OPENING STATEMENT

In this interview we will be asking you questions about your family, health, and lifestyle. The questions cover many topics because we don't know what causes most birth defects. We will study the answers from thousands of mothers hoping to learn something new about the causes of birth defects. Your individual responses are being collected with an assurance of confidentiality.

Maternal Health Introduction

At this time, and at other times during this interview, I will be asking you about illnesses you may have had and various kinds of medications or remedies you may have used. Many of these questions will refer to the 4 month period from the month before your pregnancy began through the end of your third month of pregnancy. Please include medications prescribed by a health care practitioner and medications you might have obtained without a prescription from stores, pharmacies, friends or relatives, as well as herbal and home remedies. If you filled out the medication worksheet we included in your introductory packet, it will be helpful for you to have it in front of you for these questions. Now I have some questions about your health.

Section V: MEDICATIONS/HERBALS/VITAMINS

We are interested in medicines that you may have taken from 1 month before you became pregnant, which would be [B1], to the end of the third month of pregnancy, which would be [P4 (-1)]. These would include prescription and nonprescription medicines. Please include medicines prescribed to you by a healthcare provider and medicines you used that may have been prescribed to someone else. Some of these medicines we may have already discussed, but please report on them again in response to these questions. Sometimes the same medication can be used for different reasons, which is why some questions may seem repetitive. To begin, I'm going to ask you about whether you have used certain types of medicines, and then I'll ask about your use of specific medicines. If you filled out the medication worksheet we included in your introductory packet, it will be helpful for you to have it in front of you for these questions. To keep you from having to repeat information we've already discussed, I may ask you for your help in remembering whether you've reported using a medication to me already and for what medical condition you reported taking it for. Unfortunately we are not able to see your responses from earlier in the interview.

Section W: STRESS

The next series of questions will be about events that may have occurred in your life from the 3 months before you became pregnant through your 3rd month of pregnancy, which would be [START DATE OF B3] through [P4(-1)]. These questions will be a little bit different from some of the other questions we have asked because we are asking now about the three months before you became pregnant, as well as the first three months of your pregnancy. Most people experience periods of stress in their lives, caused by major events and daily life. We will

be asking whether or not an event happened during that time period, but we will not be asking for further details.

W1. From 3 months before you became pregnant through your 3rd month of pregnancy, did you experience any serious relationship difficulties with your husband or partner or become separated or divorced?

Section X: PHYSICAL ACTIVITY

I am going to ask you about the time you spent being physically active in the three months before you became pregnant. Please answer each question even if you do not consider yourself to be an active person. Think about the activities you do at work, as part of your house and yard work, to get from place to place, and in your spare time for recreation, exercise, or sport.

Now think about all the *vigorous* activities which take *hard physical effort* that you did in the three months before you became pregnant. Vigorous activities make you breathe much harder than normal and may include heavy lifting, digging, aerobics, running, or fast bicycling. Think only about those physical activities you did for at least 10 minutes at a time.

X1. During the three months before you became pregnant, in a typical week on how many days did you do vigorous physical activities? [PROBE: Think only about those physical activities that you did for at least 10 minutes at a time.] (P1)

- a. Days Per Week: _____
IF 0 → SKIP TO INTRODUCTION TO X3
IF 1 - 7 → CONTINUE TO X2
- b. DK → SKIP TO INTRODUCTION TO X3
- c. RF → SKIP TO INTRODUCTION TO X3

X2. How much time did you usually spend doing vigorous physical activities on one of those days? [PROBE: Think only about those physical activities that you do for at least 10 minutes at a time. (P2)] [REMINDER: IF THEY ANSWER LESS THAN 10 MINUTES, REMIND THEM WE ARE ONLY INTERESTED IN ACTIVITIES DONE AT LEAST 10 MINUTES AT A TIME.]

- a. Hours Per Day: _____ → SKIP TO INTRODUCTION TO X3
- b. Minutes Per Day: _____ → SKIP TO INTRODUCTION TO X3 [REMINDER: IF THEY ANSWER LESS THAN 10 MINUTES, REMIND THEM THAT WE ARE ONLY INTERESTED IN ACTIVITIES DONE AT LEAST 10 MINUTES AT A TIME.]
- c. DK → CONTINUE TO X2b
- d. RF → CONTINUE TO X2b

X2b. In the three months before you became pregnant, how much time in total would you spend in a typical week doing vigorous physical activities? [PROBE: Think only about those physical activities that you do for at least 10 minutes at a time.]

- a. Hours: _____
- b. Minutes: _____
- c. DK
- d. RF

Now think about activities which take moderate physical effort that you did in the three months before you became pregnant. Moderate physical activities make you breathe somewhat harder than normal and may include child care while standing, carrying light loads at home or work, scrubbing or mopping floors, or bicycling at a regular pace. Do not include walking. Again, think only about those physical activities that you do for at least 10 minutes at a time.

X3. During the three months before you became pregnant, in a typical week on how many days did you do moderate physical activities? [PROBE: Think only about those physical activities that you do for at least 10 minutes at a time (P3). Child care includes dressing, bathing, grooming, feeding, or occasional lifting.]

- a. Days Per Week: _____
 - i. IF 0 → SKIP TO INTRODUCTION TO X5
 - ii. IF 1 - 7 → CONTINUE TO X4
- b. DK → SKIP TO INTRODUCTION TO X5
- c. RF → SKIP TO INTRODUCTION TO X5

X4. How much time did you usually spend doing moderate physical activities on one of those days? [PROBE: Think only about those physical activities that you do for at least 10 minutes at a time. (P4)] [REMINDER: IF THEY ANSWER LESS THAN 10 MINUTES, REMIND THEM WE ARE ONLY INTERESTED IN ACTIVITIES DONE AT LEAST 10 MINUTES AT A TIME.]

- a. Hours Per Day:_____ → SKIP TO INTRODUCTION TO X5
- b. Minutes Per Day:_____ → SKIP TO INTRODUCTION TO X5 [REMINDER: IF THEY ANSWER LESS THAN 10 MINUTES, REMIND THEM THAT WE ARE ONLY INTERESTED IN ACTIVITIES DONE AT LEAST 10 MINUTES AT A TIME.]
- c. DK → CONTINUE TO X4b
- d. RF → CONTINUE TO X4b

X4b. In the three months before you became pregnant, what is the total amount of time you spent in a typical week doing moderate physical activities? PROBE: Think only about those physical activities that you do for at least 10 minutes at a time.

- a. HOURS:_____
- b. MINUTES:_____
- c. DK
- d. RF

Now think about the time you spent walking in the three months before you became pregnant. This includes at work and at home, walking to travel from place to place, and any other walking that you might do solely for recreation, sport, exercise, or leisure.

X5. During the three months before you became pregnant, in a typical week on how many days did you walk for at least 10 minutes at a time? [PROBE: Think only about the walking that you do for at least 10 minutes at a time. (P5)]

- a. Days Per Week:_____
 - i. IF 0 → SKIP TO INTRODUCTION TO X7
 - ii. IF 1 - 7 → CONTINUE TO X6
- b. DK or RF → SKIP TO INTRODUCTION TO X7

X6. How much time did you usually spend walking on one of those days? (P6) [REMINDER: IF THEY ANSWER LESS THAN 10 MINUTES, REMIND THEM WE ARE ONLY INTERESTED IN ACTIVITIES DONE AT LEAST 10 MINUTES AT A TIME.]

- a. Hours Per Day:_____ → SKIP TO INTRODUCTION TO X7

FOR EE8, INTERVIEWERS WILL NEED TO USE STATE AND INFANT STATUS TO DETERMINE WHICH SCRIPT TO USE:

HH8. FOR CENTERS THAT ARE COLLECTING BLOODSPOTS (STATE AR, IA, MA, NY, NC) AND A LIVEBORN INFANT: That completes the interview, but as you read in the advance packet, you may be asked to participate in other parts of the study. To thank you for your time, we will send you a \$30 gift card. Along with the gift card, we will mail you two consent forms. One of the forms asks for your permission to request leftover newborn bloodspots that were already collected shortly after your baby's birth by your state's newborn screening program. This part of the study will help us to understand the role genetic and other biologic factors have in causing birth defects. The other form asks for your permission to request your infectious disease information that was already reported by your physician to your state's health department. This information will be used to study how infectious diseases may play a role in why some babies have birth defects. If you choose to return the consent forms, we will send you a \$10 gift card for each consent form returned as a token of appreciation for your continued interest in our study.

FOR CENTERS THAT ARE NOT COLLECTING BLOODSPOTS (STATE: CA, GA) OR FOR A NON-LIVEBORN INFANT:

That completes the interview, but as you read in the advance packet, you may be asked to participate in other parts of the study. So that we may contact you in the future we would like to confirm your address. To thank you for your time, we will send you a \$30 gift card. Along with the gift card, we will mail you a consent form. The consent form asks for your permission to request your infectious disease information that was already reported by your physician to your state's health department. This information will be used to study how infectious diseases may play a role in why some babies have birth defects. If you choose to sign and send back the consent form, we will send you a \$10 gift card as a token of appreciation for your continued interest in our study.
