**UNITED STATES DEPARTMENT OF EDUCATION**  
**OFFICE OF POSTSECONDARY EDUCATION**

Dear Applicant:

Thank you for your interest in applying for a grant under the Student Support Services (SSS) Program. The SSS Program provides grants to institutions of higher education to operate projects that provide opportunities for academic development, student assistance with basic college requirements, and motivation for students to successfully complete their postsecondary education. The goal of SSS is to increase the college retention and graduation rates of its participants.

This letter highlights a few items in the Fiscal Year (FY) 2020 application package that will be important to you in applying for a grant under this program. The “Competition Highlights” section notes some of the requirements for applying for a grant under the FY 2020 SSS Program competition. You should review the entire application package carefully before preparing and submitting your application. Information on the SSS Program is accessible at the U.S. Department of Education (Department) Web site at:

<http://www2.ed.gov/programs/triostudsupp/index.html>.

Applications for FY 2020 grants under the SSS Program must be submitted electronically using the Grants.gov system. An applicant who is unable to submit an application through the Grants.gov system must submit a written request for a waiver of the electronic submission requirement at least two weeks before the deadline date. Additional information about Grants.gov submission requirements can be found in the Competition Highlights, the Notice published in the Federal Register, and in the transmittal instructions, which are included in this package. Grants.gov is accessible through its portal page at: <http://www.Grants.gov>.

For more information (including dates and times) about how to submit your application electronically, please refer to the official Notice published in the Federal Register and included in this application booklet. You are reminded that the Notice published in the Federal Register is the official document and that you should not rely upon any information that is inconsistent with the guidance contained within that official document.

Thank you for your interest in the Student Support Services Program. We look forward to receiving your application.

Sincerely,

Robert King  
Assistant Secretary, Office of Postsecondary Education

## COMPETITION HIGHLIGHTS

1. **SSS Program applications for FY 2020 must be submitted electronically using Grants.gov.** You are urged to acquaint yourself with the requirements of Grants.gov early as the registration procedures may require 5 or more days to complete. A more thorough discussion is included later in this application package. Grants.gov is accessible through its portal page at: **<http://www.Grants.gov>**. The requirements for obtaining an exception to the electronic submission requirement are included in the Notice for FY 2020. If you think you may need an exception, you are urged to review the requirements promptly.
2. **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM ([www.sam.gov](http://www.sam.gov)) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov,
3. Grants.gov does not allow applicants to “un-submit” applications. Therefore, if you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must “re-submit” the application. You should know that if the Department receives duplicate applications, we will accept and process the application with the latest “date/time received” validation.
4. Please note that you must submit your application by 11:59:59 p.m. (Eastern Time) on or before the application deadline date. Late applications will not be accepted. **We suggest that you submit your application several days before the deadline.** The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.
5. Electronic submission of applications is required; therefore, you must submit an electronic application unless you follow the procedures outlined in the Notice for FY 2020 and qualify for one of the exceptions to the electronic submission requirement.
6. We recommend that you limit the application narrative, which includes the budget narrative, to the equivalent of no more than 65 pages.
7. **All attachments must be in a Portable Document Format (PDF) or Microsoft Word. Other types of files will not be accepted.** You must provide the DUNS number that was used when your organization registered with the System for Award Management (SAM).

Also, refer to the “U.S. Department of Education Grants.gov Submission Procedures and Tips for Applicants” section found in this application booklet.

You are reminded that the Notice published in the Federal Register is the official document, and that you should not rely upon any information that is inconsistent with the guidelines contained within the official document.

8. As you develop your application, we ask you to carefully consider the specific content that you will provide in the Objectives section of the application. This part of the application should address the appropriate standardized objectives related to the participants' academic achievements, including retention, academic standing, and graduation/transfer as stated on the SSS Program Profile Form.
9. In the Project Narrative, you must address each of the appropriate objectives, and explain how the objective is ambitious and attainable. Applicants should use comparative data to show why the proposed percentages are ambitious based on information provided in the Need section of the Project Narrative and attainable based on the information provided in the Plan of Operation and the resources available to the project. **Applicants may not modify, amend or delete any of these objectives.**
10. Consistent with the Higher Education Act of 1965, as amended (HEA), applicants may submit multiple SSS program applications to address the needs of different campuses of a single institution or to address the needs of the different populations that have been identified in this application (e.g., students with disabilities; students for whom English is a second language; students entering specific disciplines of study) as appropriate recipients for project services as defined by the program regulations.
11. All applicants must complete the SSS Program Profile Form. The SSS Program Profile Form contains three standardized objectives. All applicants are required to propose the percentage or number--as indicated on the form--at which each of these objectives will be met. Applicants may not modify, amend or delete any of these objectives. Instructions for submitting the form are included in the Instructions for Completing the Application Package.
12. All applicants must provide a one-page abstract. Complete instructions for submitting the abstract are included in the Instructions for Completing the Application Package in this application. The abstract must be uploaded into the ED Abstract Form section in Grants.gov.
13. Information on the SSS Program is accessible at the Department's Web site at: <http://www2.ed.gov/programs/triostudsupp/index.html>.

### U.S. Department of Education Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

#### Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>.

#### ATTENTION – Workspace, Adobe Forms and PDF Files

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>.

- 1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.
- 2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.
  - a. Adobe Reader: If you decide not to apply by filling out web forms, you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate

version of the software at:

<https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

b. **Mandatory Fields in Forms:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. **Complete SF-424 Fields First:** The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

- 1) **Submit a Workspace:** An application may be submitted through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.
- 2) **Track a Workspace Submission:** After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to:

<https://www.grants.gov/web/grants/applicants/applicant-training.html>.

### **Helpful Reminders**

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM ([www.sam.gov](http://www.sam.gov)) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the registration steps, please go to:

<http://www.grants.gov/web/grants/register.html>.

[Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at [www.sam.gov](http://www.sam.gov). However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

- 2) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

**Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.**

- 3) **VERIFY SUBMISSION IS OK –** You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 11:59:59 p.m. Eastern Time on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully.

Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>.

For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

### **Submission Problems – What should you do?**

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or [support@grants.gov](mailto:support@grants.gov) or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>.

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m. Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the

application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

### **Helpful Hints When Working with Grants.gov**

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>, as well as additional information on Workspace at <https://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace>.

### **Dial-Up Internet Connections**

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

### **Attaching Files – Additional Tips**

Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we **recommend** applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

## APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS: Please note that you must follow the Application Procedures as described in the Federal Register Notice announcing the grant competition.

**This program requires the electronic submission of applications; specific requirements and waiver instructions can be found in the Federal Register Notice.**

According to the instructions found in the Federal Register Notice, those requesting and qualifying for an exception to the electronic submission requirement may submit an application by mail, commercial carrier or by hand delivery.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

### **Applications Submitted Electronically**

**You must submit your grant application through the Internet using the software provided on the Grants.gov Web site (<http://www.grants.gov>) by 11:59:59 p.m. (Eastern Time) on or before the deadline date.**

If you submit your application through the Internet via the Grants.gov Web site, you will receive an automatic acknowledgement when we receive your application.

For more information on using Grants.gov, please refer to the “Notice Inviting Applications” that was published in the Federal Register or visit <http://www.grants.gov>.

### **Submission of Paper Applications by Mail:**

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

**U.S. Department of Education  
Application Control Center  
Attention: CFDA Number 84.042A

If you mail your application through the U.S. Postal Service, we do **not** accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Special Note: Due to potential disruption to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; U.S. Postal Service Express Mail; or a courier service) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Delivered by Mail,” and then follow the instructions for “Applications Delivered by Hand.”

**Submission of Paper Applications by Hand Delivery:**

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

### **Late Applications**

If your application is late, we will notify you that we will not consider the application.

**Note: The U.S. Department of Education is not planning to have a Student Support Services grant competition in fiscal year 2019. Therefore, the most recent Notice Inviting Applications for this program (FY 2015) has been included.**

Student Support Services Program (SSS Program)

Notice inviting applications for new awards for fiscal year (FY) 2015.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.042A.

Dates:

Applications Available: December 18, 2014.

Deadline for Transmittal of Applications: February 2, 2015.

Deadline for Intergovernmental Review: April 2, 2015.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the SSS Program is to increase the number of disadvantaged, low-income college students, first-generation college students, and college students with disabilities in the United States who successfully complete a program of study at the postsecondary level. The support services that are provided should increase the retention and graduation rates for these categories of students and facilitate their transfer from two-year to four-year colleges and universities. The support services should also foster an institutional climate that supports the success

of students who are limited English proficient, students from groups that are historically underrepresented in postsecondary education, students with disabilities, students who are homeless children and youths, students who are in foster care or are aging out of the foster care system, and other disconnected students. Student support services should also improve the financial and economic literacy of students.

Priorities: This notice contains two competitive preference priorities and one invitational priority. The competitive preference priorities are from the Department's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637).

Note: Applicants must include in the one-page abstract submitted with the application a statement indicating which competitive preference priorities they have addressed. The priorities addressed in the application must also be listed on the SSS Program Profile Sheet.

Competitive Preference Priorities: For FY 2015 and any subsequent year for which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional six points to an application that meets Competitive Preference Priority 1 and up to an additional four points to an application that meets Competitive Preference Priority 2; for a maximum of 10 additional points to an application, depending on how well the application addresses these priorities.

These priorities are:

Competitive Preference Priority 1--Increasing Postsecondary Access, Affordability, and Completion (up to 6 additional points).

Background:

The Department is using Competitive Preference Priority 1 to focus on postsecondary completion rates among students from disadvantaged backgrounds. Postsecondary completion rates among students from disadvantaged backgrounds are unacceptably low. The inclusion of this competitive preference priority directly supports the overall mission and objectives of the SSS Program, as well as the Administration's college completion and affordability agenda.

*Remediation:*

In particular, the Department believes that SSS projects can play a strong role in improving the postsecondary outcomes of their participants by placing a greater emphasis on strategies designed to reduce the time and resources SSS participants spend in developmental education courses.

Each year, rather than being able to enroll in entry level general education courses, millions of beginning college students are referred to "developmental" or "remedial" courses based on their performance on a placement test or academic reference. Remedial courses are instructional courses that are designed for students who are deficient in the general competencies that are necessary for a regular postsecondary curriculum. The most common remedial courses that beginning students are referred to are remedial math and reading/writing, or a sequence of courses in these subject areas.<sup>1</sup>

Though the number and percentage of students referred to remedial courses varies somewhat by institution and educational sector, it is estimated that

---

<sup>1</sup> <http://ccrc.tc.columbia.edu/media/k2/attachments/referral-enrollment-completion-developmental.pdf>

over one-third of all students need some form of remedial education.<sup>2</sup> While participation rates vary widely across States and institutions, low-income, African-American and Hispanic students are referred to remedial courses at much higher rates than other groups.

Many policymakers and practitioners have called for efforts to reform current remediation practices, in part because research suggests that remediation can hinder some students' progress towards college completion.<sup>3</sup> In most cases, students in remedial courses delay accumulation of credits towards a credential and some accumulate debt while depleting all or a significant portion of their eligibility for financial aid prior to enrolling in credit-bearing courses.<sup>4</sup>

Discouraged by the inability to enroll in courses that will allow them to advance in their programs of study, many students never even enroll in the remedial courses to which they are referred.<sup>5</sup> For those students who do enroll in remedial courses, the majority do not complete them, eventually resulting in these students dropping out of postsecondary education altogether.<sup>6</sup> The greater a student's remedial needs, the less likely they are

to complete a certificate or degree.<sup>7</sup> Indeed, remedial education is one of the leading barriers to postsecondary persistence and completion.<sup>8</sup>

Consequently, the Department believes the SSS Program, with its focus on students enrolled at college, represents a complementary effort designed to attack the remediation problem.

*Priority:*

Projects that will implement strategies that are designed to address one or more of the following priority areas:

- Reducing the net cost, median student loan debt, and student loan default rate for high-need students (as defined in this notice) who enroll in college, other postsecondary education, or other career and technical education.(1 point)
- Increasing the number and proportion of high-need students (as defined in this notice) who are academically prepared for, enroll in, and complete on time college, other postsecondary education, or other career and technical education. (2 points)
- Increasing the number and proportion of high-need students (as defined in this notice), particularly low-skilled adults (as defined in this notice), adults with disabilities, and disconnected youth or youth

who are at risk of becoming disconnected, who enroll in and complete postsecondary programs. (2 points)

- Supporting the development and implementation of high-quality online or hybrid credit-bearing and accessible learning opportunities that reduce the total cost of higher education, accelerate time to degree completion, or allow students to progress at their own pace. (1 point)

Note: The Department encourages applicants addressing this priority to propose strategies to address remediation at the postsecondary education level, such as targeted tutoring or counseling, intensive learning communities that co-enroll students in remedial and college-level courses at the same time, and other supports for online or accelerated remedial learning. With regard to the fourth subpart of this priority, we understand that SSS projects cannot support the development of courses and curricula; however, applicants addressing this subpart may want to consider describing how their projects could support implementation by connecting SSS participants with these alternative coursework opportunities.

Competitive Preference Priority 2--Influencing the Development of Non-Cognitive Factors (up to 4 additional points).

Background:

A promising body of research suggests that non-cognitive factors play an important role in students' academic, career, and life outcomes. Non-cognitive factors include a broad range of behaviors, strategies, and attitudes, such as academic behaviors (e.g., attendance, homework completion), academic mindsets (e.g., sense of belonging in the academic community, believing academic

achievement improves with effort), perseverance (e.g., tenacity, self-discipline), social and emotional skills (e.g., cooperation, empathy, adaptability), and approaches toward learning strategies (e.g., executive functions, attention, goal-setting, curiosity, problem solving, self-regulating learning, study skills, and the ability to work cooperatively others). The Department intends to support projects that develop and strengthen students' mastery of non-cognitive skills and behaviors so that they develop and attain the skills necessary for success in school, career, and life. The development of these skills is critical during the postsecondary years as students face new academic challenges, social comparisons, and stereotypes regarding their potential for success. How students negotiate these changes has major implications for their academic futures. For example, interventions focused on academic mindset have been shown to have a measurable impact on grades and course persistence, as well as on college enrollment and completion among low-income and minority students. Strategies focused on strengthening perseverance and social and emotional skills also have demonstrated positive outcomes. Ideally, over the course of their K-16 school experience, children and young adults will come to see themselves as competent, productive people able to contribute meaningfully to their communities and the larger world.<sup>9</sup>

Scholars who have studied the link between students' achievement-related beliefs and their progression through school tend to agree that one of the best levers for increasing students' perseverance and improving their academic behaviors is to support the development of an academic mindset. They have found that students with positive academic mindsets work harder, engage in

more productive academic behaviors, and persevere to overcome obstacles to success. Conversely, students with negative mindsets about school or themselves as learners are likely to withdraw from the practices that are essential for academic success and to give up easily when they encounter setbacks or difficulty.<sup>10</sup>

#### *Priority\_*

Projects that are designed to improve students' mastery of non-cognitive skills and behaviors (e.g., academic behaviors, academic mindset, perseverance, self-regulation, social and emotional skills, and approaches toward learning strategies) and enhance student motivation and engagement in learning.

Note: The Department is including this priority because we believe that it is critical for SSS projects to address the total person in order to significantly increase retention and completion rates. A key performance measure for the SSS Program is postsecondary completion, and the Department believes that this competitive preference priority will introduce a new component to the SSS Program that will complement the important work that SSS projects are already doing to improve retention and completion rates among SSS participants. Through this competitive preference priority, we are interested in projects that will nurture the development of non-cognitive factors of the

Under this competition we are particularly interested in applications that addressed the following priorities.

Invitational Priority – For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1), we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1 – Effective Loan Counseling Interventions:

Background:

Given the increasing importance of debt as part of higher education financing, loan and debt-management counseling could be among the most important personal finance lessons that postsecondary education students receive. Currently, Federal student loan borrowing students are required to undergo, and institutions of higher education (IHEs) are required to provide, entrance and exit counseling as a condition of participating in the Title IV Federal Student Aid programs. However, there is much to learn about the effectiveness of such counseling and the ways in which IHEs and other service providers convey information about education debt.

Students should know what they have signed up for when taking on Federal or private education debt, and they should understand the

payment obligations, benefits, and safety nets that are available under both types of loans. Generally, a Federal loan includes important safety nets such as access to income driven repayment plans the Administration has expanded and made available, and the Public Service Loan Forgiveness (PFLF) Program, which forgives remaining loan balances for Federal borrowers who work for certain types of employers and in certain fields and who make qualifying payments for 10 years. It is imperative that students are aware of these options much earlier in the process, especially for those students who may be adverse to incurring debt and, as a result, fail to persist toward a degree.

Combating rising student debt and default rates has been a longstanding Obama Administration priority. Most recently, in June, President Obama reaffirmed his commitment to college affordability and student debt management by directing the Secretary of Education to use his rulemaking authority to expand the "Pay As You Earn" plan to all Federal Direct Loan Borrowers. The Department also continues to take steps to raise awareness about options that make loan debt more manageable, including through ongoing outreach and awareness campaigns. The Department believes that the SSS competition, which will provide funding to support approximately 1,000 projects at IHEs and serve approximately 200,000 college students, is a key opportunity to continue outreach efforts on loan counseling.

*Priority:*

Projects designed to provide new and innovative loan counseling strategies that assist SSS participants in navigating the financial aid process, making

informed choices about debt financing options, and taking advantage of available programs that make loan debt more manageable.

Invitational Priority 2 – Evidence of Promise:

Background:

Priority:

Projects that provide supporting evidence that meets the Evidence of Promise definition (as defined in this notice). Note: An applicant addressing this invitational priority should identify up to two study citations that meet this standard. Relevant studies may be reviewed to determine if they meet the What Works Clearinghouse Evidence Standards. The link for the What Works Clearinghouse Procedures and Standards Handbook (Version 2.1, September 2011), can be found at:

<http://ies.ed.gov/ncee/wwc/references/idocviewer/doc.aspx?docid=19&tocid=1>

The links for the citations submitted for the invitational priority must be provided on the Abstract and Information page. Applicants must specify on the Abstract and Information page the findings within the studies that are cited as Evidence of Promise for the proposed project and ensure that the citations and links are from publicly or readily available sources. Studies of fewer than 10 pages may be attached in full under Other Attachments in Grants.gov.

Definitions:

High minority schools means a school as that term is defined by a local educational agency (LEA), which must define the term in a manner consistent with its State's Teacher Equity Plan, as required by section 1111(b)(8)(C) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). The applicant must provide the definition(s) of "high-minority school" used in its application.

High need students means students at risk of educational failure or otherwise in need of special assistance and support, such as students who are living in poverty, who attend high-minority schools, who are far below grade level, who have left school before receiving a regular high school diploma, who are at risk of not graduating with a diploma on time, who are homeless, who are in foster care, who have been incarcerated, who have disabilities, or who are English learners.

Low-skilled adult means an adult with low literacy and numeracy skills.

Evidence of Promise means there is empirical evidence to support the theoretical linkage(s) between at least one critical component and at least one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. Specifically, Evidence of Promise means the conditions in paragraph (a) and (b) of this section are met: (a) there is at least one study that is either a (1) correlational study with statistical controls for selection bias; (2) a quasi-experimental design study (as defined in this notice) that meets the What Works Clearinghouse Evidence Standards with reservations; or (3) a randomized controlled trial (as defined in this notice) that meets the What Works Clearinghouse Evidence Standards with or without reservations; and (b) the study referenced in (a) found a statistically significant or substantively important (defined as a difference of 0.25 standard deviations or larger), favorable association between at least one critical component and one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. The link for the What Works Clearinghouse Procedures and Standards Handbook (Version 2.1, September 2011), can be found at:

<http://ies.ed.gov/ncee/wwc/references/idocviewer/doc.aspx?docid=19&tocid=1>

Quasi-experimental Design Study means a study using a design that

attempts to approximate an experimental design by identifying a comparison group that is similar to the treatment group in important respects. These studies, depending on design and implementation, can meet What Works Clearinghouse Evidence Standards with reservations (they cannot meet the What Works Clearinghouse Evidence Standards without reservations). The link for the What Works Clearinghouse Procedures and Standards Handbook (Version 2.1, September 2011), can be found at:

<http://ies.ed.gov/ncee/wwc/references/idocviewer/doc.aspx?docid=19&tocid=1>

Randomized Controlled Trial means a study that employs random assignment of, for example, students, teachers, classrooms, schools, or districts to receive the intervention being evaluated (the treatment group) or not to receive the treatment (the control group). The estimated effectiveness of the intervention is the difference between the average outcome for the treatment group and for the control group. These studies, depending on design and implementation, can meet the What Works Clearinghouse Evidence Standards without reservation. The link for the What Works Clearinghouse Procedures and Standards Handbook (Version 2.1, September 2011), can be found at:

## II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: The Administration has requested \$838,252,000 for the Federal TRIO Programs for FY 2015, of which we intend to use an estimated \$265,706,546 for new SSS awards under this competition and \$23,966,448 for continuation awards. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications now to allow enough time to complete the grant process if Congress appropriates funds for the Federal TRIO Programs.

Estimated Range of Awards: \$220,000 - \$360,000.

Estimated Average Size of Awards: \$282,000.

Maximum Award: The Assistant Secretary for Postsecondary Education may change the maximum award amount through a notice published in the Federal Register.

### FOR APPLICANTS NOT CURRENTLY RECEIVING A SSS PROGRAM GRANT

Currently funded applicants that request their FY 2012 amount-must serve at least the number of students they served in FY 2012. For any currently funded applicant that proposes to serve fewer student than it served in FY 2012, the maximum award amount that may be requested is an amount equal to: \$1,571 per student participant for Regular, ESL, and Teacher Preparation projects; \$2,200 per student participant for Disabled projects; \$1,833 per student participant for STEM (including Health Science), and Veterans projects.

Note: For an applicant currently receiving an individual SSS Program grant that has merged into another IHE that is also receiving an individual SSS Program grant, the maximum award amount for the applicant (the merged institution) is an amount equal to 100 percent of the combined FY 2012 base grant award amounts for both institutions. Estimated Number of New Awards: 1,026.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

### III. Eligibility Information

1. Eligible Applicants: Institutions of higher education or combinations of institutions of higher education.

2. Cost Sharing or Matching: Section 402D(d)(4) of the HEA requires that all successful applicants that use SSS Program funds to provide grant aid to students pursuant to section 402D(d)(1) of the HEA must provide matching funds, in cash, from non-Federal funds, in an amount that is not less than 33 percent of the total amount of the SSS Program funds used for this aid.

This matching requirement does not apply to a grant recipient that is an IHE eligible to receive funds under Part A or Part B of Title III or under Title V of the HEA.

3. Other: An applicant may submit multiple applications if each separate application describes a project that will serve a different campus or a different population (Section 402(c)(5) of the HEA). Under section 402A(h)(1) of the HEA, the term "different campus" means a site of an IHE that - (1) is geographically apart from the main campus of the institution; (2) is permanent in nature and (3) offers courses in educational programs leading to a degree, certificate, or other recognized educational credential (Section 402(h)(1) of the HEA).

Under section 402A(h)(2) of the HEA, the term "different population" means a group of individuals that an eligible entity desires to serve through a SSS grant that is separate and distinct from any other population that the entity has applied to serve using Federal TRIO Program funds, or, while sharing some of the same needs as another population that the eligible entity has applied to serve using Federal TRIO Program funds, has distinct needs for specialized services. To implement the requirement in Section 402(h)(2) of the HEA for

this competition, the Secretary is designating the populations to be served as: participants who meet the specific requirements for SSS services ("regular SSS grants"), participants with disabilities ("disabled grants"), participants who need ESL services ("ESL grants"), participants receiving services in the STEM fields ("STEM grants"), participants receiving Teacher Preparation Services ("Teacher Preparation grants") and participants who have served in the armed forces ("Veterans grants"). These different populations need different types of services. Accordingly, the Secretary has determined that projects serving these different populations should be subject to different standards for the minimum number of participants. An applicant may submit more than one application as long as each application proposes to serve a different population. Any applicant that submits more than one application must explain why the different population of participants cannot be served by the project in the applicant's other application(s). For project types other than a regular SSS project, an applicant must propose to serve 100% of the students in the specific project type.

1. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

**Page Limit:** The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the project narrative (Part III), which includes the budget narrative, to no more than 65 pages. However, any application addressing the competitive preference priorities may include up to four additional pages for each priority addressed in a separate section of the application submission to discuss how the application meets the competitive preference priority or priorities. An applicant may also use up to four additional pages to address each invitational priority. These additional pages allotted to address priorities cannot be used for or transferred to the project narrative or any section of the application.

**Note:** For the purpose of determining compliance with the page limit, each page on which there are text or graphics will be counted as one full page.

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1" margin.

- Double space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in figures and graphs. Text in charts and tables may be single-spaced. You should also include a table of contents in the project narrative, which will not be counted toward the page limit.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I--the Application for Federal Assistance face sheet (SF 424); Part II--the Budget Information Summary form (ED Form 524); Part III-A--the Program Profile form; Part III-B--the one-page Project Abstract form; and Part IV--the Assurances and Certifications. If you include any attachments or appendices, these items will be counted as part of Part III--the Project Narrative for the purpose of the page-limit requirement. You must include your complete response to the selection criteria and priorities in Part III--the Project Narrative.

We will reject your application if you exceed the page limit.

### 3. Submission Dates and Times:

Applications Available: December 18, 2014

Deadline for Transmittal of Applications: February 2, 2015.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact one of the program contact persons listed under For Further Information Contact in ssection VII of this notice. If the Department provides an accommodation or auxiliary aid

to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: [INSERT DATE 120 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. Funding Restrictions: We specify unallowable costs in 34 CFR 646.31. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov. and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: [www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html).

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the SSS Program, CFDA Number 84.042A, must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Student Support Services Program at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.042, not 84.042A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at [www.G5.gov](http://www.G5.gov).

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document Format) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

#### V. Application Review Information

1. Selection Criteria: The selection criteria for this program are in 34 CFR 646.21 and are listed in the application package. Note: Under the "Objectives" selection criterion, 34 CFR 646.21 (b), worth eight (8) points, applicants must address the standardized objectives in 34 CFR 646.21(b)(1) through (4) related to the participants' academic achievements, including retention, good academic standing, graduation, and transfer rates. The graduation objective should be measured by cohorts of students who become SSS Program participants in each year of the project and should be compared to a relevant and valid comparison group. The graduation, certificate, and transfer rates for two-year institutions should be measured over a three-year period and that of four-year institutions should be measured over a five-year period.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For this competition, a panel of non-Federal reviewers will review each application in accordance with the selection criteria in 34 CFR 646.21. The individual scores of the reviewers will be added and the sum divided by the number of reviewers to determine the peer review score received in the review process. Additionally, in accordance with 34 CFR 646.22, the Secretary will award prior experience points to applicants that have conducted a SSS Program project within the last three Federal government fiscal years, based on their documented experience. Prior experience points, if any, will be added to the application's averaged reader score to determine the total score for each application.

If there are insufficient funds for all applications with the same total scores, the Secretary will choose among the tied applications so as to serve geographical areas that have been underserved by the SSS Program.

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not

financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

#### VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual

performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. Performance Measures: The success of the SSS Program is measured by the percentage of SSS participants that complete a program of postsecondary education. The following performance measures have been developed to track progress toward achieving program success:

1. The percentage of SSS Program participants who are still enrolled at the beginning of the next academic year or have earned a degree at the grantee institution or transferred from a two-year to a four-year institution.
2. The percentage of first-time college students served by SSS who graduate from the grantee institution on time - within four years for the bachelor's degree and within two years for the associate's degree.
3. The percentage of SSS participants taking one or more remedial course(s) who attain an associate's degree or transfer from a two-year to a four-year institution within three years or graduate with a bachelor's degree within five years from the grantee institution.
4. The cost per successful outcome.

All SSS Program grantees are required to submit an annual performance report documenting the persistence and degree attainment of their participants. Since students take different amounts of time to complete their degrees, multiple years of performance report data are needed to determine the degree completion rates of SSS Program participants. The Department will aggregate the data provided in the annual performance reports from all grantees to determine the overall program accomplishment level.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

#### **CHAPTER 1—FEDERAL TRIO PROGRAMS Sec. 403 (U.S. Code 1070a)**

(a) GRANTS AND CONTRACTS AUTHORIZED.—The Secretary shall, in accordance with the provisions of this chapter, carry out a program of making grants and contracts designed to identify qualified individuals from disadvantaged backgrounds, to prepare them for a program of postsecondary education, to provide support services for such students who are pursuing programs of postsecondary education, to motivate and prepare students for doctoral programs, and to train individuals serving or preparing for service in programs and projects so designed.

(b) RECIPIENTS, DURATION, AND SIZE.—

(1) RECIPIENTS.— For the purposes described in subsection (a), the Secretary is authorized, without regard to section 3709 of the Revised Statutes (41 U.S.C. 5), to make grants to, and contracts with, institutions of higher education, public and private agencies and organizations, including community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and secondary schools, for planning, developing, or carrying out one or more of the services assisted under this chapter.

(2) DURATION.— Grants or contracts made under this chapter shall be awarded for a period of 5 years, except that—

(A) in order to synchronize the awarding of grants for programs under this chapter, the Secretary may, under such terms as are consistent with the purposes of this chapter, provide a one-time, limited extension of the length of such an award;

(B) grants made under section 402G shall be awarded for a period of 2 years; and

(C) grants under section 402H shall be awarded for a period determined by the Secretary.

(3) MINIMUM GRANTS.— Unless the institution or agency requests a smaller amount, an individual grant authorized under this chapter shall be awarded in an amount that is not less than \$200,000, except that an individual grant authorized under section 402G shall be awarded in an amount that is not less than \$170,000.

(c) PROCEDURES FOR AWARDING GRANTS AND CONTRACTS.—

(1) APPLICATION REQUIREMENTS.— An eligible entity that desires to receive a grant or contract under this chapter shall submit an application to the Secretary in such manner and form, and containing such information and assurances, as the Secretary may reasonably require.

(2) CONSIDERATIONS.—

(A) PRIOR EXPERIENCE.—In making grants under this chapter, the Secretary shall consider each applicant's prior experience of "high quality service delivery," as determined under subsection (f), under the particular program for which funds are sought. The level of consideration given the factor of prior experience shall not vary from the level of consideration given such factor during fiscal years 1994 through 1997, except that grants made under section 402H shall not be given prior experience consideration.

(B) PARTICIPANT NEED.— In making grants under this chapter, the Secretary shall consider the number, percentages, and needs of eligible participants in the area, institution of higher education, or secondary school to be served to aid such participants in preparing for, enrolling in, or succeeding in postsecondary education, as appropriate to the particular program for which the eligible entity is applying.

(3) ORDER OF AWARDS; PROGRAM FRAUD.—

(A) Except with respect to grants made under sections 402G and 402H and as provided in subparagraph the Secretary shall award grants and contracts under this chapter in the order of the scores received by the application for such grant or contract in the peer review process required under paragraph (4) and adjusted for prior experience in accordance with paragraph (2) of this subsection.

(B) The Secretary shall not provide assistance to a program otherwise eligible for assistance under this chapter, if the Secretary has determined that such program has involved the fraudulent use of funds under this chapter.

(4) PEER REVIEW PROCESS.—

(A) The Secretary shall ensure that, to the extent practicable, members of groups underrepresented in higher education, including African Americans, Hispanics, Native Americans, Alaska Natives, Asian Americans, and Native American Pacific Islanders (including Native Hawaiians), are represented as readers of applications submitted under this chapter. The Secretary shall also ensure that persons from urban and rural backgrounds are represented as readers.

(B) The Secretary shall ensure that each application submitted under this chapter is read by at least three readers who are not employees of the Federal Government (other than as readers of applications).

(5) NUMBER OF APPLICATIONS FOR GRANTS AND CONTRACTS.—

The Secretary shall not limit the number of applications submitted by an entity under any program authorized under this chapter if the additional applications describe programs serving different populations or different campuses.

(6) COORDINATION WITH OTHER PROGRAMS FOR DISADVANTAGED STUDENTS.—

The Secretary shall encourage coordination of programs assisted under this chapter with other programs for disadvantaged students operated by the sponsoring institution or agency, regardless of the funding source of such programs. The Secretary shall not limit an entity's eligibility to receive funds under this chapter because such entity sponsors a program similar to the program to be assisted under this chapter, regardless of the funding source of such program. The Secretary shall permit the Director of a program receiving funds under this chapter to administer one or more additional programs for disadvantaged students operated by the sponsoring institution or agency, regardless of the funding sources of such programs. The Secretary shall, as appropriate, require each applicant for funds under the programs authorized by this chapter to identify and make available services under such program, including mentoring, tutoring, and other services provided by such program, to foster care youth (including youth in foster care and youth who have left foster care after reaching age 13) or to homeless children and youths as defined in section 725 of the McKinney-Vento Homeless Assistance Act.

(7) APPLICATION STATUS.— The Secretary shall inform each entity operating programs under this chapter regarding the status of their application for continued funding at least 8 months prior to the expiration of the grant or contract. The Secretary, in the case of an entity that is continuing to operate a successful program under this chapter, shall ensure that the startup date for a new grant or contract for such program immediately follows the termination of the preceding grant or contract so that no interruption of funding occurs for such successful applicants. The Secretary shall inform each entity requesting assistance under this chapter for a new program regarding the status of their application at least 8 months prior to the proposed startup date of such program.

(1) The applicant's methods for evaluation—

(i) (2 points) Are appropriate to the project and include both quantitative and qualitative evaluation measures; and

(ii) (2 points) Examine in specific and measurable ways, using appropriate baseline data, the success of the project in improving academic achievement, retention and graduation of project participants; and

(2) (4 points) The applicant intends to use the results of an evaluation to make programmatic changes based upon the results of project evaluation.

**§646.22 How does the Secretary evaluate prior experience?**

(a) In the case of an application described in §646.20(a)(2)(i), the Secretary—

(1) Evaluates the applicant's performance under its expiring Student Support Services project;

(2) Uses the approved project objectives for the applicant's expiring Student Support Services grant and the information the applicant submitted in its annual performance reports (APRs) to determine the number of prior PE points; and

(3) May adjust a calculated PE score or decide not to award PE points if other information such as audit reports, site visit reports, and project evaluation reports indicates the APR data used to calculate PE points are incorrect.

(b) The Secretary does not award PE points for a given year to an applicant that does not serve at least 90 percent of the approved number of participants. For purposes of this section, the approved number of participants is the total number of participants the project would serve as agreed upon by the grantee and the Secretary.

(c) The Secretary does not award PE points for the criterion specified in paragraph (e)(1) of this section (Number of participants) if the applicant did not serve at least the approved number of participants.

(d) The Secretary uses the approved number of participants, or the actual number of participants served in a given year if greater than the approved number of participants, as the denominator for calculating whether the applicant has met its approved objectives related to paragraph (e)(2) of this section (Postsecondary retention) and paragraph (e)(3) of this section (Good academic standing).

(e) For purposes of the PE evaluation of grants awarded after January 1, 2009, the Secretary evaluates the applicant's PE on the basis of the following outcome criteria:

(1) (3 points) *Number of participants.* Whether the applicant provided services to no less than the approved number of participants.

(2) (4 points) *Postsecondary retention*. Whether the applicant met or exceeded its objective regarding the participants served during the project year who continue to be enrolled in a program of postsecondary education from one academic year to the beginning of the next academic year or who complete a program of postsecondary education at the grantee institution during the academic year or transfer from a two-year institution to a four-year institution during the academic year.

(3) (4 points) *Good academic standing*. Whether the applicant met or exceeded its objective regarding the participants served during the project year who are in good academic standing at the grantee institution.

(4) (4 points) *Degree completion (for an applicant institution of higher education offering primarily a baccalaureate or higher degree)*. Whether the applicant met or exceeded its objective regarding the current and prior participants receiving a baccalaureate degree at the grantee institution within the specified number of years.

(5) *Degree completion and transfer (for an applicant institution of higher education offering primarily an associate degree)*. Whether the applicant met or exceeded its objectives regarding the current and prior participants at the grantee institution who—

(i) (2 points) Complete a degree or certificate within the number of years specified in the approved objective; and

(ii) (2 points) Transfer within the number of years specified in the approved objective to institutions of higher education that offer baccalaureate degrees.

#### **§646.23 How does the Secretary set the amount of a grant?**

(a) The Secretary sets the amount of a grant on the basis of—

(1) 34 CFR 75.232 and 75.233, for new grants; and

(2) 34 CFR 75.253, for the second and subsequent years of a project period.

(b) If the circumstances described in section 402A(b)(3) of the HEA exist, the Secretary uses the available funds to set the amount of the grant at the lesser of—

(1) \$200,000; or

(2) The amount requested by the applicant.

**§646.24 What is the review process for unsuccessful applicants?**

(a) *Technical or administrative error for applications not reviewed.* (1) An applicant whose grant application was not evaluated during the competition may request that the Secretary review the application if—

(i) The applicant has met all of the application submission requirements included in the Federal Register notice inviting applications and the other published application materials for the competition; and

(ii) The applicant provides evidence demonstrating that the Department or an agent of the Department made a technical or administrative error in the processing of the submitted application.

(2) A technical or administrative error in the processing of an application includes—

(i) A problem with the system for the electronic submission of applications that was not addressed in accordance with the procedures included in the Federal Register notice inviting applications for the competition;

(ii) An error in determining an applicant's eligibility for funding consideration, which may include, but is not limited to—

(A) An incorrect conclusion that the application was submitted by an ineligible applicant;

(B) An incorrect conclusion that the application exceeded the published page limit;

(C) An incorrect conclusion that the applicant requested funding greater than the published maximum award; or

(D) An incorrect conclusion that the application was missing critical sections of the application; and

(iii) Any other mishandling of the application that resulted in an otherwise eligible application not being reviewed during the competition.

(3)(i) If the Secretary determines that the Department or the Department's agent made a technical or administrative error, the Secretary has the application evaluated and scored.

(ii) If the total score assigned the application would have resulted in funding of the application during the competition and the program has funds available, the Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c) of this section.

(b) *Administrative or scoring error for applications that were reviewed.* (1) An applicant that was not selected for funding during a competition may request that the Secretary conduct a second review of the application if—

(i) The applicant provides evidence demonstrating that the Department, an agent of the Department, or a peer reviewer made an administrative or scoring error in the review of its application; and

(ii) The final score assigned to the application is within the funding band described in paragraph (d) of this section.

(2) An administrative error relates to either the PE points or the scores assigned to the application by the peer reviewers.

(i) For PE points, an administrative error includes mathematical errors made by the Department or the Department's agent in the calculation of the PE points or a failure to correctly add the earned PE points to the peer reviewer score.

(ii) For the peer review score, an administrative error is applying the wrong peer reviewer scores to an application.

(3)(i) A scoring error relates only to the peer review process and includes errors caused by a reviewer who, in assigning points—

(A) Uses criteria not required by the applicable law or program regulations, the Federal Register notice inviting applications, the other published application materials for the competition, or guidance provided to the peer reviewers by the Secretary; or

(B) Does not consider relevant information included in the appropriate section of the application.

(ii) The term “scoring error” does not include—

(A) A peer reviewer's appropriate use of his or her professional judgment in evaluating and scoring an application;

(B) Any situation in which the applicant did not include information needed to evaluate its response to a specific selection criterion in the appropriate section of the application as stipulated in the Federal Register notice inviting applications or the other published application materials for the competition; or

(C) Any error by the applicant.

(c) *Procedures for the second review.* (1) To ensure the timely awarding of grants under the competition, the Secretary sets aside a percentage of the funds allotted for the competition to be awarded after the second review is completed.

(2) After the competition, the Secretary makes new awards in rank order as described in §646.20 based on the available funds for the competition minus the funds set aside for the second review.

(3) After the Secretary issues a notification of grant award to successful applicants, the Secretary notifies each unsuccessful applicant in writing as to the status of its application and the funding band for the second review and provides copies of the peer reviewers' evaluations of the applicant's application and the applicant's PE score, if applicable.

(4) An applicant that was not selected for funding following the competition as described in paragraph (c)(2) of this section and whose application received a score within the funding band as described in paragraph (d) of this section, may request a second review if the applicant demonstrates that the Department, the Department's agent, or a peer reviewer made an administrative or scoring error as provided in paragraph (b) of this section.

(5) An applicant whose application was not funded after the first review as described in paragraph (c)(2) of this section and whose application received a score within the funding band as described in paragraph (d) of this section has at least 15 calendar days after receiving notification that its application was not funded in which to submit a written request for a second review in accordance with the instructions and due date provided in the Secretary's written notification.

(6) An applicant's written request for a second review must be received by the Department or submitted electronically to the designated e-mail or Web address by the due date and time established by the Secretary.

(7) If the Secretary determines that the Department or the Department's agent made an administrative error that relates to the PE points awarded, as described in paragraph (b)(2)(i) of this section, the Secretary adjusts the applicant's PE score to reflect the correct number of PE points. If the adjusted score assigned to the application would have resulted in funding of the application during the competition and the program has funds available, the Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c)(9) of this section.

(8) If the Secretary determines that the Department, the Department's agent or the peer reviewer made an administrative error that relates to the peer reviewers' score(s), as described in paragraph (b)(2)(ii) of this section, the Secretary adjusts the applicant's peer reviewers' score(s) to correct the error. If the adjusted score assigned to the application would have resulted in funding of the application during the competition and the program has funds available, the

Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c)(9) of this section.

(9) If the Secretary determines that a peer reviewer made a scoring error, as described in paragraph (b)(3) of this section, the Secretary convenes a second panel of peer reviewers in accordance with the requirements in section 402A(c)(8)(C)(iv)(III) of the HEA.

(10) The average of the peer reviewers' scores from the second peer review are used in the second ranking of applications. The average score obtained from the second peer review panel is the final peer reviewer score for the application and will be used even if the second review results in a lower score for the application than that obtained in the initial review.

(11) For applications in the funding band, the Secretary funds these applications in rank order based on adjusted scores and the available funds that have been set aside for the second review of applications.

(d) *Process for establishing a funding band.* (1) For each competition, the Secretary establishes a funding band for the second review of applications.

(2) The Secretary establishes the funding band for each competition based on the amount of funds the Secretary has set aside for the second review of applications.

(3) The funding band is composed of those applications—

(i) With a rank-order score before the second review that is below the lowest score of applications funded after the first review; and

(ii) That would be funded if the Secretary had 150 percent of the funds that were set aside for the second review of applications for the competition.

(e) *Final decision.* (1) The Secretary's determination of whether the applicant has met the requirements for a second review and the Secretary's decision on re-scoring of an application are final and not subject to further appeal or challenge.

(2) An application that scored below the established funding band for the competition is not eligible for a second review.

(i) Grant aid to eligible students who—

(1) Are in their first two years of postsecondary education and who are receiving Federal Pell Grants under subpart 1 of part A of title IV of the Act; or

#### **§646.32 What other requirements must a grantee meet?**

(a) *Number of Participants.* For each year of the project period, a grantee must serve at least the number of participants that the Secretary identifies in the Federal Register notice inviting applications for a competition. Through this notice, the Secretary also provides the minimum and maximum grant award amounts for the competition.

(b) *Eligibility of participants.* (1) A grantee shall determine the eligibility of each participant in the project when the individual is selected to participate. The grantee does not have to revalidate a participant's eligibility after the participant's initial selection.

(2) A grantee shall determine the low-income status of an individual on the basis of the documentation described in section 402A(e) of the Act.

(c) *Recordkeeping.* A grantee must maintain participant records that show—

(i) The director is also administering one or two additional programs for disadvantaged students operated by the sponsoring institution or agency; or

(ii) The Secretary grants a waiver of this requirement.

(2) The grantee must give the project director sufficient authority to administer the project effectively.

(3) The Secretary waives the requirements in paragraph (d)(1) of this section if the applicant demonstrates that the project director will be able to effectively administer more than three programs and that this arrangement would promote effective coordination between the program and other Federal TRIO programs (sections 402B through 402F of the HEA) or similar programs funded through other sources.

(e) *Project coordination.* (1) The Secretary encourages grantees to coordinate project services with other programs for disadvantaged students operated by the grantee institution provided the Student Support Services grant funds are not used to support activities reasonably available to the general student population.

(2) To the extent practical, the grantee may share staff with programs serving similar populations provided the grantee maintains appropriate records of staff time and effort and does not commingle grant funds.

(3) Costs for special classes and events that would benefit Student Support Services students and participants in other programs for disadvantaged students must be proportionately divided among the benefiting projects.

(b) A grant recipient that is an institution of higher education eligible to receive funds under part A or B of title III or title V of the HEA, as amended, is not required to match the Federal funds used for grant aid.

## INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS EXECUTIVE ORDER 12372

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<https://www.whitehouse.gov/wp-content/uploads/2017/11/SPOC-Feb.-2018.pdf>.

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application Notice to the following address: The Secretary, EO 12372--CFDA# 84.042A, U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this Notice.

**Important note:** The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

## SUPPLEMENTAL INFORMATION

The following supplements the information provided in the “Dear Applicant” letter and the Notice.

### 1. **Estimated Funding**

- Estimated Available Funds for New FY 2020 Awards: \$335,360,350
- Estimated Range of Awards: \$253,032 - \$360,000 per year
- Estimated Average Size of Awards: \$282,000
- Estimated Number of New Awards: 1,026
- The Department is not bound by these estimates.

### 2. **Intergovernmental Review of Federal Programs**

Intergovernmental Review of Federal Programs was issued to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for the coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State’s process under Executive Order 12372. A listing of the Single Point of Contact for each State may be viewed at:

<https://www.whitehouse.gov/wp-content/uploads/2017/11/SPOC-Feb.-2018.pdf>.

### 3. **Length of New Award**

Applicants for new awards may apply for five years (60 months) of funding.

### 4. **SSS Program Assurances**

All applications must comply with the SSS Program statutory and regulatory requirements. The assurances are included in the application package. By submitting a SSS Program application, an applicant certifies that it has read the assurances and will fully comply with the requirements.

### 5. **SSS Program Profile**

All applicants must provide the information requested on this form. The SSS Program Profile form contains the standardized objectives. Applicants are required to propose the percentage at which each of the standardized objectives will be attained. On the SSS Profile form, you must fill in the blanks indicating the percentage level of achievement for each of the objectives. An applicant should complete either standardized objective three or four, whichever applies to the sector designation of its respective institution. **You may not modify, amend or delete any of these objectives.**

Applicants must copy and paste the SSS Program Profile form into a separate document, or otherwise recreate the page exactly as it appears. Complete the form,

save it to your computer and attach it to the *Other Attachments Form* as a .pdf document. Do not modify or amend the language on the form in any way.

**6. Evaluation of Applications for Awards**

A panel of three non-federal reviewers will evaluate each application in accordance with the selection criteria. Each reviewer will prepare a written evaluation of the information presented in the project narrative section of the application and assign points for each selection criterion.

All applications for grants under the SSS Program will be evaluated as new submissions according to the selection criteria listed in the program regulations (34 CFR 646.21).

**7. Selection Criteria**

The selection criteria in 34 CFR Part 646 are used to evaluate applications. The selection criteria and maximum possible points are included in the application package.

**8. Applicant Funding**

Applicants should pay close attention to the “Maximum Award” section of the Notice.

**9. Prior Experience**

In accordance with 34 CFR 646.22, the Secretary will award prior experience points to applicants that have conducted a TRIO SSS Program project during these fiscal years: 2016-17, 2017-18, 2018-19. Based on the applicant’s documented experience set forth in the annual performance reports, up to 15 prior experience points will be added to the application’s averaged reader score to determine the total score for each application and the total score will be used in funding decisions as described in the Notice.

**10. Selection of Grantees**

The Secretary will select an application for funding in rank order, based on the application’s total score for the selection criteria plus any prior experience points earned, pursuant to 34 CFR sections 646.20 through 646.22. If there are insufficient funds for all applications with the same total scores, the Secretary will choose among the tied applications so as to serve geographical areas that have been underserved by the SSS Program.

The Department's Office of Legislation and Congressional Affairs will inform the Congress regarding applications approved for new SSS Program grants. Successful applicants will receive award notices by mail or e-mail shortly after the Congress is notified. No funding information will be released before the Congress is notified.

**11. Expectations of Successful Grantees**

Currently funded projects with remaining outyears on an expiring grant are required to start implementing their new objectives upon receipt of the grant.

The Department reserves the right to request modified measurement objectives for those projects that serve "different populations" to measure the progress of the specific subgroup designated in the project application after the grant award has been made.

**12. Notice to Unsuccessful Applicants**

Unsuccessful applicants will be notified in writing following the notice to successful applicants.

**13. Second Review Process**

To implement the statutory requirements for a second review of unsuccessful applications, the Department has adopted a two-slate process. After the peer review of applications and the awarding of PE points, as applicable, the Department will rank all the applications. The Department then will establish a funding band to determine the percentage of the total funds allotted for the competition that will be set aside for the second review. The determination of the percentage of funds to be reserved for the second review and the applications to be included in the funding band will be based on the distribution of application scores. The funding band will include all of the applications with a rank-order score that is 1) below the lowest score of applications funded after the first review and 2) that would be funded if the Secretary had 150 percent of the funds that were set aside for the second review.

Only applicants whose applications scored within the funding band will be eligible for the second review. In addition, those applicants deemed eligible for the second review will have to provide evidence demonstrating that the Department, an agent of the Department, or a peer reviewer made an administrative or scoring error (as defined in the regulations) in the review of its application. The guidelines and criteria for the second review process are included in the SSS Regulations (646.24).

**14. Annual Performance Report Requirements**

If you receive a FY 2020 new grant award, you will be required to submit annual performance reports during the five-year funding cycle using the Department's on-line function. This on-line system collects data about funded projects to enable program specialists to determine if a grantee is making substantial progress toward meeting approved project objectives.

(See below for a description of the types of projects that may be applied for under the SSS Program.)

#### SSS Project Types

These project types are provided to inform the needs of eligible applicants serving regular, disabled and “different populations”<sup>7</sup> under a separate and distinct application for specialized services. The types of specialized services may include: (1) English as a Second Language (ESL), (2) Science, Technology, Engineering and Math (STEM), including Health Sciences (3) Teacher Preparation K-12, and (4) Veterans. As noted above, you may only check one line for a single project type to be served for each grant application.

Regular SSS Program: projects provide services to low-income, first-generation and/or disabled students, which may include students from the different populations of students.<sup>11</sup>

Disabled Only SSS Program: projects provide services only to students with disabilities, one third of whom must also be low-income students.

English as a Second Language “ESL” SSS Program: projects provide services only to low-income, first-generation students or individuals with disabilities for whom English is a second language and/or who are of limited English proficiency.

Science, Technology, Engineering and Math (STEM) and Health Science SSS Program: projects provide services only to low-income, first-generation students or individuals with disabilities

---

<sup>11</sup> *Different population* means a group of individuals that an eligible entity desires to serve through an application for a grant under the Student Support Services program and that—  
(1) Is separate and distinct from any other population that the entity has applied for a grant to serve;  
or  
(2) While sharing some of the same needs as another population that the eligible entity has applied for a grant to serve, has distinct needs for specialized services.

pursuing disciplines in the following areas as well as other related fields including: physical sciences, engineering, life sciences, math (e.g., number properties and operations, measurement, geometry, data analysis and probability, and algebra), and technology, including technology literacy, hands on workshops, technological innovations, scientific research, biotechnology, electronics, health sciences, communications and health research.

Teacher Preparation K-12 SSS Program: projects provide services only to low-income, first-generation students or individuals with disabilities pursuing disciplines in the following areas as well as other related fields:

Test preparation to meet the teaching credential for certification and license; internships to learn effective teaching practices; mentoring to experience on-the-job training; technology to enable integration of technology into classroom instruction; diversity training to meet the needs of students (e.g. students who lack proficiency in English and culturally diverse students); methodology to increase the level of implementation of student performance assessment techniques and implementing state and district curriculum and performance standards; and teaching practices to affect special behavior problems.

Veterans Program: projects provide services to low-income, first-generation and disabled veterans/students only.

6. Grant Aid to Students. There is no separate funding for grant aid to students. Providing grant aid to students is not a program requirement for submitting an application under the SSS Program competition. However, successful applicants may use up to 20% of the total budget to cover the cost of grant aid. Applicants that plan to offer grant aid must provide the amount of funds they propose to use for grant aid to students (consistent with the information provided on the proposed grant aid funding and methods for its distribution as discussed in the selection criteria under the Plan of Operation).

Note: Once an applicant has elected to participate in grant aid to students, the Department will expect continued participation for the duration of the grant award cycle at the rate established at the time of initial funding.

(Note: Two-thirds of the participants served in a special focus SSS project must also be low-income, first-generation or disabled students, of whom 1/3 must also be low-income.)

8. Program Objectives:

Please fill in the proposed percent for each objective.

Each applicant must enter targets for each of the standard project objectives listed below based on the institution’s sector. Please note that the standard program objectives for the SSS program are different for two-year and four-year institutions. Therefore, please review the guidance below regarding how you should designate the sector of your institution for the SSS grant and then complete the appropriate section.

These same objectives should be referenced in the Part III Project Narrative section of your application and should not be revised in your narrative discussion of the proposed objectives or proposed evaluation. In addition, the Department reserves the right to request modified measurement objectives for those projects that serve “different populations” to measure the progress of the specific subgroup designated in the project application after the grant award.

**Sector of Grantee Institution: (Check applicable option)**

Please note that the applicant’s sector designation for the purposes of completing the SSS Program Profile sheet may differ from the designation contained in the Department’s National Center for Education Statistics (NCES), Integrated Postsecondary Education Data System (IPEDS). If you do not know your institution’s designation, please see “**How to determine your institution’s sector**” below.

2-year public \_\_\_\_\_

2-year private \_\_\_\_\_

4-year public \_\_\_\_\_

4-year private \_\_\_\_\_

## How to Determine Your Institution's Sector

Even though IPEDS may have your institution designated as a 4-year institution, your institution may qualify as a 2-year institution (for the purposes of the SSS Program) if your institution predominantly awards associate's degrees or certificates. To determine your institution's sector, do the following:

- Click on the link: <http://nces.ed.gov/collegenavigator/>.
- Under “**Name of School**” enter your institution's name and click on the button “Show Results.”
- On the right-hand side, click on your institution's name.
- If in the **General Information** section under “**Type**” the words “*primarily associate's*” appear, your institution predominantly awards associate degrees or certificates; therefore, your institution primarily enrolls students in 2-year programs or less.
- If you are still not certain how to designate your institution's sector, follow steps 1, 2, and 3 above.
- Scroll down and select “**Programs/Majors.**”
- If the **Bachelor's Degree** column (if applicable) represents less than 10 percent of all undergraduate awards including certificates, your institution predominantly awards associate degrees or certificates.

Please be advised that your sector designation on this profile sheet will be used to calculate your Prior Experience (PE) points for the persistence and graduation/transfer objectives for the FY 2020 funding cycle; therefore, you need to choose between 2-year and 4-year based upon the types of academic programs (e.g., 2-year versus 4-year) students at your institution are pursuing.

### Project Objectives for applicants designated as 2-year institutions

A. **Persistence Rate** (2-year institution): \_\_\_\_% of all participants served<sup>12</sup> in the reporting year by the SSS project will persist from one academic year<sup>13</sup> to the beginning of the next academic year or earn an associate degree or certificate at the grantee institution and/or transfer from a 2-year to a 4-year institution by the fall term of the next academic year.

B. **Good Academic Standing Rate** (2-year institution): \_\_\_\_% of all enrolled<sup>14</sup> SSS participants served will meet the performance level required to stay in good academic standing at the grantee institution.

C. **Graduation and Transfer Rates** (2-year institutions only):

---

<sup>12</sup> For the persistence and good academic standing objectives, the Department defines participants served as those students that received project services during the reporting year.

<sup>13</sup> **Academic year means** the 12-month academic year of the grantee institution; it is not the budget period. For example, the 2020-21 academic year is roughly August/September 2020 through August 2021 while the budget/project year for most SSS grants is September 1, 2020, through August 31, 2021.

<sup>14</sup> **Enrolled** means a student who has met the minimum standards to matriculate at an institution on either a full-time or part-time basis. However, it does not include new summer participants served during the summer preceding the participant's first academic year who did not earn college credits during the period (i.e., summer session) in which they were served.

1. \_\_\_% of new participants<sup>15</sup> served each year will graduate from the grantee institution with an associate degree or certificate within four (4) years;

AND

2. \_\_\_% of new participants served each year will receive an associate degree or certificate from the grantee institution and transfer to a four-year institution within four years.

**Note:** In setting the achievement rates for the graduation and transfer objectives, it is important to understand which SSS participants are counted and the four-year point of measurement. For example, new participants (e.g., those first served by SSS during the 2015-16 academic year) constitute the denominator for the graduation and transfer objectives. The numerator for the graduation only objective (i.e., number “1” above) includes those new participants in 2015-16 that received an associate degree or certificate from the grantee institutions within four years (by the end of the 2018-19 academic year). The numerator for the graduation and transfer objective (i.e., number “2” above) includes those new participants that received an associate degree or certificate from the grantee institutions by the end of the 2018-19 academic year and transferred to a four-year institution by the fall term of 2019.

### **Project Objectives for applicants designated as 4-year institutions**

A. **Persistence Rate** (4-year institution): \_\_\_% of all participants served<sup>16</sup> by the SSS project will persist from one academic year<sup>13</sup> to the beginning of the next academic year or will have earned a bachelor’s degree at the grantee institution during the academic year.

B. **Good Academic Standing Rate** (4-year institution): \_\_\_% of all enrolled<sup>17</sup> SSS participants being served will meet the performance level required to stay in good academic standing at the grantee institution.

C. **Graduation Rate** (4-year institutions only):  
\_\_\_ % of new participants<sup>18</sup> served each year will graduate from the grantee institution with a bachelor’s degree or equivalent within six years.

---

<sup>15</sup> A **new participant** is an individual who was served by the SSS project for the **first time** in the project year under consideration and who meets the definition of a participant as specified in 34 CFR 646.7(c) of the SSS program regulations.

<sup>16</sup> For the persistence and good academic standing objectives, the Department defines participants served as those students that received project services during the reporting year.

<sup>17</sup> **Enrolled** means a student who has met the minimum standards to matriculate at an institution on either a full-time or part-time basis. However, it does not include new summer participants served during the summer preceding the participant’s first academic year who did not earn college credits during the period (i.e., summer session) in which they were served.

<sup>18</sup> A **new participant** is an individual who was served by the SSS project for the **first time** in the project year under consideration and who meets the definition of a participant as specified in 34 CFR 646.7(c) of the SSS program regulations.

## Part V – Prior Experience

Prior Experience Objectives and Calculations for SSS Projects Operating in Project Years 2016-17, 2017-18 and 2018-19

Prior experience is based on the criteria contained in 34 CFR Part 646.22 Prior Experience (PE). PE points will be awarded under the FY 2020 competition to SSS projects that operated during the 2016-17, 2017-18 and 2018-19 program years. All information will be taken from the annual performance report (APR) submission for each project year under consideration.

The SSS PE criteria and point allocations are as follows for each year under consideration:

1. Persistence (maximum of 4 points)
2. Good academic standing (maximum of 4 points)
3. Graduation/transfer (maximum of 4 points)
4. Administrative requirements (maximum of 3 points)

Total (maximum of 15 points)

Note: SSS grantees may earn up to a maximum of 15 points for each year assessed. The final PE score is the average of the scores for the three years assessed.

1. Persistence (maximum 4 points) - The extent to which project participants persisted toward completion of the academic program in which they were enrolled at the grantee institution.

Calculation:

- The denominator is the greater of the actual number served or funded number to be served.
- The numerator is the number enrolled at the grantee institution in the Fall of the next academic year or graduated and/or transferred from a 2-year to a 4-year institution at the end of the reporting period.

2. Good academic standing (maximum 4 points) - The extent to which project participants met academic performance levels required to stay in good academic standing at the grantee institution.

Calculation:

- The denominator is the greater of the actual number served or funded number to be served.
- The numerator is the number in good academic standing, which is based on the responses in the Academic Standing field.

**NOTE: Two rates will be calculated based on whether: (1) the grantee served new summer only participants and (2) the grantee tracked and provided information on academic standing. The greater of the two rates is used to determine prior experience.**

3. Graduation/transfer completion at grantee institution (maximum 4 points).

**For two-year institutions only:** This rate is determined by the extent to which project participants graduated from the grantee institution and/or transferred to a four-year institution (within four years of first entering the SSS program).

**Calculation for Graduation Completion:**

The denominator is the number of new participants ONLY. The numerator is the number of participants who graduated from the grantee institution with an associate degree and/or certificate within four years of first entry into the SSS project.

**Calculation for Transfer:**

*For 2-year institutions ONLY.* The denominator is the number of new participants ONLY. The numerator is the number of participants who graduated with an associate degree and/or certificate from the grantee institution and transferred from a 2-year to a 4-year institution or transferred from a 2-year to a 4-year institution without an associate degree or certificate within four years of first entry into the SSS project.

**NOTES: PE calculations for all years under the previous competition have been completed. No changes/modifications or appeals will be accepted at this time.**

**Because grantees often provided conflicting information in the degree code, multiple fields were used depending on the APR year.**

**In addition to using the degree code and Transfer field (for 2015-16 and beyond), to ascertain degree completion and/or transfer, fields containing information related to degree completion and transfer status such as Current Grade Level, End of Year Enrollment, etc., will also be used.**

OR

**For four-year institutions only:** This rate is determined by the extent to which project participants graduated (within six-years of first entering the SSS project).

**Calculation for Graduation Completion:**

For 4-year institutions the denominator is the number of new participants ONLY. The numerator is the number of participants who graduated with a bachelor's degree or equivalent, from the grantee institution, within six years of first entering the SSS project.

**NOTE: Because grantees often provided conflicting information in the degree code, multiple fields were used depending on the APR year.**

**In addition to using the degree code to ascertain degree completion, fields containing information related to degree completion such as Current Grade Level, End of Year Enrollment, etc., will also be used.**

4. Administrative requirements (maximum 3 points) - The extent to which the project has met the administrative requirements at the grantee institution. The conditions for the administrative requirements are as follows:

- The project served the approved funded number of participants (i.e., actual number served must be greater than or equal to the number to be served),
- At least two-thirds of project participants served were low-income and first-generation students, students with disabilities, and/or students with disabilities who are also low-income, and
- At least one-third of project participants with disabilities were also low-income individuals.

Calculation:

- If the grantee did not serve any disabled students, then the grantee must meet the first two criteria.
- If the grantee served at least one disabled student, then the grantee must meet all three criteria.
- Fields used: Participant Status and Eligibility.

**The due date for submitting performance reports for these years has passed. No changes or modifications to the information on file with the Department will be accepted.**

Prior Experience for Successful Applicants Under the FY 2020 Competition

Please note that the prior experience assessment for applicants successful under the FY 2020 competition will be based on the outcome criteria outlined in section 402A(f)(3)(c) of the HEA. The new outcome criteria for the SSS Program are captured in the standardized objectives included on the SSS Program Profile.

## INSTRUCTIONS FOR PROJECT NARRATIVE – SELECTION CRITERIA

The following information supplements the information provided in the “Dear Applicant” letter, “Competition Highlights,” and the Notice.

The Part III -- Project Narrative is to be attached to the **Project Narrative Attachment Form** in the Grants.gov application.

Before preparing the Part III -- Project Narrative, applicants should review the “Dear Applicant” letter, Competition Highlights, Notice, program statute, and program regulations for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the Notice and this package.

The Secretary evaluates an application on the basis of the broad selection criteria in 34 CFR 646.21 of the SSS Program regulations as identified in this application (see the Authorizing Legislation and Regulations). The Part III -- Project Narrative should provide, in detail, the information that addresses the selection criteria. The maximum possible score for each category of the selection criteria is indicated in parenthesis below.

We recommend that you limit the application narrative to the equivalent of no more than 65 pages, double-space all text in the application narrative, and single-space titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs. Use an easily readable font such as Times New Roman, Courier, Courier New, or Arial. Use a font that is either 12-point or larger and number the pages consecutively. The narrative should be written concisely. Only the required information should be submitted. Please refer to the notice (see Content and Form of Application Submission) for additional application submission requirements.

To facilitate the review of the application, we suggest that you provide responses to each of the following selection criteria in the following order:

### 1. SELECTION CRITERIA

A. Need (34 CFR 646.21(a))	(24 points)
B. Objectives (34 CFR 646.21(b))	( 8 points)
C. Plan of Operation (34 CFR 646.21(c))	(30 points)
D. Institutional Commitment (34 CFR 646.21(d))	(16 points)
E. Quality of Personnel (34 CFR 646.21(e))	( 9 points)
F. Budget (34 CFR 646.21(f))	( 5 points)
G. Evaluation Plan (34 CFR 646.21(g))	( 8 points)
Total Maximum Score for Selection Criteria	100 points

## Formatting

We recommend that you use the following standards: A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Double-space all text in the application narrative, and single-space titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs. Use a 12-point font. Use an easily readable font such as Times New Roman, Courier, Courier New, or Arial. Page numbers and an identifier may be within the 1" margin. Each page on which there is text or graphics will be counted as one full page.

The Application Narrative will include the discussion of the selection criteria. We recommend that you that you limit the application narrative to the equivalent of no more than 65 pages for the FY 2019 SSS competition.

The recommended page limit does not apply to:

- Application Face Sheet (Application for Federal Assistance Form – SF424)
- Table of Contents
- Project Abstract
- Budget Summary Form (ED Form 524)
- SSS Program Profile
- SSS Program Assurances and Certifications
- ED GEPA 427

The Notice contains specific instructions on page limits.

In the Part III -- Project Narrative, the applicant should address the selection criteria in the above order (A-G) because this is the order in which the Technical Review Form is organized. The Technical Review Form is used by the peer reviewers to evaluate applications.

### **The following guidance may assist you in addressing each of the selection criteria:**

(A) **Need:** In responding to this criterion, you must provide data to define the target population in terms of the academic, financial and other problems encountered by eligible project participants which prevent their completing undergraduate programs. Also, you must provide data to demonstrate that the proposed target population has an academic need for project services and is first-generation and low-income or individuals with disabilities.

(B) **Objectives:** All applicants must include the three appropriate standardized objectives as listed on the SSS Program Profile form. On the Profile form, you must fill in the blanks indicating the percentage level of achievement for each of these objectives. An applicant should complete the standardized objectives as appropriate to the selected sector designation of its respective institution. **These objectives may not be rewritten, restated or reworded.**

In the Project Narrative, you must address each of the appropriate objectives, and explain how these objectives are ambitious and attainable. Applicants should use comparative data to show why the proposed percentages are ambitious based on information provided in the Need section of the Project Narrative and attainable based on information provided in the Plan of Operation and the resources available to the project. Applicants may add additional objectives, but are not required to do so. Applicants will not receive additional points or penalties for proposing additional objectives.

(C) **Plan of Operation:** This criterion contains five sub-criteria, and applicants must address all five sub-criteria. The application should provide information on who, what, when and how the project will provide services to meet its goals and objectives. In addition, if you are planning grant aid to students, you should include information on the planned coordination between the project office and the Financial Aid Office or Business Office at your institution to assure correctness in the distribution of monies to eligible project participants.

(D) **Institutional Commitment:** Applicants must address all four sub-criteria. In addressing this criterion, the applicant must provide information on its administrative and academic policies, the commitment of facilities, equipment, personnel and other resources; and the planned cooperation and support of key departments such as Admissions, Registrar, data collection and Student Financial Aid. The applicant must also address the financial plan for carrying out the project, including the applicant's proposed commitment of institutional resources to the SSS participants to minimize the dependence on student loans in developing financial aid packages for project participants by committing institutional resources.

(E) **Quality of Personnel:** Applicants must address all three of the sub-criteria under this criterion. Applicants must identify key personnel and must provide the minimum qualifications for all these key positions. The minimum educational qualifications must include the type of degree required and the acceptable field(s) of study. The type and minimum amount of work-related experience should also be described for each position. In addressing this criterion, you should not provide the qualifications of current staff, but rather; detail the qualifications required for each position. Please note that if you choose to submit resumes or job descriptions in the application, they will count against the recommended 65-page limit. The "plan to employ personnel who have succeeded in overcoming barriers similar to the target population to be served" must be specific. The inclusion of an equal employment opportunity statement and/or a non-discriminatory employment practices policy alone is not an adequate response to this sub-criterion.

(F) **Budget:** In responding to this criterion, applicants must provide a detailed, itemized budget (Form 524) and a detailed budget narrative for the first year (2020-2021) budget period only. The budget narrative is a part of the Project Narrative (Part III) to be attached under the budget selection criterion (F). Additional budget instructions are cited in the instructions entitled "First Year Budget and Budget Summary Form (ED Form 524) Instructions" on the following pages. (Note: The budget narrative is counted as part of the recommended 65-page limit for Part III.) If the applicant includes a non-Federal financial contribution, please know that the Department expects the non-Federal financial contribution, at least at the level indicated for the first year, to continue for the entire length of the grant award (up to five years). This section should provide information that shows that the proposed budget will provide the resources necessary to successfully carry out the proposed project.

Applicants should demonstrate here how the proposed resources would enable them to carry out the proposed project in the most cost-effective manner possible.

**(G) Evaluation Plan:** A strong evaluation plan should be included and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The evaluation plan should include benchmarks to monitor progress toward meeting specific project objectives based on the program's performance indicators. The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports and outcomes will be available; and (7) how the applicant will use the information collected through evaluation to monitor the progress of the funded project and to provide accountability information about the success of the project. The use of an outside evaluator is not required.

## INSTRUCTIONS FOR U.S. DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

**1. Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (\*) are mandatory.

**2. Novice Applicant.** Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

**3. Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

**3a. If Not Human Subjects Research.** Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

**3a. If Human Subjects Research.** Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

**3b. If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. Human Subjects Assurance Number.** If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. **(A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc>)** If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**3c.** If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission

of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**Note about Institutional Review Board Approval.** ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

**No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.**

**Public Burden Statement:**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (20 USC 3474 General Education Provisions Act). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov) and reference the OMB Control Number 1894-0007. ## DEFINITIONS FOR U.S. DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

### Definitions:

**Novice Applicant (See 34 CFR 75.225).** For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

### **PROTECTION OF HUMAN SUBJECTS IN RESEARCH**

#### **I. Definitions and Exemptions**

##### **A. Definitions.**

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

##### **—Research**

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

##### **—Human Subject**

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

##### **B. Exemptions.**

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

***Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public***

**behavior and the investigator(s) participate in the activities being observed.** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

## **II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives**

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

### **A. Exempt Research Narrative.**

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

### **B. Nonexempt Research Narrative.**

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

**(1) Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

**(2) Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

**(3) Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

**(4) Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

**(5) Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

**(6) Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

**(7) Collaborating Site(s):** If research involving human subjects

will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

*Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the U.S. Department of Education, Protection of Human Subjects Coordinator, Office of the Chief Financial Officer, LBJ Building, 400 Maryland Avenue, SW, Washington, D.C. 20202-4250, telephone: (202) 260-3353, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

If you checked “no,” ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. Section C - Budget Narrative [Attach separate sheet(s)]  
Pay attention to applicable program specific instructions,  
if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
  - a. The specific costs or contributions by budget category;
  - b. The source of the costs or contributions; and
  - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

OMB cost principle circulars are available on OMB's website at: <http://www.whitehouse.gov/omb/circulars/index.html>]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

Travel for participation in **one** professional staff development training opportunity under the TRIO Training Program.

4. Equipment: On line 4 (ED Form 524), indicate the cost of equipment -- non-expendable personal property, which has a usefulness of greater than one year and an acquisition cost of \$5,000 or more per unit. [Consistent with an applicant's policy, a lower dollar amount may be used to define equipment.] In the budget, explain why the requested equipment is necessary to carry out project activities, and include a list of all equipment in the following format: item, quantity, cost per unit, and total cost.

5. Supplies: On line 5 (ED Form 524), include the costs of all tangible personal property that was not included as “equipment” on line 4. In the budget, provide an itemized list of the supplies.
6. Contractual: Not applicable. Leave blank.
7. Construction: Not applicable. Leave blank.
8. Other: On line 8 (ED Form 524), indicate all direct costs not covered on lines 1 through 5. The costs/fees for consultants and consultants’ travel should be included here. Examples of “other” costs are equipment rental, required fees, communication costs, rental of space, utilities, custodial services, and printing costs. In the budget, provide a breakdown of all direct costs not clearly covered by other budget categories.

Consultants: If the project proposes to use consultants, identify the consultants who will work on the project, the scope of work to be performed by each consultant, and justify why project personnel cannot perform this work. Also, provide a detailed breakdown of the costs (daily fees to be paid, estimated number of days of services, and all travel expenses, including per diem). Cost allowances for consultant fees, honoraria, per diem, and travel should not exceed amounts permitted by comparable institutional or agency policies.

9. Total Direct Costs: On line 9 (ED Form 524), provide the total direct costs requested – the sum of lines 1 through 8.
10. Indirect Costs: On line 10 (ED Form 524), provide the amount of indirect costs that you propose to charge against the grant.

All grants awarded under the Student Support Services Program (84.042A) are designated as training grants. The Education Department General Administrative Regulations (EDGAR) limits reimbursement to grantees for indirect costs they incur under training grants to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost agreement or a maximum of 8 percent of a modified total direct cost base, **whichever is less**. (NOTE: This limitation does not apply to State agencies, or local governments, or federally recognized Indian tribal governments. [§75.562(c) (2)])

A **modified total direct cost base** is defined as total direct costs, less stipends, tuition and related fees, and capital expenditures of \$5,000 or more per unit. Therefore, calculations of indirect costs may not include cost of equipment, stipends, tuition and related fees, room and board and summer non-residential meals associated with the Student Support Services Program.

Grantees charging indirect costs to a Department grant are required to have a negotiated rate with their *cognizant agency* (i.e., either the Federal agency from which it has received the most direct funding that is subject to indirect cost support, or a particular agency specifically assigned cognizance by the Office of Management and Budget). Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8 percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [§75.563(d)]. In the event that they receive an award under this program, applicants without a negotiated indirect cost rate with its cognizant agency should seek to identify that agency and contact it to obtain an approved rate as soon as possible after award notification.

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with a cognizant agency may **not** be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [§75.563(c) (3)]

11. Training Stipends: On line 11, include any grant funds that you propose to use for Grant Aid to Students (subject to the limitation of 20% of the total grant) on both sections A and B (ED 524). This amount should also be specified in the budget narrative.
12. Total Costs: On line 12 (ED Form 524), provide the total amount that you are requesting – the sum of lines 9 and 10. Note: This amount should also be the same as that shown in 18g on the application face sheet (SF 424) and on the detailed budget narrative in Part III.

## NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

### To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

### What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

### What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

#### Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov) and reference the OMB Control Number 1894-0005.

## **GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)**

### **What is GPRA?**

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

### **How has the Department of Education Responded to the GPRA Requirements?**

As required by GPRA, the Department of Education prepared a strategic plan for 2018-2022. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

**Goal 1:** Support state and local efforts to improve learning outcomes for all P-12 students in every community.

**Goal 2:** Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.

**Goal 3:** Strengthen the quality, accessibility and use of education data through better management, increased privacy protections and transparency.

**Goal 4:** Reform the effectiveness, efficiency and accountability of the Department.

### **What are the performance indicators for the SSS Program?**

The performance indicators for the Student Support Services Program are part of the Department's plan for meeting Goal 2. The SSS Program is part of the Federal TRIO Programs. The overarching goal of the Federal TRIO Programs is "to increase the percentage of low-income and first-generation college students who successfully pursue postsecondary education opportunities."

The specific performance indicator for the Student Support Services Program is as follows:

The success of the Student Support Services Program will be measured by the postsecondary persistence and degree completion rates of SSS participants that remain at the grantee institution. All SSS grantees will be required to submit an annual performance report documenting the persistence and degree attainment of their participants. Since, on average, students take four years to complete an associate degree and six years to complete a bachelor's degree, multiple years of performance report data are needed to determine the degree completion rates of SSS participants. The Department of Education will aggregate the data provided in the annual performance reports from all grantees to determine the accomplishment level.

**How does the Department of Education determine whether performance goals have been met?**

An applicant that receives a grant award will be required to submit annual performance reports as a condition of the award. The reports will document the extent to which project goals and objectives are met.

The most recent version of this program's annual performance report can be viewed at <http://www.ed.gov/about/offices/list/ope/trio/index.html>.
