

Dear Employer,

Welcome to the Occupational Employment Statistics (OES) data collection website. The OES program collects data from a sample of all nonfarm establishments in all 50 States, the District of Columbia, Puerto Rico, the US Virgin Islands, and Guam. The data are used to calculate employment and wage estimates annually for over 800 occupations. These estimates are available for the nation as a whole, for individual States, and for metropolitan and non-metropolitan areas, as well as for specific industries.

Data are collected by the State Workforce Agencies in cooperation with the Bureau of Labor Statistics, US Department of Labor. For assistance, please [contact your state agency](#) or email oes.helpdesk@bls.gov.

Before you get started

To save time and prevent the system from logging you out, we recommend you prepare your data now. Many companies find it easiest to upload a file, while others prefer to enter their data manually.

Please see our instructions, including file examples, on our [respondent page](#). We also have an [Excel template](#) available.
