

FEMA Form 008-0-25, FEMA Citizen Responder Programs Registration

LOCATION	CURRENT TEXT	REVISED TEXT
Front page	Name: Citizen Corps Council Registration	FEMA Citizen Responder Programs Registration
		(name changed to focus more on what is collected and less focus on programs whether it is Citizen Corps or CERT— focus is on Citizen Responders.)
Page 1	Add Council contact information	Ability to choose CERT or Citizen Corps Council, and then separate entry screens for both.
Page 1-2	Council POC information	Moved to farther in program, approximate screen 4, ability to set up CERT or Citizen Corps program profile. Contact information requested is unchanged, although now with an option to add tribal name if applicable and more clearly designate a Point of contact. Same basic contact information requested like Name, Title, Organization, Street Address, City, State, Zip, phone number Fax and email.
Page 5	Council Information asking for POC, Council Contact Infor and Information on Local Sponsoring Organization.	Two separate screens for council or CERT information and a more streamlined entry process and adding a question about social media site to make questions more current.
9	Questionnaire page meant to inquire regarding focus of type of registering organization with numerous options	Now a landing page called the “Annual Survey asking only about name of respondent, state, sponsoring organization, zip code, name of sponsor POC, and nine options to choose from (including other with a blank that can be filled in for something “other”) instead of the numerous listing from previous form.
		CERT specific questions required only if applicable: new section looking at <ul style="list-style-type: none"> - Program emphasis - Community served - Number of volunteers - Service population - Number of instructors - Professional experience description: open ended - Training options and who can be trained - Whether program offers additional training beyond basic CERT course and type? - Has there been any exercises? - Has program deployed? How many times?
