§ 133.61 Donations of intellectual property rights technology and related support services.

(a) *Scope.* The Commissioner of U.S. Customs and Border Protection (CBP) is authorized to accept donations of hardware, software, equipment, and similar technologies, as well as related support services and training, from private sector entities, for the purpose of assisting CBP in enforcing intellectual property rights. Such acceptance must be consistent with the conditions set forth in this section and section 308(d) of the Trade Facilitation and Trade Enforcement Act of 2015 (19 U.S.C. 4301 note), as well as either section 482 of the Homeland Security Act of 2002, as amended by section 2 of the Cross-Border Trade Enhancement Act of 2016 (6 U.S.C. 301a), or section 507 of the Department of Homeland Security Appropriations Act of 2004 (Pub. L. 108-90). However, this section does not apply to merchandise provided to CBP as samples, *e.g.*, as referenced in §§ 151.10 and 177.2 of this chapter.

(b) *Donation offer.* A donation offer must be submitted to CBP either via email, to dap@cbp.dhs.gov, or mailed to the attention of the Executive Assistant Commissioner, Office of Field Operations, or his/her designee. The donation offer must describe the proposed donation in sufficient detail to enable CBP to determine its compatibility with existing CBP technologies, networks, and facilities (*e.g.* operating system or similar requirements, power supply requirements, item size and weight, *etc.*). The donation offer must also include information pertaining to the donation's scope, purpose, expected benefits, intended use, costs, and attached conditions, as applicable, that is sufficient to enable CBP to evaluate the donation

(c) *Agreement to accept donation.* If CBP accepts a donation of hardware, software, equipment, technologies, or related support services and training, for the purpose of enforcing intellectual property rights, CBP will enter into a signed, written agreement with an authorized representative of the donor. The agreement must contain all applicable terms and conditions of the donation. An agreement to accept a donation must provide that the hardware, software, equipment, technologies, or related support services and training are offered without the expectation of payment, and that the donor expressly waives any future claims, except those expressly reserved in the agreement, against the government related to the donation.
