

PURPOSE

The U.S. Census Bureau is conducting a short study in partnership with RTI International, a not-for-profit research organization. The Census Bureau routinely conducts research on how to collect information in order to produce the best statistics possible. You are invited to take part in this study, which seeks to help the Census Bureau improve survey questions about the impact of the Coronavirus pandemic on your company's capital expenditure investments. If you agree to participate, you will be asked to complete a few survey questions about the pandemic's impacts on your company and discuss how you answer these questions during a confidential interview.

AUTHORITY AND CONFIDENTIALITY

This survey is conducted by the Census Bureau under the authority of Title 13 U.S. Code (U.S.C.), Sections 131 and 182. Section 9 of Title 13 U.S.C. ensures the confidentiality of data reported by private companies. Routine uses of these data are limited to those identified in the Privacy Act System of Record Notice titled "COMMERCE/CENSUS-4, Economic Survey Collection." The Census Bureau can use your responses only to produce statistics, and is not permitted to publicly release your responses in a way that could identify you, your business, organization, or institution. Additionally, per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data.

This study has been approved by the Office of Management and Budget (OMB). This eight-digit OMB number, 0607-0725, confirms this approval and expires on 12/31/2022. Without this approval, we could not conduct this study.
