## National Cancer Institute

U.S. National Institutes of Health | www.cancer.gov

Introduction

The National Cancer Institute and the [COOPERATIVE GROUP NAME] Cooperative Group would like your opinions about [TRIAL NAME] ([TRIAL TITLE]).

We are soliciting feedback from clinical oncology researchers to learn your interest in this trial and any potential issues you foresee with respect to <u>opening and accruing</u> to the trial should it be approved.

CTEP has developed a **brief online survey** to quickly and easily gather your comments **anonymously**. The PDF attachment to your email invitation provides background and the proposed trial's design and key questions. Please review this brief document before completing the survey.

Thank you for your help with this important survey. Your feedback will help NICI determine if this trial should be approved and developed! To begin the survey, click the "Next" button below.

# Privacy Statement and Consent

Your participation in this survey is completely voluntary. Your participation in the survey is anonymous and your responses cannot be linked or associated with you.

You may skip any questions that you prefer not to answer. You are also free to stop participating at any point during the survey and have your responses deleted by clicking the "Opt out of survey" box at the bottom of each survey page.

This brief survey should only require approximately 5 minutes of your time.

Please click the "Next" button if you consent to taking this survey.
