

U.S. DEPARTMENT OF EDUCATION
INSTITUTE OF EDUCATION SCIENCES
NATIONAL CENTER FOR EDUCATION STATISTICS

August 20, 2019

Dear Project Director and/or Primary SLDS Contact:

The National Center for Education Statistics (NCES) has initiated a data collection effort to help inform ongoing evaluation and targeted technical assistance efforts to enrich the quality of the Statewide Longitudinal Data System (SLDS) Program's support to States regarding system development, enhancement, and use.

This project is a formalized expansion of the SLDS Program's Interim Progress Report (IPR), which was intended to provide NCES with insight on State and U.S. territory SLDS capacity for automated linking of K-12, teacher, postsecondary, workforce, career and technical education (CTE), adult education, and early childhood data.

To ensure the success of the SLDS Survey, we need your help. Attached to this email, you will find the SLDS Survey and completion instructions. **We will accept completed surveys via email until the deadline of:**

FRIDAY, NOVEMBER 15TH

By providing NCES with information regarding the capacity of your State's SLDS, NCES will be able to provide a publicly-accessible set of metrics and use cases showing data-linking and use capacity by State, which will enable interested users to quickly ascertain which States have capacity to link data across sectors. For example, which States can link K12, postsecondary, and workforce data, and how they are using these data to inform policy and practice. We also will use the data collected from the Survey to respond to questions from internal and external stakeholders regarding SLDS capacity in the States, and to inform future grant rounds and technical assistance planning.

The cooperation of your State is important to the success of this national survey of SLDS capacity. NCES will not sell these data and will notify you when the public metrics and use cases become available. The Survey data will be collected on an annual basis. SLDS system capacity changes frequently (ex. Infrastructure enhancements, evolving P20W agency collaborations, State legislation impacts, etc.), so collecting data less often would make the information too obsolete to be useful for targeted technical assistance planning.

If you have questions about the SLDS Survey, please contact Kristen King at Kristen.king@ed.gov.

Sincerely,

Ross Santy
Associate Commissioner, Administrative Data Division
National Center for Education Statistics
Institute of Education Sciences

**U.S. Department of Education
State-wide Longitudinal Data System (SLDS)
Survey Cover Sheet**

Based on ED 524B OMB No. 1850-0933 Exp. 02/29/2020

Reporting Period From: _____ To: _____

General Information

1. PR/Award#: _____

2. Grantee Name _____

3. Agency Name _____

4. Agency Address _____

City: _____

State: Zip: _____

5. Project Director Name: _____

Title: _____

Phone #: _____ Ext.: _____

Email: _____

6. Respondent Name: _____
(if different from the Project Director)

Title: _____

Phone #: _____ Ext.: _____

Email: _____

7. Stakeholders Consulted to
Complete the SLDS Survey

*If applicable, list stakeholders
and their agencies. For
example, Jane Dean, State
Dept of Secondary Education;
John Mills, State Institute of
Higher Ed; etc.*

8. How many hours did you and others from your or your stakeholders' offices spend on responding to this survey? Your office: _____ hours Other offices: _____ hours

SLDS Survey 2017-2019

OMB No. 1850-0933

Exp. 02/29/2020

The National Center for Education Statistics (NCES), in the U.S. Department of Education's Institute for Education Sciences, is authorized to conduct SLDS by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543).

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850 -0933. The time required to complete this information collection is estimated to average 2 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this collection, or any comments or concerns regarding the status of your individual submission of this form, please write to: Statewide Longitudinal Data Systems (SLDS), National Center for Education Statistics, 550 12th St., SW, 4th floor, Washington, DC 20202.

Instructions:

Please fill out the form below based on the current status of each specified element or capability in your SLDS, not the status of elements or capabilities of systems that are not linked to your SLDS. While we recognize there are various levels of linking, when we use the term “link”, we are referring to an established technology solution that allows for data to be brought together in a replicable and useful way.

If your state has or is in the process of building more than one SLDS (e.g., K12 and P20W), your responses should reflect the cumulative status and attributes encompassing both systems. A P20W system encompasses information across multiple sectors. It is inclusive of not only K12 data, but could include early learning, postsecondary, and/or workforce data. **Therefore, you may have to consult other state agency or department counterparts to complete this survey in its entirety (early learning, postsecondary, workforce, etc.) The data that are collected inform our on-going evaluation and technical assistance efforts, and might be used to assess state needs to guide future grant round agendas.** Thank you for completing this survey with accurate responses.

The feature status options are:

- **Not Planned** - The state is currently not planning to include that element/capability in its SLDS. “Not Planned” should also be marked for items that are not applicable to your state SLDS at this time (legislative prohibitions, “unadopted” interest, etc.);
- **Planned** - The state intends to include this element/capability in its SLDS and has a documented plan and funding source to implement, but implementation work has not begun;
- **In Progress** - The state is currently building or implementing this element/capability as part of its SLDS, but it is not yet fully operational; and
- **Operational** - This element/capability is fully functional and available for its intended users.

Additional Comments:

Definitions:

Adult Education: A program providing basic education and literacy services to adults over the age of 16 who are not currently enrolled in school and lack a high school diploma or the basic skills to function effectively in the workplace and in their daily lives.

Advanced Placement (AP): A curriculum sponsored by the College Board that offers standardized college-level courses and aligned summative assessments to high school students.

Automated Infrastructure: A hands-off technological solution that does not require manual configuration to complete.

Benchmark or interim assessment: An assessment administered throughout the school year that a) evaluates student knowledge and skills relative to a specific set of academic goals, usually within a limited period of time, and b) is designed to give educators immediate, formative feedback on how students are performing and inform decisions at the classroom and school or district level.

Common Education Data Standards (CEDS): The Common Education Data Standards (CEDS) project is a national collaborative effort to develop voluntary, common data standards for a key set of education data elements to streamline the exchange, comparison, and understanding of data within and across P20W institutions and sectors.

Demographics: Characteristics of individual students, including date of birth, gender, race/ethnicity, and disability status.

Diploma/certificate: The credential earned by a completer or graduate, including high school diploma, special education diploma, modified diploma, certificate of attendance, and GED.

Discipline: Information about student infractions of rules, including type of incident, type of disciplinary action, duration of disciplinary action, etc.

EDFacts: EDFacts is a U. S. Department of Education initiative to centralize performance data supplied by K-12 state education agencies (SEAs) with other data assets, such as financial grant information, within the Department to enable better analysis and use in policy development, planning and management.

Highly Qualified (HQ) Status: teacher who meets all of the following criteria: (1) Holds at least a bachelor degree from a four-year institution. (2) Fully certificated or licensed by the state. (3) Demonstrates competence in each core academic subject area in which the teacher teaches.

IDEA (Individuals with Disabilities Education Act): The program in which children ages 3 through 5 attend and in which these children receive special education and related services.

Integrated Postsecondary Education Data System (IPEDS): A system of interrelated surveys conducted annually by the U.S. Department's National Center for Education Statistics (NCES).

Kindergarten entry assessment: An assessment used to determine children's skills and abilities at the time they enter kindergarten. The assessment informs instruction and services in the early elementary grades.

Match process: The protocol or series of steps used to analyze all the information relating to individuals and/or entities from multiple sources of data to determine whether the same individual or entity exists in more than one database. May include use of SSN.

National Student Clearinghouse (NSC): A national repository of postsecondary enrollment data.

Occupation code: Permitted values within the Standard Occupational Classification (SOC) system used by federal statistical agencies

Perkins Career/Technical Education (CTE): The Carl D. Perkins Career and Technical Education Act of 2006 (Perkins CTE) provides federal support for CTE programs in all 50 states, the District of Columbia, and the territories. The law focuses on the academic and technical achievement of CTE students, strengthening the connections between secondary and postsecondary education, and improving accountability.

Pre-K: An early childhood education program serving students before kindergarten.

Program/major: Program/major is defined as the program or major that a student completed when they earned a degree.

Recognized Postsecondary Credential: Credential consisting of an industry-recognized certificate or certification, a certificate of completion of an apprenticeship, a license recognized by the State involved or by the Federal Government, or an associate or baccalaureate degree.

Remediation: Instructional courses designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

Special Education, Part B of IDEA (Section 619): A specially designed instruction provided to preschool children ages 3-5 with disabilities as defined in IDEA.

Student Record Exchange (SRE): A system and process for exchanging electronic versions of students' academic records among education agencies to facilitate the registration, course placement, and provision of services when students transfer.

Summative/end of course assessment: An assessment given at the end of a unit of time (such as a semester or school year) to evaluate students' performance

Trade Adjustment Assistance: Program is a federal entitlement program that assists U.S. workers who have lost or may lose their jobs as a result of foreign trade. This program seeks to provide adversely affected workers with opportunities to obtain the skills, credentials, resources, and support necessary to become reemployed. (DOL).

Unemployment Compensation (UC): The Unemployment Compensation for Federal Employees program provides benefits for eligible unemployed former civilian federal employees.

Unemployment Insurance (UI): The Department of Labor's Unemployment Insurance (UI) programs provide unemployment benefits to eligible workers who become unemployed through no fault of their own, and meet certain other eligibility requirements.

Wagner-Peyser: The Wagner-Peyser Act of 1933 established a nationwide system of public employment offices known as the Employment Service. The system provides universal access to an integrated array of labor exchange services so that workers, job seekers and businesses can find the services they need in one stop and frequently under one roof in easy-to-find locations.

Workforce Investment Act (WIA): WIA reforms federal job training programs and creates a new, comprehensive workforce investment system. The reformed system is intended to be customer-focused, to help Americans access the tools they need to manage their careers through information and high quality services, and to help U.S. companies find skilled workers.
