3. POLICY

It is DoD policy that the ASVAB is the only aptitude test battery authorized for determining enlistment eligibility. The following policies apply to the use of the ASVAB in the DoD military personnel accession testing programs:

3.1. DoD Enlistment Testing Program

3.1.1. The purpose of the DoD Enlistment Testing Program is to provide an applicant's sponsoring recruiting Military Service with aptitude test results. The sponsoring recruiting Military Service shall then determine the applicant's eligibility for enlistment.

3.1.2. Except as provided for in subparagraph 3.4.3., enlistment tests shall be administered by the USMEPCOM or by other organizations designated by the Secretary of the Army, as the DoD Executive Agent for the USMEPCOM. The ASVAB shall be administered at Military Entrance Processing Stations (MEPSs) and at Mobile Examining Team (MET) sites assigned to the MEPSs.

3.2.3. Each applicant must sign a copy of the current Enlistment Testing Program Privacy Act Statement before taking the test. Applicants refusing to sign the agreement shall be excused from the testing sessions.

3.1.4. To ensure the integrity of ASVAB test scores, coaching performance on the ASVAB by the Military Services is prohibited; however, basic skills development is permitted with approval by the USD(P&R).

3.1.5. Except as provided for in subparagraph 3.4.4., all non prior Military Service applicants shall be tested by the USMEPCOM unless:

3.1.5.1. They have valid ASVAB scores received as a result of being tested in the DoD Student Testing Program; or

3.1.5.2. They have taken the enlistment test within the previous 2-year period and possess valid test scores.

3.1.6. Enlistment eligibility established by the test shall be valid for a period not to exceed 2 years from the date of test administration. If an individual takes the test more than once, the last full set of valid test scores are the scores of record. Only scores of record can be used for enlistment processing purposes.

3.1.7. Voluntary enlistment retesting is authorized 1 month after the first test, 1 month after the first retest, and at 6-month intervals thereafter.

3.1.8. The USMEPCOM shall administer specialized tests as required by the Military Services and approved by the USD(P&R).

3.1.9. Requests for applicant test scores shall be reviewed and approved by the Office of the Deputy Under Secretary of Defense (Military Personnel Policy) (ODUSD(MPP)), under the USD(P&R), except for test score data routinely provided to applicants, the Military Services, and the DMDC.

3.2. DoD Student Testing Program

3.2.1. The purposes of the DoD Student Testing Program are to:

3.2.1.1. Provide the Military Services with access to the high school market and recruiters with prequalified recruiting leads.

3.2.1.2. Provide a public service for U.S. youth with the offer of a career exploration program, free of charge, to secondary and post-secondary schools, when a school permits ASVAB testing.

3.2.2. The student ASVAB shall be offered primarily to high school juniors and seniors, and post-secondary school students; however, high school sophomores are also eligible to take the test. The ASVAB shall not be administered to students below the tenth grade.

3.2.3. Coaching performance on the ASVAB is prohibited (see subparagraph 3.1.1.).

3.2.4. Students enrolled in high schools shall:

3.2.4.1. Be encouraged by recruiters to stay in school and graduate.

3.2.4.2. Not be accepted for active duty enlistment without prior notice to the school.

3.2.4.3. Be required to provide parental or guardian consent, unless they provide proof of emancipation, if they enlist before 18 years of age.

3.2.5. School officials shall be provided:

3.2.5.1. Information on the value of the ASVAB as a measure of vocational aptitude.

3.2.5.2. Student test scores and school summary data.

3.2.5.3. Publications that assist counselors and students to understand the test results and use the results to explore the civilian and military worlds of work. School personnel shall be required to select the recruiting release option for their students.

3.2.6. Requests for student test scores shall be reviewed and approved by the ODUSD(MPP), except for test score data routinely provided to students, schools, the Military Services, and the DMDC.

3.2.7. The Inter-Service Recruitment Committees (IRCs) shall develop program goals and plan contacts with school authorities for soliciting their participation in the DoD Student Testing Program or allowing military career program presentations. The assignment of schools and/or areas to individual Military Services for promotion and scheduling of the DoD Student Testing Program shall be in the same proportion as the Military Services' current fiscal year non prior Military Service enlistment projections, or as agreed to by a local IRC.

3.2.8. Each student must sign a copy of the current Student Testing Program Privacy Act Statement before taking the test. Students refusing to sign the agreement shall be excused from the testing sessions.

3.2.9. Schools shall be encouraged to inform students of career opportunities available in the Military Services.

3.2.10. The ASVAB shall be administered in schools by USMEPCOM personnel or personnel authorized by the Headquarters (HQ), Department of the Army. Military recruiting personnel may not administer, distribute, or collect tests or test answer sheets. Schools shall be encouraged to provide proctors during ASVAB testing. Recruiting personnel, with the local MEPS commander's authorization, may also proctor test sessions. However, in each room where recruiters are used as proctors, a USMEPCOM-authorized test administrator must be present. The HQ, USMEPCOM, may, as an exception to policy, grant approval for recruiter assistance in administering large student testing sessions.

3.2.11. Based on the recruiter release option selected by each school, the USMEPCOM shall concurrently provide the Military Services with aptitude scores for the juniors, seniors, and post-secondary students tested.

3.2.12. Applicants with current (within 2 years of testing date) student ASVAB qualifying scores shall not be required to retest for enlistment; however, those holding valid scores may voluntarily retest at a MEPS or MET site if allowable under retest policies. Applicants may be required to take additional special tests required to determine eligibility for training and assignment opportunities.

3.2.13. Each Recruiting Service shall establish its own goals for the DoD Student Testing Program and provide this information to the HQ, USMEPCOM. The achievement of these goals is a Military Service responsibility.

3.2.14. The Reserve components of the Military Services shall be encouraged to participate in the administration of the DoD Student Testing Program.

3.3.1. The primary purpose of the DoD In-Service Testing Program is to provide aptitude tests to the Military Services for use in retesting Service members.

3.3.2. The Manpower Accession Policy Working Group shall provide the Military Services with a minimum of two forms of the Armed Forces Classification Test (AFCT) for use in Service-specific retesting programs.

3.3.3. To ensure ASVAB security, only Service-designated test control officers, test administrators, and test examiners shall handle AFCT materials.

3.3.4. The Military Services shall be responsible for printing and reprinting all In-Service testing materials.

3.4. DoD Overseas Testing Program

3.4.1. The purpose of the DoD Overseas Testing Program is to provide an opportunity to test military applicants and Department of Defense Dependents Schools' (DoDDS) students overseas with the ASVAB, provide the Military Services with prequalified recruiting leads, and provide the DoDDS with a testing program that is useful for career guidance and counseling purposes.

3.4.2. The Military Services are responsible for operation of the overseas testing program, except for U.S. Territories, which are the responsibility of the USMEPCOM.

3.4.3. To ensure ASVAB security, only Service-designated, overseas test control officers, test administrators, and test examiners shall handle ASVAB test materials.

3.4.4. The Military Services are responsible for testing applicants and DoDDS students and for sending testing and enlistment processing documents to the USMEPCOM for entry into the DoD computerized student and applicant databases.

3.4.5. In overseas student ASVAB sessions, military recruiters have responsibility for coordinating, scheduling, and providing proctor support, in conjunction with the school. Military recruiters shall not handle, distribute, or collect test materials.

3.4.6. Coaching performance on the ASVAB is prohibited (see subparagraph 3.1.1.).

3.4.7. Upon receipt of appropriate student test session materials from overseas testing personnel, the USMEPCOM is responsible for scoring the tests and forwarding the ASVAB results and/or products to the DoDDS; scores also shall be provided to the Military Services.

3.4.8. The USMEPCOM is responsible for providing training, as required, to overseas Military Service test administration personnel, recruiters, and DoDDS guidance counselors.

3.4.9. The USMEPCOM is responsible for reporting overseas test scores and accession data, and documenting problems, when identified, to the ODUSD(MPP) and the Military Services.

The Group's membership shall consist of representatives of the ODUSD(MPP), the OASD(RA), Service-testing policy staff officers, scientists representing each of the Military Service personnel research activities, representatives of the DMDC, and representatives of the USMEPCOM. The Chair may request representation from other organizations to address specific agenda items. The Group's responsibilities shall be to resolve ongoing problems in military personnel selection and classification research and ASVAB development, implementation, and maintenance. It will also review all DoD Student Testing Program publications before submission to the USD(P&R) for approval and subsequent printing and distribution. While the Group shall be a joint activity, its members shall represent the positions of, and be responsible to, their individual Military Service or Agency. In this manner, the specific interests of each Military Service and the USMEPCOM can be discussed and considered. The Group shall meet quarterly or when called by the Chair.
