

## **SUPPORTING STATEMENT JUSTIFICATION FOR ACCREDITED LABORATORY PROGRAM ANNUAL CONTACT UPDATE**

### **1. Circumstances Making Collection Of Information Necessary:**

This is a request for a renewal of the information collection for the annual contact update for accredited laboratories related to meat, poultry, and egg products inspection.

FSIS has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et. seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et. seq.) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). These statutes mandate that FSIS protect the public by ensuring that meat, poultry, and egg products are wholesome, not adulterated, and properly labeled and packaged.

### **2. How, By Whom and Purpose Information Is To Be Used:**

FSIS uses the Annual Contact Update to maintain necessary information for responsibly connected personnel at the laboratories (see 9 CFR 439.20 (e) and 9 CFR 439.1 (w)). The completed Annual Contact Update form also informs the Agency if a laboratory, or responsibly connected person or entity, has been charged, indicted, or convicted or any crime listed in 9 CFR 439.52. If a laboratory, or responsibly connected person or entity, has been convicted of such a crime, FSIS will revoke the laboratory's accreditation (9 CFR 439.53).

### **3. Use Of Improved Information Technology:**

Under the Government Paperwork Elimination Act, FSIS is offering electronic versions of FSIS Form 10,000-11. Records may be maintained electronically provided that appropriate controls are implemented

to ensure the integrity of the electronic data. The Agency estimates that 100% of the reporting will be done electronically.

**4. Efforts To Identify Duplication:**

No USDA agency, or any other Government agency, requires information regarding application for inspections, registration, exemptions, or accreditation of laboratories relating to meat, poultry, and egg products. There is no available information that can be used or modified.

**5. Methods To Minimize Burden On Small Business Entities:**

Data collected from small businesses are the same as for large ones. There are 60 small businesses.

**6. Consequences If Information Were Collected Less Frequently:**

To conduct the information collections less frequently will reduce the effectiveness of the meat and poultry inspection program.

**7. Circumstances That Would Cause The Information Collection To Be Conducted In A Manner:**

- requiring respondents to report information to the agency more often than quarterly;
- requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;
- requiring respondents to submit more than an original and two copies of any document;
- requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;
- in connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;
- requiring the use of a statistical data classification that has not been reviewed and approved by OMB;

- that includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or
- requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.

There are no additional exceptions to the certification.

#### **8. Consultation With Persons Outside The Agency:**

In accordance with the Paperwork Reduction Act, FSIS published a 60-day notice in the **Federal Register** (84 FR 27077) on June 11, 2019, requesting comments regarding this information collection request. FSIS received no comments. FSIS also contacted three persons regarding the information collection: Stephanie Ellis, 314-982-2989; Roger Beers, 901-545-9421; and Dennis Mayeshiro, 562-928-0553 x 135, to request input on the FSIS burden estimates for the FSIS Form 10,000-11. The three individuals agreed that the FSIS burden estimate of 15 minutes to complete FSIS Form 10,000-11 was accurate.

#### **9. Payment or Gifts to Respondents:**

Respondents will not receive any gifts or payments.

#### **10. Confidentiality Provided To Respondents:**

No assurances other than routine protection provided under the Freedom of Information Act have been provided to respondents.

#### **11. Questions Of A Sensitive Nature:**
