

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0960-0788)

TITLE OF INFORMATION COLLECTION: Interviews to Collect Customer Feedback Regarding SSA’s Earnings Submission Process.

DESCRIPTION OF ACTIVITY:

Background: The Social Security Administration’s (SSA) Information Technology Modernization (ITMOD) Earnings Domain wants to gather in-depth customer input from employers/third-parties who submit earnings reports on paper. This activity will serve to supply the earnings domain with a detailed information critical to providing electronic filing services that meet the needs of this customer base.

Objectives: The ITMOD Earnings Domain is responsible for transforming the business processes and systems used to process earnings information. Expanding electronic filing is key to this transformation.

The earnings domain is seeking to gather valuable insight as to why employers and third parties choose to file on paper rather than use our electronic services. This insight will be used to improve our processes and systems so that more choose to utilize our electronic services.

Methodology: We will solicit a portion of our paper filers selected from data on paper filers from WBDQC’s databases and the Employer Information File. SSA will send a solicitation to a sample of this customer base. The User Experience Group will contact a sample of respondents for one-on-one interviews.
