

Federal Deposit Insurance Corporation Small Business Lending Survey 2022 Draft Instrument

Screeners

Screener1. For calendar year 2021, do the core data systems of your bank have the ability to retrieve the number and dollar volume of new loan originations and renewals, by purpose (e.g. Commercial & Industrial (C&I), Commercial Real Estate (CRE), or Consumer), separately from collateral? N/Y

Screener2.¹ For calendar year 2021, do the core data systems of your bank have the ability to retrieve the number and dollar volume of new loan originations and renewals, by specific loan products that your bank offers (e.g. a credit card product, products that use automated or algorithm-based decision-making, or a Small Business Administration loan product)? N/Y

Screener3. For calendar year 2021, do the core data systems of your bank have the ability to retrieve the number and dollar volume of new loan originations and renewals for your bank's C&I lending, made to firms with \$1 million or less in gross annual revenue? N/Y

Screener4. For calendar year 2021, do the core data systems of your bank have the ability to retrieve the number and dollar volume of new loan originations and renewals for your bank's C&I lending, by firm gross annual revenue, for any sized firm? N/Y

Screener5. As of Call Report date _____, do the core data systems of your bank have the ability to retrieve the number and dollar volume of outstanding loan balances for your bank's C&I lending, made to firms with \$1 million or less in gross annual revenue? N/Y

Screener6. As of Call Report date _____, do the core data systems of your bank have the ability to retrieve the number and dollar volume of outstanding loan balances for your bank's C&I lending, by firm gross annual revenue, for any sized firm? N/Y

Screener7. Does your bank have multiple divisions that independently make originations to small business borrowers such that the characteristics of the borrower (e.g. firm size), loan (e.g. loan size), or other features (e.g. product type) determine which division handles the processing? N/Y

I. Underwriting and Loan Processes

As you complete this section of the survey on behalf of your bank, please keep this definition of commercial and industrial (C&I) loans in mind as you answer questions.

¹ TESTING PROBE: Do we need to provide a screener for each specific loan product type?

For the purposes of this survey, commercial and industrial loans are loans to fund C&I activity, regardless of the collateral used to secure the loan. Specifically, please ...

Include:

- *Unsecured loans for C&I purposes*
- *Loans for C&I purposes, primarily secured by commercial real estate, including both owner-occupied and non-owner occupied CRE*
- *Loans for C&I purposes, primarily secured by multi-family residential properties*
- *Loans for C&I purposes, primarily secured by 1-4 family residential properties*
- *Loans for C&I purposes, primarily secured by non-real estate assets (e.g. secured by inventory)*

Exclude:

- *Loans for the improvement, purchase, or refinancing of commercial real estate, including both owner-occupied and non-owner-occupied*
- *Loans for the improvement, purchase, or refinancing of multi-family real estate*
- *Loans for the purchase of 1-4 family residential properties by investors*
- *All agricultural loans*

[If Screener7=Y, add: Since your bank has multiple divisions that engage in small business C&I lending activity, please consider the division within your bank that generates the largest volume of C&I lending to businesses your bank considers small, outside of credit card-only divisions, when answering this section.]

In general, please answer these questions in relation to C&I activity outside of credit card originations.

A. Small Business Lending at Your Bank

IA.1 Do you consider your bank to be a small business C&I lender? This means small business C&I loans are currently an active portion of your bank's loan portfolio. N/Y [NEW]

IA.2 Think about all of the loans made by your bank for C&I purposes in calendar year 2021. Were largely all of these loans made to borrowers that your bank considers to be small businesses? (Please use your bank's own internal definition of a small business borrower.) N/Y [Q2]

IA.3² For calendar year 2021, generally speaking, what percent of your bank's total C&I portfolio's new origination loan dollars would you say was extended to borrowers that your bank considers to be small businesses? (Please use your bank's own internal definition of a small business borrower; mark only one) [Q2 variant]

- a. *0 to 20 percent*
- b. *Greater than 20 percent to 40 percent*
- c. *Greater than 40 percent to 60 percent*
- d. *Greater than 60 percent to 80 percent*

² TESTING PROBE: Is IA.3 answerable by most respondents? If so, is IA.2 necessary?

e. Greater than 80 percent to 100 percent

IA.4 In your own words, describe what you consider to be the characteristics of a bank that is a "relationship" small business lender? _____ [NEW]

IA.5 Excluding credit card products, does your bank offer standardized loan products designed specifically for small businesses that primarily use automated or algorithm-based decision-making? N/Y [Q5]

IA.6 Below what age (in years) would a small business be considered a startup by your bank? _____ [Q21A]

IA.7 Does your bank make C&I loans to startups? N/Y [Q21C]

B. Underwriting of Small Business Loans

In this subsection, we will be asking you questions about how your bank underwrites loans to small businesses. Please answer questions to reflect your bank's own policies, rather than those of any government-sponsored programs that your bank may participate in.

In calendar year 2021, did your bank offer any of the following general C&I loan product types to potential borrowers that your bank considers to be small businesses, and if so, what was the highest loan volume product, including both originations and renewals? [Q19]

C&I C&I Loan Product Types (a)	IB.1 That My Bank Offered to Small Businesses in Calendar Year 2021 (b)	IB.2 My Bank's Top 3 Loan Products to Small Businesses in 2021, by Dollar Volume of Approved Credit (1=Highest Volume) (c)

C. Loan Approval Process

In this subsection, we hope to learn more about the loan approval process at your bank, including the length of time to loan approval, the staff who make the approval decision, and where these decision-makers are located. [\[NEW SUBSECTION\]](#)

[If option a not ranked #1 in IB.2] These questions are asking about your bank's loan approval process for [insert highest ranking loan product from IB.2] as it relates to loans to small businesses for C&I purposes.

[If option a ranked #1 in IB.2] These questions are asking about your bank's loan approval process for [insert second highest ranking loan product from IB.2 unless only one product was listed] as it relates to loans to small businesses for C&I purposes.

[Programmer's Note: Repeat the above sentence on each page of the survey web interface for this subsection]

Think about the typical turnaround time at your bank for an approved loan application for this product, from the time of submission of a completed application to the final credit decision (before funding). In your opinion, what is the typical turnaround time in weeks for an approved application for:

*IC.1 **First-time borrowers with your bank that are established small businesses?** ____ Weeks [\[NEW\]](#)

*IC.2 **Repeat borrowers with your bank that are established small businesses?** ____ Weeks [\[NEW\]](#)

*IC.3 *[If IA.7=Y]* **First-time borrowers with your bank that are startups, or new small businesses?** ____ Weeks [\[NEW\]](#)

Consider how loan decisions for small business borrowers are made at your bank. For this product, think about the **lowest** number of levels of approval possible before a loan is granted. (These levels may include computer algorithms, individuals such as loan officers or executives, and loan committees.) What is the minimum number of levels of approval required before a final approved loan decision is made for a complete application for:

*IC.4 **First-time borrowers with your bank that are established small businesses?** ____ Levels [\[NEW\]](#)

*IC.5 **Repeat borrowers with your bank that are established small businesses?** ____ Levels [\[NEW\]](#)

*IC.6 [If IA.7=Y] **First-time borrowers with your bank that are startups, or new small businesses?** _____
Levels [NEW]

Consider how loan decisions for small business borrowers are made at your bank. For this product, think about the **highest** number of levels of approval possible before a loan is granted (These levels may include computer algorithms, individuals such as loan officers or executives, and loan committees.) What is the maximum number of levels of approval that a loan application could possibly experience before a final approved loan decision is made for a complete application for:

*IC.7 **First-time borrowers with your bank that are established small businesses?** _____ Levels [NEW]

*IC.8 **Repeat borrowers with your bank that are established small businesses?** _____ Levels [NEW]

*IC.9 [If IA.7=Y] **First-time with your bank that are startups, or new small businesses?** _____ Levels [NEW]

Consider how loan decisions for small business borrowers are made at your bank. For this product, what is the **typical** number of levels of approval before a loan is granted? (These levels may include computer algorithms, individuals such as loan officers or executives, and loan committees.) What is the usual number of levels of approval that a loan application generally experiences before a final approved loan decision is made for a complete application for:

*IC.10 [If IC.4 NE IC.7] **First-time borrowers with your bank that are established small businesses?** _____ Levels [NEW] [Programmer’s Note: Must be greater than or equal to IC.4 and less than or equal to IC.7]

*IC.11 [If IC.5 NE IC.8] **Repeat borrowers with your bank that are established small businesses?** _____ Levels [NEW] [Programmer’s Note: Must be greater than or equal to IC.5 and less than or equal to IC.8]

*IC.12 [If IA.7=Y and IC.6 NE IC.9] **First-time borrowers with your bank that are startups, or new small businesses?** _____ Levels [NEW] [Programmer’s Note: Must be greater than or equal to IC.6 and less than or equal to IC.9]

Thinking about a **first-time borrower who is an established small business**, consider the full loan approval process for a typical complete loan application for this product. Please answer the following questions for each possible level of approval that such a typical application could potentially undergo depending on the size of the loan, its complexity, and any other factors.

Questions on Aspects of This...	[Programmer’s Note: Provide number of slots based on answer given in IC.7] Level of Approval					
	1	2	3	4	5	...
IC.13 Who or what entity conducts this level of approval? (Mark only one) [NEW]	a. Computer algorithm b. Loan officer c. Senior or supervising loan officer d. Loan committee e. Executive f. Other _____					

<p>IC.14 [If IC.13 not = a] What best describes the geographical purview of this level of approval? By “geographical purview,” we mean how broad is a typical physical area covered by a single person or entity at this level. (Mark only one) [NEW]</p>	<p>a. Loans originated at a single branch b. Loans originated at multiple branches located in the same county or MSA c. Loans originated at branches in multiple counties within the same state d. Loans originated at branches in multiple states within a region e. Loans originated at branches located nationwide f. Other _____</p>
<p>IC.15 Does this level of approval typically have signature authority for loans below a certain size? By “signature authority,” we mean that this level may authorize a loan without being subject to higher levels of approval. [NEW]</p>	<p>N/Y</p>
<p>IC.16⁴ [if IC.15=Y] What is the typical signature authority loan amount for this level of approval? [NEW]</p>	<p>\$ _____</p>
<p>IC.17 What other than loan size might trigger the participation of an additional level of approval? (Mark all that apply) [NEW]</p>	<p>a. Business in an unfamiliar sector or region b. Business size (number of employees) c. Business size (revenue) d. Complexity of loan e. Prior relationship with borrower f. Weaknesses of the borrower g. Other _____</p>
<p>IC.18 For any loans where this level does NOT have final approval authority, typically how influential are their recommendations to decision-makers at higher levels of approval? (Mark only one) [NEW]</p>	<p>a. This is the highest level of approval b. Not very influential c. Somewhat influential d. Very influential</p>

4

TESTING PROBE: Is this phrasing confusing? Do we need to define “signature authority” again, or is IC.15 sufficient?

D. Financial Technology (“FinTech”)

We would now like to ask you a few question about your bank’s usage and development of financial technology or “FinTech” and your bank’s interactions with FinTech firms, both in connection with small business lending. By “FinTech,” we mean new business processes that use recent technological innovations to alter or improve how financial services are conducted. This includes, but is not limited to, artificial intelligence and machine learning, automation, large data analysis, and mobile payments and other mobile or internet-based applications. By “FinTech firms,” we mean firms that specialize in using FinTech, including both firms that lend or otherwise interact directly with businesses and consumers and firms that provide or sell FinTech to other financial institutions. Please base your answers on any C&I loan product offered by your bank to small businesses where you use or are considering using FinTech. [\[NEW SUBSECTION\]](#)

At what level of involvement is your bank in using FinTech for each stage of the small business C&I loan process? Include usage or planned usage of both in-house technology or through interactions with outside FinTech providers. (Mark only one level of activity per loan process stage)

II. Markets, Competition, and Loan Demand

As you complete this section of the survey on behalf of your bank, please keep this definition of commercial and industrial (C&I) loans in mind as you answer questions.⁵

For the purposes of this survey, commercial and industrial loans are loans to fund C&I activity, regardless of the collateral used to secure the loan. Specifically, please ...

Include:

- *Unsecured loans for C&I purposes*
- *Loans for C&I purposes, primarily secured by commercial real estate, including both owner-occupied and non-owner occupied CRE*
- *Loans for C&I purposes, primarily secured by multi-family residential properties*
- *Loans for C&I purposes, primarily secured by 1-4 family residential properties*
- *Loans for C&I purposes, primarily secured by non-real estate assets (e.g. secured by inventory)*

Exclude:

- *Loans for the improvement, purchase, or refinancing of commercial real estate, including both owner-occupied and non-owner-occupied*
- *Loans for the improvement, purchase, or refinancing of multi-family real estate*
- *Loans for the purchase of 1-4 family residential properties by investors*
- *All agricultural loans*

[[If Screener7=Y, add:] Since your bank has multiple divisions that engage in small business C&I lending activity, when answering these questions please consider the division within your bank that generates the largest volume of C&I lending to businesses your bank considers small, outside of credit card only divisions.]

In general, please answer these questions in relation to C&I activity outside of credit card originations.

A. Small Business Lending Markets & Practices

. In this subsection, we hope to learn more about your bank's geographic market for loans to small businesses, and the practices that your bank uses within this market to generate and maintain small business C&I lending relationships. By "geographic market", we mean the physical area or areas where your small business borrowing customers are generally located.

IIA.1⁶ Generally speaking, how far in miles from your physical branches does your geographic market for small business C&I lending extend? _____ Miles [NEW]

⁵ TESTING PROBE: Is this box necessary for this section?

⁶ TESTING PROBES: 1. Which of the three options best generates the answer we want of identifying actual geographic small business lending markets? 2. Should the buckets for Options 2 and 3 be more aggregated?

Option 2

IIA.1 Generally speaking, how far in miles from your physical branches does your geographic market for small business C&I lending extend? (Mark only one)

- a. *Less than 1 mile*
- b. *1 to less than 2 miles*
- c. *2 miles to less than 3 miles*
- d. *3 miles to less than 5 miles*
- e. *5 miles to less than 7 miles*
- f. *7 miles to less than 10 miles*
- g. *10 or more miles*

Option 3

IIA.1 Generally speaking, how far in miles from your physical branches would a business’s primary location have to be to no longer be considered a target customer for small business C&I lending? (Mark only one)

- a. *Less than 1 mile*
- b. *1 to less than 2 miles*
- c. *2 miles to less than 3 miles*
- d. *3 miles to less than 5 miles*
- e. *5 miles to less than 7 miles*
- f. *7 miles to less than 10 miles*
- g. *10 miles to less than 20 miles*
- h. *20 or more miles*

IIA.2 Generally speaking, to what degree would you agree that this is a reason why your bank’s geographic market to small businesses is within the approximate distance that you chose for your bank?
