# Environmental Assessment and Compliance Findings for the Related Laws

U.S. Department of Housing and Urban Development

1. Project Number HUD Program

2. Date Received

RMS: HI-00487R

**Findings and Recommendations** are to be prepared **after** the environmental analysis is completed. Complete items 1 through 15 as appropriate for all projects. For projects requiring an environmental assessment, also complete Parts A and B. For projects categorically excluded under 24 CFR 50.20, complete Part A. Attach notes and source documentation that support the findings.

3. Project Name and Location (Street, City, County, State)	4. Applicant Name and Address (Street, City, State, Zip Code), and Phone			
5. Multifamily Elderly Other 6. Number of	7. Displacement No Yes			
If Other, explain Dwelling L	Jnits Buildings If Yes, explain.			
Stories	Acres			
<ul> <li>8. New Construction Rehabilitation Other (if Other, explain)</li> <li>9. Has an environmental report (Federal, State, or local) been used in completing this form? No Yes If Yes, identify:</li> </ul>	10. Planning Findings. Is the project in compliance or conformance with the following plans?         Local Zoning       Yes       No       Not Applicable         Coastal Zone       Yes       No       Not Applicable         Air Quality (SIP)       Yes       No       Not Applicable         Explain any "No" answer:			
<ul> <li>11. Environmental Finding (check one)         Categorical exclusion is made in accordance with § 50.20 or         Environmental Assessment and a Finding of No Significant         Impact (FONSI) is made in accordance with § 50.33 or         Environmental Assessment and a Finding of Significant         Impact is made, and an Environmental Impact Statement is         required in accordance with §§ 50.33(d) and 50.41.</li> </ul>	Are there any unresolved conflicts concerning the use of the site?			
Project is recommended for approval (List any conditions and require	ements) Project is recommended for rejection (State reasons)

#### Part B. Environmental/Program Factors

Factors	Impact	nticipate /Deficie Minor	encies	Source Documentation and Requirements for Approval
25 Unique Natural Features and Areas				
26. Site Suitability, Access, and Compatibility with Surrounding Development				
27. Soil Stability, Erosion, and Drainage				
28. Nuisances and Hazards (natural and built)				
29. Water Supply / Sanitary Sewers				
30. Solid Waste Disposal				
31. Schools, Parks, Recreation, and Social Services				
32. Emergency Health Care, Fire and Police Services				
33. Commercial / Retail and Transportation				
34. Other				

Public reporting burden for this collection of information is estimated to average 1 hour. This includes the time for collecting, reviewing, and reporting the data. Response to this request for information is required in order to receive the benefits to be derived. Section 242 of the National Housing Act authorizes mortgage insurance for the development of hospital facilities. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

# Sample Field Notes Checklist

Project Number	HUD Program						
Project Name:							
Location (street, city, county/State, & zip code)							
Number of Dwelling Units	Number of Dwelling Units Project site is in a location described as						
New construction Reha	Central city     Suburban     Infill urban development       abilitation     In developing rural area     In undeveloped area						

**Note to Reader:** An Environmental Assessment (EA) is a concise public document that a Federal agency must prepare in order to comply with the National Environmental Policy Act (NEPA) and the related Federal environmental laws and authorities. The EA must support decision making process and provide a clear rationale, justification, and documentation for ratings assigned.

#### Instructions

It is recommended that this checklist be used by HUD staff who prepare the Environmental Assessment (EA; form HUD-4128). It will constitute full documentation for many factors on the EA, and partial documentation for others. It will avoid narrative reports and expedite the environmental review process. This checklist, which is a slightly revised version of Appendix C of Handbook 1390.2, should be used pending revision of Handbook 1390.2.

The number for each checksheet topic is the number that appears on form HUD-4128. Also, each checklist title/heading is followed by a reference to where the topic appears in the current Handbook 1390.2.

Before the site visit, review the Phase I and all background information submitted with the application (if applicable). During the site visit, the preparers of form HUD-4128 are to: (i) answer all relevant questions on this checklist; (ii) use the spaces provided for comments to include supplemental information as well as to record any recommended mitigation measures or requirements for project approval; (iii) key your answers to the relevant questions (using additional sheets of paper to provide more detailed information); and (iv) use the spaces provided for source documentation to cite the information source used (e.g., title of a technical report, map, or special study; site inspection/field observation; name and location of the qualified data source(s) that provided the information, for example, the local planning agency, the local housing and/or community development agency, the State environmental protection agency, the State Historic Preservation Officer, or other qualified data source.)

Preparers are to obtain and use, as appropriate, any environmental report (Federal, State, or local) that may have already been prepared for the property or area in which the property is located.

Several different types of maps will be useful in completing the review, such as the project plan or plot map, a location map showing major features and facilities in the vicinity, the USGS topographic map and FEMA flood map for the site area, and zoning/land use maps. *Many of the conditions can and should be recorded directly on the project plan.* Distances to major features and facilities (e.g., schools and fire stations) and a description of the surrounding area are examples. The plan can then be referenced as "source documentation" on form HUD-4128.

#### 9. Environmental Report

List the Federal, State, or local agencies contacted to obtain their existing environmental reports and other data for the HUD environmental review for the proposed project.

List the major reports obtained. (attach the report(s) or otherwise list the title, author, publication date)

#### **10. Planning Findings**

Is the project in compliance or conformance with the local zoning? Yes No Not Applicable If No or Not Applicable, explain.

Is the project located within a coastal management zone (CZM)?
Yes No Not Applicable
If your answer is Yes, the State Coastal Zone Management (CZM) Agency must make a finding that the project is consistent with
the approved State CZM program.
Is the State's finding attached to this checksheet?
Yes No
Is the project in compliance with the air quality State Implementation Plan (SIP)?
Yes No Not Applicable

	Comments:
	Source documentation:
	Are there any unresolved conflicts concerning the use of the site? Yes No If your answer is Yes, briefly explain:
16.	<b>Coastal Barrier Resources</b> Is the project located within a coastal barrier designated on a current FEMA flood map or Department of Interior coastal barrier resources map?
	Yes No If your answer is Yes, the law prohibits Federal funding of projects in designated coastal barriers.
17.	Flood Management (24 CFR Part 55) (see CF 3 and 4 of Handbook 1390.2)         Is the project located within a floodplain designated on a current FEMA flood map?         Yes       No         Identify FEMA flood map used to make this finding:         Community Name and Number:
	Source documentation: (attach § 55.20 analysis)
18.	Historic Preservation (see CF 2 of Handbook 1390.2) Has the SHPO been notified of the project and requested to provide comments? Yes No Is the property listed on or eligible for listing on the National Register of Historic Places? Yes No
	Is the property located within or directly adjacent to an historic district?

If your answer is Yes to any of the above questions, consult with the State Historic Preservation Officer (SHPO) and comply with 36 CFR part 800.

Does the property's area of potential effects include an historic district or property?

Has the SHPO been or is being advised of HUD's finding?

or busy roads (within 1000 feet), or railroads (within 3000 feet)?

**19. Noise Abatement** (see CF 1 of Handbook 1390.2)

Source documentation: (attach NAG worksheets)

#### Previous editions are obsolete

Yes No

Yes No

Yes No Comments:

Yes No

Comments:

Source documentation:

Is the project located near a major noise source, i.e., civil airports (within 5 miles), military airfields (15 miles), major highways

new construction. Use adopted DNL contours if the noise source is an airport.

If your answer is Yes, comply with 24 CFR 51, Subpart B which requires a noise assessment for proposed

#### **20. Hazardous Industrial Operations** (see CF 5 of Handbook 1390.2)

Are industrial facilities handling explosive or fire-prone materials such as liquid propane, gasoline or other storage tanks adjacent to or visible from the project site?

Yes No If your answer is Yes, use HUD Hazards Guide and comply with 24 CFR Part 51, Subpart C. Comments:

Source documentation: (attach ASD worksheets)

**21. Airport Hazards** (see CF 5 of Handbook 1390.2)

Is the project within 3,000 feet from the end of a runway at a civil airport? Yes No Is the project within 2-1/2 miles from the end of a runway at a military airfield? Yes No If your answer is Yes to either of the above questions, comply with 24 CFR Part 51, Subpart D. Comments:

Source documentation:

#### **22.** Protection of Wetlands (E.O. 11990) (see CF 3 and 4 of Handbook 1390.2)

Are there drainage ways, streams, rivers, or coastlines on or near the site?

Yes No

Are there ponds, marshes, bogs, swamps or other wetlands on or near the site?

Yes No

For projects proposing new construction and/or filling, the following applies:

Is the project located within a wetland designated on a National Wetlands Inventory map of the Department of the Interior (DOI)?

- Yes No If your answer is Yes, E.O. 11990, Protection of Wetlands, discourages Federal funding of new construction or filling in wetlands and compliance is required with the wetlands decisionmaking process (§ 55.20 of 24 CFR Part
  - 55. Use proposed Part 55 published in the Federal Register on January 1, 1990 for wetland procedures).

Comments:

Source documentation: (attach § 55.20 analysis for new construction and/or filling)

#### 23. Toxic Chemicals and Radioactive Materials (see CF 5 of Handbook 1390.2)

Has a Phase I (ASTM) Report been submitted and reviewed?

Yes No If your answer is No, is a Phase I (ASTM) report needed?

Yes No

Are there issues that require a special/specific Phase II report before completing the environmental assessment?

Yes No

Is the project site near an industry disposing of chemicals or hazardous wastes?

Yes No

Is the site listed on an EPA Superfund National Priorities or CERCLA, or equivalent State list?

Yes No

Is the site located within 3,000 feet of a toxic or solid waste landfill site?

Yes No

Does the site have an underground storage tank?

Yes No

If your answer is Yes to any of the above questions, use current techniques by qualified professionals to undertake investigations determined necessary and comply with § 50.3(i).

Are there any unresolved concerns that could lead to HUD being determined to be a Potential Responsible Party (PRP)? Yes No

Comments:

Source documentation: (attach Phase I (ASTM) Report)

# 24. Other

**a.** Endangered Species (see EF 3.4 of Handbook 1390.2)

Has the Department of Interior list of Endangered Species and Critical Habitats been reviewed?

Yes No

Is the project likely to affect any listed or proposed endangered or threatened species or critical habitats?

Yes No If your answer is Yes, compliance is required with Section 7 of the Endangered Species Act, which mandates consultation with the Fish and Wildlife Service in order to preserve the species.

Comments:

Source documentation

# b. Sole Source aquifers

Will the proposed project affect a sole source or other aquifer? Yes No Comments

Source documentation

#### c. Farmlands Protection (see EF 3.3 of Handbook 1390.2)

If the site or area is presently being farmed, does the project conform with the Farmland Protection Policy Act and HUD policy memo? Yes No If your answer is Yes, compliance is required with 7 CFR Part 658, Department of Agriculture regulations implementing the Act. Comments:

Source documentation:

#### d. Flood Insurance

Is the building located or to be located within a Special Flood Hazard Area identified on a current Flood Insurance Rate Map (FIRM)?

Yes No If your answer is Yes, flood insurance protection is required for buildings located or to be located within a Special Flood Hazard Area as a condition of approval of the project. In addition, compliance with § 55.12 and the floodplain management decisionmaking process (§ 55.20) is required (refer to item #17 above). Document the map used to determine Special Flood Hazard Area in above item #17 pertaining to community name and number, map panel number and date of map panel.

# e. Environmental Justice

Is the project located in a predominantly minority and low-income neighborhood?

Yes No

Does the project site or neighborhood suffer from disproportionately adverse environmental effects on minority and low-income populations relative to the community-at-large?

Yes No If your answer is Yes, compliance is required with E.O. 12898, Federal Actions to Address Environmental Justice.

Source documentation:

**25. Unique Natural Features and Areas** (see EF 3.2 of Handbook 1390.2)

Is the site near natural features (i.e., bluffs or cliffs) or near public or private scenic areas?

Yes No

Are other natural resources visible on site or in vicinity? Will any such resources be adversely affected or will they adversely affect the project? Yes No

Comments:

# **29. Water, Supply, Sanitary Sewers, and Solid Waste Disposal** (see EF 2.1, 2.2, and 2.4 of Handbook 1390.2) Is the site served by an adequate and acceptable:

water supply

Yes No	Municipal	Private
--------	-----------	---------

sanitary sewers and waste water disposal systems

Yes No Municipal Private

trash collection and solid waste disposal

Yes No Municipal Private

If the water supply is non-municipal, has an acceptable "system" been approved by appropriate authorities and agencies? Yes No

If the sanitary sewers and waste water disposal systems are non-municipal, has an acceptable "system" been approved by appropriate authorities and agencies?

	Yes	No	
~			

Comments:

Source documentation:

31. Schools, Parks, Recreation, and Social Services (see U/EF 4, 5, and 6 of Handbook 1390.2)
Will the local school system have the capability to service the potential school age children from the project?
Yes □ No
Are parks and play spaces available on site or nearby?
Yes □ No
Will social services be available on site or nearby for residents of the proposed project?
Yes □ No
Comments:

Source documentation:

32. Emergency Health Care, Fire and Police Services (see U/EF 7, 8, and 9 of Handbook 1390.2) Are emergency health care providers located within reasonable proximity to the proposed project?
Yes No Approximate response time: \_\_\_\_\_\_\_
Are police services located within reasonable proximity to the proposed project?
Yes No Approximate response time: \_\_\_\_\_\_\_
Is fire fighting protection municipal volunteer adequate and equipped to service the project?
Yes No Approximate/estimated response time: \_\_\_\_\_\_
Comments:

Source documentation:

**33.** Commercial/Retail and Transportation (see U/EF 10 and 11 of Handbook 1390.2)

Are commercial/retail shopping services nearby?

Yes No

Is the project accessible to employment, shopping and services by

public transportation or private vehicle?

Is adequate public transportation available from the project to these facilities?

Yes No

Are the approaches to the project convenient, safe and attractive?

Yes No

# 11. Conditions and Requirements for Approval

Are mitigation measures required? Yes No If your answer is Yes, list and describe:

Brief Description of the Project:

Field Inspection on (date)

By (signature)
