

IPPCR Final Course Evaluation - V2

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, reviewing and collecting the data, and reviewing and completing the review collection of information. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Service, Paperwork Project (0190-4388), Washington, DC 20503-2977.

Please rate each statement below:

- As a result of my participation in this course, I can factor with the basic epidemiological methods involved in clinical research.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- As a result of my participation in this course, I can factor with basic statistical methods involved in clinical research.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- As a result of my participation in this course, I can also discuss the principles involved in the ethics of clinical research, the legal issues involved in clinical research, and the regulations involved in human subjects research, including the role of ethics in clinical research.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- As a result of my participation in this course, I can factor with the principles and issues relating to patient-oriented research.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- As a result of my participation in this course, I can factor with the principles and issues relating to data management.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- As a result of my participation in this course, I can also discuss the selection criteria for performing clinical research and understand the steps involved in developing and funding research studies.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The organization of the lecture was useful to me.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The material covered in the lecture was useful to me.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The overall quality of the lecture process was an asset to the program.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- Participation in this activity enhanced my professional effectiveness.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The discussion was useful to me.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The educational objectives were useful to me.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The content was useful to me.
 - None or not at all
 - Very little
 - Moderately
 - Considerably
 - Completely
- The technical level of the course was:
 - Appropriate
 - Too high
 - Too low
- The pace of the course was:
 - Appropriate
 - Too fast
 - Too slow
- The length of the course was:
 - Appropriate
 - Too short
 - Too long
- Did you perceive any commercial bias?
 - Yes
 - No

 This document was prepared by following the template for the current NHS National Evidence Based, all resources currently open and have been reviewed by NHS researchers and the NHS and a number of current NHS and Nuffield Institute for Health staff were consulted for their views on the content. The content was reviewed and approved by the NHS and a number of current NHS and Nuffield Institute for Health staff were consulted for their views on the content. The content was reviewed and approved by the NHS and a number of current NHS and Nuffield Institute for Health staff were consulted for their views on the content.

Comments and Feedback:

- What were the major strengths of the course?
- What were the weaknesses?
- Are there more topics you would like to have covered in this course?
- What was your overall impression of the faculty in terms of teaching ability, depth of topic coverage and general knowledge of the subjects we have covered? (Be specific.)
- Do you have additional comments to enhance the utility or impact of this course?
