Reimbursable Screening Services Program

The Fiscal Year 2019 [Department of Homeland Security Appropriations Act \(P.L. 116-6\)](#) authorizes TSA to pilot a program through FY2021, allowing the agency to enter into reimbursable agreements with up to eight TSA regulated entities, as outlined in 49 CFR Part 1500, to provide screening services at locations other than primary passenger terminal screening areas.

TSA has developed guidance for requesting screening services under Section 225, and participants will be selected and evaluated through a fair, equitable, and transparent process.

The pilot program will allow TSA to provide screening services in support of regulated entities without impacting current operations at TSA security checkpoints. Under program agreement, selected participants will reimburse TSA fully for all personnel and nonpersonnel costs associated with providing these additional security screening services.

To learn more about the Reimbursable Screening Services Program, please email TSA.RSSP@tsa.dhs.gov.

Paperwork Reduction Act Statement:

Transportation Security Administration (TSA) is collecting this information from public and private entities interested in participating in the Reimbursable Screening Services Program. TSA estimates that the average burden for this collection is 8 hours per request. This is a voluntary collection of information. Send comments regarding this burden estimate or any other aspect of this collection to: TSA-11, Attention: PRA 1652-NEW TSA Reimbursable Services Program Request, 601 South 12th Street, Arlington, VA 20598. An agency may not conduct or sponsor, and persons are not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number assigned to this collection is 1652-xxxx, which expires xx/xx/xxxx.
