Alumni Survey - 1 Year Later

Form:

Alumni Self Evaluation 1 Year Later

Graduate Medical Education Alumni Survey (OMB # 0925-0602; expires 3/31/2016)

Please take a few minutes to complete the survey below, which will ask about your current work experience and other accomplishments. It will also invite you to retrospectively evaluate your training program and serve, if you are agreeable, to be a resource or advisor to current and future trainees in your program.

Through this survey, the NIH Graduate Medical Education Program is collaborating with your program to (a) identify opportunities that will enhance the clinical research training we provide our residents and fellows and (b) stay better connected with you and the other graduates of our clinical training programs.

Please note that the information you share with us will only be accessible to authorized GME staff. When reported external to the GME office as part of our quality improvement process, all feedback will be anonymous and reported in the aggregate.

Thank you for helping us to improve and stay connected.

**If you are accessing this survey at the NIH or another Federal institution, Network restrictions may prevent you from copying and pasting text directly from Office documents into this survey via Microsoft Internet Explorer. Please use Google Chrome or Mozilla Firefox as alternatives to enable copy and paste functions.

Burden Disclosure Statement: Public reporting burden for this collection of information is estimated to average 20 minutes per survey, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0602). Do not return the completed form to this address.

### Section 4 of 5: Training Experience

# What is the overall degree of impact your NIH training program has had on your professional career? (Question 27 of 38)

N/A	No Impact	Little Impact	Some Impact	Much Impact	Considerable Impact
0	1	2	3	4	5

#### (Question 28 of 38 - Mandatory)

What degree of impact did your training program have on your ability to:	No Impact	Little Impact	Some Impact	Much Impact	Considerable Impact
Successfully complete your Board Exam(s)	1.0	2.0	3.0	4.0	5.0
Perform typical procedures for specialty	1.0	2.0	3.0	4.0	5.0
Perform successfully in an academic or research setting	1.0	2.0	3.0	4.0	5.0
Perform successfully in a non-academic or non-research setting	1.0	2.0	3.0	4.0	5.0
Teach (medical students, residents, fellows, and/or patients)	1.0	2.0	3.0	4.0	5.0
Compete successfully for grants	1.0	2.0	3.0	4.0	5.0
Compete successfully for desired professional opportunities	1.0	2.0	3.0	4.0	5.0
Work well with other members of a healthcare team	1.0	2.0	3.0	4.0	5.0
Manage and lead others	1.0	2.0	3.0	4.0	5.0
Stay current in specialty	1.0	2.0	3.0	4.0	5.0
Network with other key individuals in field	1.0	2.0	3.0	4.0	5.0
Achieve work-life balance	1.0	2.0	3.0	4.0	5.0
Become a life-long learner	1.0	2.0	3.0	4.0	5.0
Be knowledgeable of established and evolving biomedical, clinical, epidemiological and social-behavioral sciences, when applying this knowledge to patient care (Medical Knowledge)	1.0	2.0	3.0	4.0	5.0
Provide patient care that is compassionate, appropriate, and effective for the treatment of health problems and the promotion of health (Patient Care)	1.0	2.0 '	3.0	4.0	5.0
Effectively exchange information and collaborate with patients, their families, and health professionals (Interpersonal & Communication Skills)	1.0	2.0	3.0	4.0	5,0
Carry out professional responsibilities and demonstrate an adherence to ethical principles (Professionalism & Ethics)	1.0	2.0	3.0	4.0	5.0
Investigate and evaluate one's care to patients, to appraise and assimilate scientific evidence, and to continuously improve patient care based on constant self-evaluation and life-long learning (Practice-based Learning and Improvement)	1.0	2.0	3.0	4.0	5.0
Be aware of and responsive to the larger context and system of healthcare, as well as the ability to call effectively on other resources in the system to provide optimal healthcare (Systems -based Practice)	1.0	2.0	3.0	4.0	5.0

Were you able to find and begin employment (or additional training) of your choice within your specialty/subspecialty upon completing your GME training at NIH? (Question 29 of 38)					
Selection Option Yes No					
Employment/Additional Training: Notes (Question 30 of 38)					
If 'no,' please explain.					
What were the best parts of your GME training at NIH? (Question 31 of 38)					
What was missing from or could be improved about your training program? (Question 32 of 38)					
If you could start your GME training again from the beginning, would you choose NIH for some or all of this training? (Question 33 of 38)					
Selection Option Yes Unlikely Maybe					

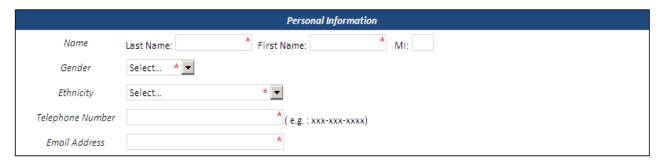

GME Program Selection: Notes	(Question 34 of 38)							
If 'Unlikely' please explain.								
How likely are you to recommend NIH for GME training to prospective research-oriented applicants? (Question 35 of 38 - Mandatory)								
Unlikely	Somewhat Likely	Likely						
The state of the s	2	3						
Likelihood to Recommend NIH  If 'Unlikely' please explain.	GME training: Notes (Question 3	36 of 38)						
Please provide any additional of (Question 37 of 38)	comments about GME or research	training at NIH. (optional)						
Section 5 of 5: Alumni Network								
Would you be willing to serve as a resource for current NIH GME trainees who seek to learn from your professional experiences? (Question 38 of 38 - Mandatory)								
Selection Option   Yes   No								

# NIH-Duke Master's Program in Clinical Research

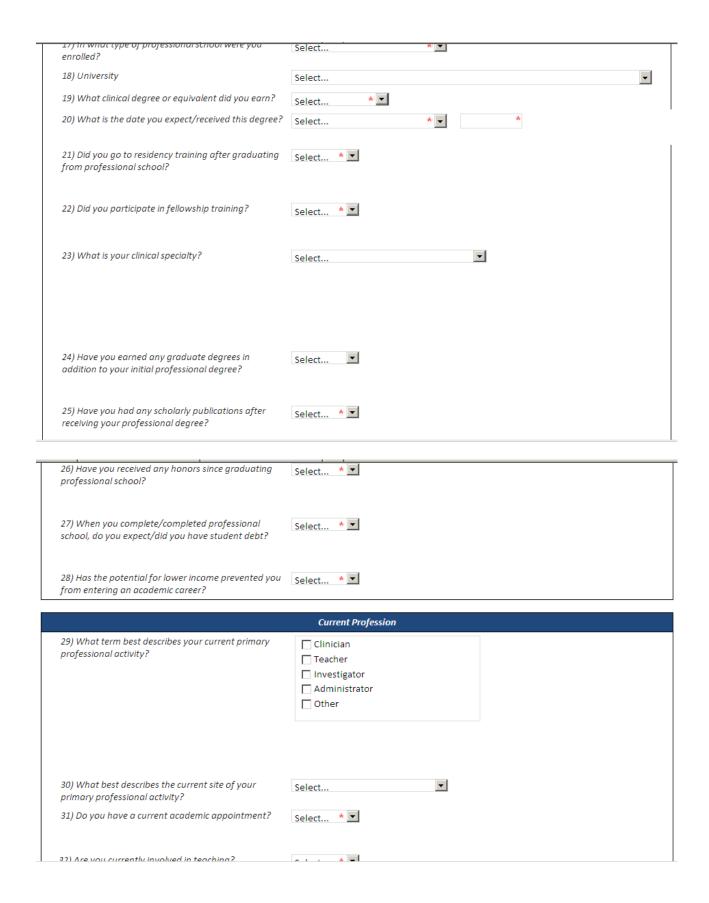

Please take time to complete the survey below. Through this survey, the NIH Clinical Center's Office of Clinical Research Training and Medical Education will (a) identify opportunities that will enhance the research training we provide to medical, dental, and veterinary students, which may be shared with the community through publications, and (b) stay better connected with you and the other graduates of our clinical training programs. Please click here to view the privacy and burden disclosure statements
