Dear Sir/Madame:

On behalf of _____**En te r Co m p a n y Na m e Her e**_(_____), I would like to request a c_____**SAMPLE_NAME**_____ code and code documentation. I understand that the conditions for receiving this code are as follows:

1. _____ understands that the above stated code is the result of work sponsored by an agency of the United States Government and recognizes that neither the United States Government nor any agency thereof, nor any of their employees makes any warranty, expressed or implied, or assumes any legal liability or responsibility for any third party's use, or the results of such use, or of any information, product, or process included in or calculated by this code, or represents that the use would not infringe privately-owned rights.

2. All NRC codes distributed under this Non-Disclosure Agreement are to be considered privileged information unless otherwise noted, are protected by NRC and _____ respectively, and shall be treated likewise by the Parties. They are, in particular, subject to all the provisions of this Non-Disclosure Agreement prior to dissemination. The codes are subject to this protection in both object and source forms and as recorded in any media.

3. _____ shall not release this code to any third party, including international offices or affiliates of _____, without obtaining prior written permission from the NRC, and the third party must also obtain in advance written permission from the NRC. Third party includes any office or affiliate of_____that is located in a country different from the mailing address of the signing official for this Non-Disclosure Agreement.

4. Prohibited uses of the code by foreign entities include commercial use in the development of a new reactor design, commercial use in the United States unless performed by its U.S. subsidiary, or undisclosed uses in furtherance of its military.

5. ____shall notify the NRC of any public safety problem as soon as possible which may be uncovered through the use of this code.

6. _____shall communicate any code errors to the NRC.

7. _____shall provide the NRC with any nonproprietary improvements or modifications made to this code.

8. _____ shall provide the NRC with a nonproprietary summary of any proprietary modifications made to this code, including a summary of the impact on representative code calculations.

9. _____ shall identify a modified version of the NRC code with a somewhat different name (e.g., _____**S_A_MP_L_E_NA_ME**-_____ is a -modified version of the **SAMPLE_NAME** code), in any NRC's report or presentation that mentions calculations made with the modified version of the NRC code.

10. _____ is solely responsible for obtaining any assistance needed to implement or use this code.

11. _____ is a foreign entity (defined as an entity where 75 percent or more of the voting interest is owned by non-U.S. citizens).

Yes _____   No _____

12. If_____is a foreign entity, NRC codes and other related analytical techniques covered under this agreement, and any improvements, modifications or updates to such codes or techniques, are for the purpose of reactor and plant systems safety research, radiation protection purposes (RAMP Codes only), and licensing, or for other benefits not related to the study of reactor or materials safety without the prior consent of NRC.

13. For CAMP[1] and CSARP[2] codes that are authorized for company, educational, or institutional use, individuals shall not remove a copy form the workplace, share or loan to others who are not authorized to receive it, and the software is not for the personal use of the employee. For other NRC codes, individuals shall not share or loan a copy of the software to others that are not authorized to use it.

14. In no event shall the U.S. Government, nor any agency thereof, nor any representative thereof, nor_____, nor any representative thereof, be liable for consequential, indirect, incidental, or special damages.

My signature below indicates_____'s acceptance of these conditions and describes the intended uses(s) of the code(s).
