

Cognitive Interviewing Guide: Draft Content for 2021 RHFS

Interviewer notes are in red.

Introduction:

- Explain purpose of meeting: to obtain feedback on reporting to the RHFS, to understand the process of answering questions, and to evaluate how new questions work or don't work.
- Some questions we ask may seem odd and/or obvious, but we don't want to assume we know what you are thinking.
- Explain that we are *not* testing the respondent – we only want to evaluate the questionnaire.
- Structure of meeting: Understand your business and your role in it, then review the questionnaire and ask you questions as you complete it.
- Ask respondent to sign the consent form.

Research Questions to Address:

- Are respondents able to answer the questions as intended?
- Are there any items that cause the respondents problems?
 - What can be done to fix those problems?
- Are there any order/context effects?

Before the Questionnaire:

- IF property management company, what is your role in the company? What kind of responsibilities do you have?
- Are you one of the owners of the rental property or of the business that owns the rental property?
- Have you completed other surveys from the Census Bureau or other agencies? If so, which ones?
- What was your role in the process for responding to this questionnaire? (*Gather data? Enter data? Consult with data providers? Etc.*)

Thanks for providing some background information. Now let's look at the survey questions.
