by:

(a) A copy of the instrument under which foreclosure was made;

was made, and the steps taken to comply with the relevant instrument and statute(s);

(c) Evidence of substantial compliance with the relevant instrument and statute(s); and

(d) A bill of sale which meets the criteria for filing and recording set forth in subpart P of this part from the foreclosing party as agent for the defaulting owner(s).

§67.85 Change in general partners of partnership.

When the general partners of a partnership owning a documented vessel change by addition, deletion, or substitution without dissolution of the partnership, the change must be established by a written statement from a surviving general partner detailing the nature of the change.

§67.87 Change of legal name of owner.

(a) When the name of a corporation which owns a documented vessel changes, the corporation must present certification from the appropriate governmental agency evidencing registration of the name change.

(b) When the name of an individual who owns a documented vessel changes for any reason, competent and persuasive evidence establishing the change must be provided.

§67.89 Waiver of production of a bill of sale eligible for filing and recording.

(a) When the evidence of title passage required by this subpart is a bill of sale which meets the criteria for filing and recording set forth in subpart P of this part, and the applicant is unable to produce a bill of sale meeting those criteria, the applicant may request that the Director, National Vessel Documentation Center waive that requirement.

(b) No waiver of the requirement to produce a bill of sale eligible for filing and recording may be granted unless the applicant provides:

(1) A written statement detailing the reasons why an instrument meeting the filing and recording criteria of this part cannot be obtained; and

(2) Competent and persuasive evidence of the passage of title.

[CGD 89-007, CGD 89-007a, 58 FR 60266, Nov. 15, 1993; 58 FR 65131, Dec. 13, 1993, as amended by CGD 95-014, 60 FR 31604, June 15, 1995; USCG-1998-4442, 63 FR 52191, Sept. 30, 1998]

§67.91 Passage of title pursuant to operation of State law.

(a) A copy of the statute permitting transfer of title to the vessel and setting forth procedures to be followed in disposing of the vessel;

(b) An affidavit from the party acting against the vessel, setting forth the basis for selling the vessel, and the steps taken to comply with the requirements of the statute under which title passes;

(c) Evidence of substantial compliance with the relevant statute(s); and

(d) A bill of sale which meets the criteria for filing and recording set forth in subpart P of this part from the acting party as agent for the owner(s) of record.

NOTE: State law authorizing a marina to dispose of abandoned vessels is an example of passage of title by operation of law contemplated by §67.91.

Subpart F—Build Requirements for Vessel Documentation

§67.95 Requirement for determination.

Evidence that a vessel was built in the United States must be on file for any vessel for which a coastwise, Great Lakes, or fishery endorsement is sought, unless the vessel is otherwise qualified for those endorsements under subpart J of this part.

To be considered built in the United States a vessel must meet both of the following criteria:

(a) All major components of its hull and superstructure are fabricated in the United States; and

(b) The vessel is assembled entirely in the United States.

§ 67.99 Evidence of build.

(a) The gross and net tonnage and dimensions of a vessel for purposes of this part are determined in accordance with 46 CFR part 69.

(b) A Certificate of Measurement issued by an authorized official is the only acceptable evidence of the gross and net tonnage of a vessel measured in accordance with subpart B, C, or D of 46 CFR part 69. A Certificate of Measurement is not issued for vessels measured under subpart E of 46 CFR part 69 since the gross and net tonnage are determined as part of the documentation process.

(a) The owner of a vessel must submit an Application for Initial Issue, Exchange, or Replacement of Certificate of Documentation; or Redocumentation (form CG-1258) to the Director, National Vessel Documentation Center, to apply for an official number for the vessel when:

- (1) Application is made for initial documentation of the vessel; or
- (2) An existing vessel has been severed, with two or more vessels resulting. In this case, the official number of the original vessel is retired and the owner of each resulting vessel must apply for designation of a new official number.

(b) Upon receipt of form CG-1258, the Director, National Vessel Documentation Center will have an official number assigned to the vessel and furnish it to the vessel owner.

[CGD 89-007, CGD 89-007a, 58 FR 60266, Nov. 15, 1993, as amended by CGD 95-014, 60 FR 31604, June 15, 1995; USCG-1998-4442, 63 FR 52191, Sept. 30, 1998]

Subpart I—Marking Requirements for Vessel Documentation

§ 67.120 General requirement.

No Certificate of Documentation issued under this part will be deemed valid for operation of the vessel until the vessel is marked in accordance with this subpart.

§ 67.121 Official number marking requirement.

The official number of the vessel, preceded by the abbreviation “NO.” must be marked in block-type Arabic numerals not less than three inches in height on some clearly visible interior structural part of the hull. The number must be permanently affixed to the vessel so that alteration, removal, or replacement would be obvious. If the official number is on a separate plate, the plate must be fastened in such a manner that its removal would normally cause some scarring of or damage to the surrounding hull area.

§ 67.123 Name and hailing port marking requirements.

(a) For vessels other than those covered in paragraphs (b) and (c) of this section, the name of the vessel must be marked on some clearly visible exterior part of the port and starboard bow and the stern of the vessel. The hailing port of the vessel must be marked on some clearly visible exterior part of the stern of the vessel.

Subpart M—Miscellaneous Applications

§67.175 Application for new vessel determination.

(a) When a vessel has been constructed entirely of new materials, no application for a new vessel determination need be made under this section. Application for initial documentation

must be made in accordance with subpart K of this part.

(b) When parts of an existing vessel have been used in the construction of a vessel and the owner wants a determination that the resulting vessel is new in accordance with this part, the owner must file with the Director, National Vessel Documentation Center;

(1) A builder's certification, as described in § 67.99;

(2) A written statement describing the extent to which materials from the existing vessel were used in the construction and the extent to which those materials were torn down; and

(3) Accurate sketches or blueprints of the hull and superstructure which must identify, where practicable, components of the old vessel.

[CGD 89-007, CGD 89-007a, 58 FR 60266, Nov. 15, 1993; 58 FR 65131, Dec. 13, 1993, as amended by CGD 95-014, 60 FR 31605, June 15, 1995; USCG-1998-4442, 63 FR 52191, Sept. 30, 1998]

§ 67.177 Application for foreign rebuilding determination.

A vessel is deemed rebuilt foreign when any considerable part of its hull or superstructure is built upon or substantially altered outside of the United States. In determining whether a vessel is rebuilt foreign, the following parameters apply:

(a) Regardless of its material of construction, a vessel is deemed rebuilt when a major component of the hull or superstructure not built in the United States is added to the vessel.

(b) For a vessel of which the hull and superstructure is constructed of steel or aluminum—

(1) A vessel is deemed rebuilt when work performed on its hull or superstructure constitutes more than 10 percent of the vessel's steelweight, prior to the work, also known as discounted lightweight weight.

(2) A vessel may be considered rebuilt when work performed on its hull or superstructure constitutes more than 7.5 percent but not more than 10 percent of the vessel's steelweight prior to the work.

(3) A vessel is not considered rebuilt when work performed on its hull or superstructure constitutes 7.5 percent or less of the vessel's steelweight prior to the work.

(c) For a vessel of which the hull and superstructure is constructed of material other than steel or aluminum—

(1) A vessel is deemed rebuilt when work performed on its hull or superstructure constitutes a quantum of work determined, to the maximum extent practicable, to be comparable to more than 10 percent of the vessel's steelweight prior to the work, calculated as if the vessel were wholly constructed of steel or aluminum.

(2) A vessel may be considered rebuilt when work performed on its hull or superstructure constitutes a quantum of work determined, to the maximum extent practicable, to be comparable to more than 7.5 percent but not more than 10 percent of the vessel's steelweight prior to the work, calculated as if the vessel were wholly constructed of steel or aluminum.

(3) A vessel is not considered rebuilt when work performed on its hull or superstructure constitutes a quantum of work determined, to the maximum extent practicable, to be comparable to 7.5 percent or less of the vessel's steelweight prior to the work, calculated as if the vessel were wholly constructed of steel or aluminum.

(d) For a vessel of mixed construction, such as a vessel the hull of which is constructed of steel or aluminum and the superstructure of which is constructed of fibrous reinforced plastic, the steelweight of the work performed on the portion of the vessel constructed of a material other than steel or aluminum will be determined, to the maximum extent practicable, and aggregated with the work performed on the portion of the vessel constructed of steel or aluminum. The numerical parameters described in paragraph (b) of this section will then be applied to the aggregate of the work performed on the vessel compared to the vessel's steelweight prior to the work, calculated as if the vessel were wholly constructed of steel or aluminum, to determine whether the vessel has been rebuilt.

(e) The owner of a vessel currently entitled to coastwise, Great Lakes, or fisheries endorsements which is altered outside the United States and the work performed is determined to constitute

or be comparable to more than 7.5 percent of the vessel's steelweight prior to the work, or which has a major component of the hull or superstructure not built in the United States added, must file the following information with the National Vessel Documentation Center within 30 days following the earlier of completion of the work or redelivery of the vessel to the owner or owner's representative:

(1) A written statement applying for a rebuilt determination, outlining in detail the work performed and naming the place(s) where the work was performed;

(2) Calculations showing the actual or comparable steelweight of the work performed on the vessel, the actual or comparable steelweight of the vessel, and comparing the actual or comparable steelweight of the work performed to the actual or comparable steelweight of the vessel;

(3) Accurate sketches or blueprints describing the work performed; and

(4) Any further submissions requested by the National Vessel Documentation Center.

(f) Regardless of the extent of actual work performed, the owner of a vessel currently entitled to coastwise, Great Lakes, or fisheries endorsements may, as an alternative to filing the items listed in paragraph (e) of this section, submit a written statement to the National Vessel Documentation Center declaring the vessel rebuilt outside the United States. The vessel will then be deemed to have been rebuilt outside the United States with loss of trading privileges.

(g) A vessel owner may apply for a preliminary rebuilt determination by submitting:

(1) A written statement applying for a preliminary rebuilt determination, outlining in detail the work planned and naming the place(s) where the work is to be performed;

(2) Calculations showing the actual or comparable steelweight of work to be performed on the vessel, the actual or comparable steelweight of the vessel, and comparing the actual or comparable steelweight of the planned work to the actual or comparable steelweight of the vessel;

(3) Accurate sketches or blueprints describing the planned work; and

(4) Any further submissions requested by the National Vessel Documentation Center.

NOTE: A statement submitted in accordance with paragraph (f) of this section does not constitute an application for a rebuilt determination and does not require payment of a fee.
