

IES Training Satisfaction Survey

Thank you for taking this survey. Your responses are extremely important to us as we seek to ensure that the IES Education Research training programs are meeting their goals of providing high-quality, rigorous training in education research. The results of the survey will be used to both improve the training programs as well as to provide information on the program to policymakers, practitioners, and the public. Please note that responses are voluntary and all information is kept confidential except as required by law.

Information collected from this survey is subject to the confidentiality and data protection requirements of the Institute of Education Sciences (The Education Sciences Reform Act of 2002, Title I, Part E, Section 183). Information that could identify an individual or institution will be separated from the survey responses submitted, kept in secured locations, and destroyed as soon as they are no longer required. Survey responses will be used only for research purposes. The reports prepared from the survey will summarize findings across individuals and institutions and will not associate responses with a specific district, school, or person.
