

Make your voice heard!

You will receive the **Survey of Irrigation Organizations** survey in the mail in the next few weeks. Your participation in this survey is important!

United States Department of Agriculture
National Agricultural Statistics Service

The results of this survey will help identify challenges and constraints facing irrigation organizations and assist irrigation organizations in promoting knowledge transfer on water-supply management strategies at the local level.

- Our interviewer will ask you detailed questions about your irrigation schedule and financials. To finish the interview more quickly, please have your records on hand.
- We safeguard the privacy of all respondents. Facts gathered in this survey will be published in aggregate form only, ensuring that no individual operation or producer can be identified, as required by federal law.

Thank you for your participation!

By responding, you give voice to thousands of farmers like yourself across the nation.
